

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID: Three months, \$1.00; Six months, \$2.00; One year, \$4.00. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or in cents per week. Advertising rates low and liberal. Subscribers will report any and all failures to receive their paper regularly.

# THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C., THURSDAY, JULY 26, 1883. NO. 177

PLEASE NOTICE. We will be glad to receive communications from our friends on any and all subjects of general interest but the name of the writer must always be furnished to the Editor. Communications must be written on one side of the paper. Personalities must be avoided. And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.

The free baths in New York last week were used by 197,441 men and boys and 110,476 women and girls.

"Honest John" Patterson is one of the purchasers of the People's Passenger Railway which was sold in Baltimore last week.

Bishop Williams, of Connecticut, is reported as saying that the Pilgrim Fathers first fell upon their knees and then upon the aborigines.

Justice Field, of the United States Supreme Court, firmly believes that the day is not far distant when the Isthmus of Panama will form the Southern boundary of the United States.

In New York the Western Union Company has doubled the pay of the operators who remained in its service, and offers double pay, during the strike, to deserters from the Brotherhood. There are no deserters, so far.

Boston has 304 electric lights, which cost sixty-five cents apiece each night, and they displace a thousand gas lights, which cost less than six cents each. That is, while each electric lamp costs as much as ten gas lamps, it takes the place of only three.

The Brooklyn Eagle says: A great many of the statements contained in the abstract published by the Sun of Mr. Dorsey's budget have been disputed, but the statement that General Garfield gave Jay Gould a written promise to appoint Stanley Matthews to the bench of the United States Supreme Court is not one of them.

But one bale of cotton received at this port to-day.

The rain fell in torrents for a while last night, and the weather was decidedly cool.

The market this morning was bountifully supplied with vegetables of a fine quality.

The visiting firemen left on the 6.40 train this morning for home, taking with them, we trust, pleasant memories of their visit to Wilmington.

One of the temptin' g sights on South Front street this morning was a large wagon drawn by four mules and filled with watermelons and canteloupes.

It has been proposed that an excursion on the *Passport* be gotten up for the benefit of the striking telegraphists of this city. A good move! Who will start the ball in motion?

Steamboatmen report the Cape Fear as very low. The *Bladen* left here this morning hoping to get to Fayetteville by Sunday, but with the odds considerably against her making the trip in that time with the present low water. She took flats to enable her to lighter over the shoals.

It was stated on the streets that an excursion from Goldsboro would arrive here at 10.30 this forenoon, but it was a mistake, as none came. We are informed by railroad officials, however, that an excursion from Goldsboro and intermediate points will arrive here to-night.

Our thanks are due to the Newbern Silver Cornet Band for a pleasant surprise in the shape of a serenade yesterday afternoon. They discoursed excellent music in first-rate style, and the last piece, especially, was one of the sweetest in melody and purest in harmony to which we have listened in many a day.

Another Rechebite Excursion. Unity Tent, No. 60, I. O. of Rechebites, will give an excursion to Smithville and the Forts on the *Passport* on Friday, August 3, when it is hoped a large crowd will participate.

This Tent has been in existence not quite six months, and of course have no suitable regalia to appear on the streets with, if necessary, hence adopt this plan of raising the amount, or part of the amount, required to purchase regalia. No dancing will be allowed on the boat. The Committee of Arrangements will procure an organ to furnish music for the occasion and will spare no pains to make the day enjoyable to all.

## A New Move.

We hear that the retail merchants of this city contemplate forming an association the object of which shall be to prepare a table at the end of the year of the names of those who have owed the several dealers for an undue length of time and publish the same, with the amount owed, and to whom, of each individual. It is thought that by this plan the merchants will be better protected against loss in the future.

## Fine Bouquet.

There was an exhibition at the store of Messrs. Adrian & Vollers, this morning, a beautiful bouquet, most tastefully arranged in the shape of a horse shoe, which had been prepared as a present from the Howard Relief Co. to the Atlantic, of Newbern, but which was not completed until after the latter had left. It will be shipped to them at Newbern, by express, this afternoon. The bouquet was prepared by Mrs. H. Reeder, and reflected credit upon her skill as a florist.

## City Court.

The following cases were disposed of by the Mayor this morning:  
Willis Drake, colored, disorderly conduct, (case continued from yesterday.) \$25 or 30 days in the city prison. He went below.  
Anorum McCulloch, colored, for throwing rocks in the street, \$5 or 20 days.  
Three parties were charged with a violation of the market ordinances, two of whom were also charged with obstructing the sidewalk. The cases of two were continued at their request, and the other was fined \$5.

## How to Test Kerosene Oil.

It is a simple matter to test kerosene oil. The point of danger is called the flashing point, which is the degree of temperature at which it is vaporized and explodes. The lowest safe point is 100 degrees; 120 degrees is low enough for domestic use. To make the test, pour a small quantity of kerosene in a saucer or tin vessel and float it in a basin of water heated to 100 degrees. Apply a lighted match an inch or so above the oil, and if it take fire it is dangerous. Have the thermometer in the water, and note the temperature as it falls, and the lowest point of flashing is easily ascertained; or the water may be heated by boiling water from 80 degrees up, and the flashing point found.

## Outrageous Conduct.

Our attention has been called to a system of outrageous conduct which is almost continuously going on at McIlhenny's mill pond, just outside the city limits, wherein a lot of colored youths go in bathing at all hours of the day and especially in the afternoon. It is right on a public thoroughfare which would afford a delightful drive were it not for the fact that these youngsters are so regardless of every sense of propriety and decency that a man cannot carry his family in that direction without having their dignity and modesty shocked by the exhibition. They also take horses there to wash on Sunday mornings and tie them on the bridge so that it is made impassable for carriages and then the boys, in a state of complete nudity, play with the dumb animals. The place is outside the city limits, but we trust that it is not outside the reach of law and order. We hear also that a class infinitely more degrading than the colored youth we have mentioned frequent the place to bathe.

## Last Night's Festivities.

There was a large gathering at the Sea Side Park Hotel last night to partake of the supper complimentary to the Atlantic Steam Fire Engine Co., of Newbern. We hear the number estimated as present at 300, although there was no actual count. The festivities of the occasion were all that could be desired, and although the rain poured down in torrents and the night was black as Erebus, it was made a season of jollity and good feeling.

During the supper hour, the committee selected to award the prize of a silver plated pitcher to the successful company in the trial contest of Tuesday evening, made the announcement that the Atlantic, of Newbern, had been declared the winners, and the pitcher was presented to that Company by Capt. C. D. Myers, in a brief, neat and appropriate speech. He was responded to by Capt. Wood, of the Atlantic, who received the prize in behalf of the Company from Capt. Myers, in a speech equally graceful and appropriate. Both speeches were received with applause.

Silver Plated Spoons and Forks, low prices, at JACOBI'S.

## The Strike.

There is no news of special interest as regards the telegraphers' strike. The situation seems unchanged and the rumors alluded to by us yesterday in regard to an adjustment appear to be unfounded. Manager Sterling has one operator with him now, a man who arrived here last night, but how long he will remain before the strikers gobble him up remains to be seen.

## The Reason Why.

There was a movement made yesterday for the Wilmington Cornet Concert Club to come out and play last evening, but when they began to look up the members it was found that nearly all of them were out of the city. Some were at the North, some at the Sound, some in the Western portion of the State and only a very small some were reported as present for duty.

## By Accident.

Samuel Merrick, colored, who lives on the corner of Princess and Eleventh streets, met with quite a severe accident last night in rather a singular manner. He started to go into the house during the rain and darkness, and stumbled over a tub, which was on his back piazza, which threw him and as he fell his left hand struck a pitcher and broke it, the fragments lacerating his left hand and wrist, making a painful and somewhat dangerous wound.

## The Difference.

A colored woman a day or two since called at the house of one of our best citizens and asked, "Is der woman of der house at home? if she is I wants to see her."

The person enquired for soon made her appearance when the colored woman said: "A colored lady dat lives roun' here tole me dat der's a white woman lives here dat wants somebody to wash for her, an' I come roun' to git de job." Fact!

## The New Furniture Store.

Mr. Thos. C. Craft returned to the city last night, after an absence of nearly two weeks at the North, during which time he visited the best furniture markets. He bought a large and elegant stock of furniture, enough to fill the three floors of the large building leased by him on South Front street, and he is already in receipt of some of the goods. They will arrive freely now every day for a week, and he hopes to make a formal announcement of opening by the first of August.

## Distressing News.

The sad news was received here to-day of the sudden death of Mr. James W. Meares, second son of Hon. O. P. Meares, of this city. At the time of his death the deceased was on a visit to his cousin, Mr. Louis Meares, who has a farm near Waynesville. The remains are expected here to-morrow morning on the Carolina Central train and the funeral services, we understand, will take place directly after.

## The Fruit Fair.

The following is a list of the gentlemen appointed to collect specimens of fruits to be exhibited at the fair in the city of Wilmington on August 22nd and 23rd from the county of Pender: Major C. W. McClammy, Dr. George F. Lucas, Newton Alderman, R. H. Murphy, Dr. E. Parker, D. J. Corbett, Louis W. Howard, J. R. Paddison, Dr. W. C. Murphy, J. T. Foy, Dr. W. T. Ennett, J. H. Murphy and Samuel Blossom.

The following is the list from the County of New Hanover: W. A. Cumming, B. G. Worth, James Sprunt, F. A. Newbury, James C. Stevenson, Preston L. Bridgers, A. A. Moseley, S. W. Nobles, R. E. Heide, F. W. Kerchner, John L. Boatwright, Dr. George G. Thomas, H. Brunhild, A. Adrian.

In connection with the Fair a meeting was held at the Mayor's office last night in which the following committees were appointed:

On Reception—F. W. Kerchner, Chairman; Ulrich Adrian, David Worth, Joseph H. Waters, Wm R. French, II McL Green, M C Heyer, John L. Dudley, E R Brink, G J Bohey.

On Invitation—E. D. Hall, Chairman; George W. Kidder, R. W. Hicks, W. R. French, Dr. George G. Thomas, James C. Munds, W. P. Oldham, James C. Stevenson, A. D. Brown, Preston Cumming.

On Arrangements and Decorations—J. J. Hedrick, Chairman; James F. Post, P. Heinsberger, G. M. Summerell, H. Brunhild, George P. Lamb, Wilkin Roddick.

On Finance—Frank M. King, Sol Bear, E. R. Brink, S. H. Fishblade, W. P. Oldham, John R. Turrentine, I. Vollers, H. H. Kasprowick.

## More Improvements.

Some notable improvements are to be made next month to the large dry goods store on Market street, occupied by Mr. Julius Samson. The entire front is to be taken out and a handsome plate glass front is to be put in. The interior of the store is also to be handsomely remodeled and renovated, and some other changes and improvements are to be made. In the meantime the stock of goods is to be sold out, as advertised in this issue, at greatly reduced prices, so as to make room for the improvements and for the large stock of new goods coming in in the Fall.

## The Art Amateur.

For August contains a striking four-page design of lilies and butterflies for a South Kensington screen panel, a design of daisies for a desert plate, three pages of designs and suggestions for monograms and jewelry, and three pages of wood carving designs. The most important article is an exceedingly interesting account of "Japanese Pictorial Art Artists," profusely illustrated. There is a page of drawings from Paris Salon pictures; the very creditable work of American women in the Paris salon is editorially reviewed, and "My Note Book" gives a spicy record of foreign art events. Among the subjects practically treated are landscape painting in oils, lettering on china, wood carving, and mural decoration. There are also articles of much interest on early English poetry, ornamental iron work, old illuminations, the remarkable print collection of Prof. West, of Brooklyn, and numerous other art topics. Price, 35 cents; \$4 per annum. Montague Marks, publisher, 23 Union Square, New York.

## Fire at Wadesboro.

We are very sorry to learn of a disastrous fire which occurred at Wadesboro early on Tuesday morning where-by the residence of Mr. Robert H. Cowan, of the *Anson Times*, who was in Charlotte at the time, was totally destroyed. Mr. Cowan has many friends and relatives in Wilmington who will sympathize with him in his misfortune. We clip the following from the account in the *Times*:

When first discovered the roof of the stove-room annex of his house was in a light blaze, and it being very dry, the whole building was soon wrapped in flames, and in a very short time was totally destroyed, with nearly all the effects of its occupants. The losses, as we gather them, are about as follows: Mr. and Mrs. Cowan, house, furniture, bedding, clothing, &c., \$4,000, on which there was an insurance of only \$1,500; Mr. and Mrs. T. J. Fetzer, who were boarding in the family, a fine set of furniture, piano, wardrobe, &c., \$800, with an insurance of \$400; Miss Alice F. Johnston, our popular telegraph operator, also a boarder, lost her wardrobe and other valuables; Dr. and Mrs. DelPew, who were absent on a visit in South Carolina, two trunks, contents unknown, no insurance. The entire losses will probably aggregate some \$6,000, the whole property being swept out of existence in the space of two short hours.

The origin of the fire is unknown, but is supposed to have sprung from the stove pipe in the cook room, or the work of rats in the pantry adjoining. The fire having made such headway before discovered, the family all being asleep, of course the origin can only be surmised.

The house was just completed last Fall, and Mr. Cowan and family had only been living in it since last November.

A fine assortment of Guns and Pistols at JACOBI'S Hardware Depot.
