Longfellow's estate is worth \$350,000.
It was not acquired by poetry but by a
rich wife. The Times thinks that such
items as "3 shares Boot Cotton Mills,
\$5,300," and "10 shares Lowell Manu-
facturing Company, \$7,250," have the
appearance of what in Wall street
would be regarded as "a good thing."

It is said that the gross earnings of
the Richmond & Danville system for
the past six months are \$400,000 and
the net earnings are \$600,000 more
than for the same period last year. The
gross earnings from January to July,
1883, are reported at \$3,401,074, and
the net earnings at \$1,370,411. The
gross earnings of the Western North
Carolina Railroad for that period were
\$146,364, and the net earnings \$46,116.
To show the larger business that is
being done on that line, we quote the
gross earnings for the same six months
last year—only \$95,523. The increase
is \$50,000. For the year it is estimated
that the gross earnings will be at least
\$300,000, and the net earnings \$100,000.

seemed to have but little effect in cool-
ing the atmosphere.

Dudes now bang their hair over their
ears, and sometimes put on airs about
the 'airs just over their ears. They
are 'eirs to air castles in Spain.

There was no business before the City
Court this morning for Mayor pro
tem. Dudley to attend to and every-
thing about police headquarters was re-
markably quiet.

The joint annual meeting of the
Justices of the Peace and the Board of
Commissioners for the county of New
Hanover will be held on Monday next,
at 10 a. m.

If it should happen to be raining to-
morrow morning the Rechabite excu-
sion will be postponed until the follow-
ing Tuesday, August 7th. Unity Tent
must have regalia; hence must have ex-
cursions.

ings at main low water, as given by the
pilots:

Western Bar, 11 feet, 5 inches.

Down the River.

The *Passport* had a merry party of
excursionists on board this morning
who will spend the day at the Rocks,
Smithville and the Forts. The excu-
sion was gotten up by the ladies of
Front Street M. E. Church, who
know just how to make such occasions
pleasant and entertaining.

The Rechabites.

Unity Tent, No. 60, I. O. of Rechab-
ites, give an excursion to Smithville,
the Forts and the Blackfish Grounds on
the *Passport* to-morrow. There will be
no dancing, but there will be an organ
and plenty of good vocal music, besides
an abundance of cooling refreshments
of the best quality and at city prices.

A fine assortment of Guns and Pistols
at JACOBI'S Hardware Depot.

Fires in July.

The Fire Department of the city was
called out four times during the month
of July, as follows:

July 11th, at a. m., by a fire in the
second story of Hibernian Hall on
North Third, between Princess and
Chestnut streets. Damage mostly by
water. Insured. Cause of fire, appar-
ently from carelessness in leaving a
lighted gas burner near a window frame.

July 17th, p. m., by a fire on South
Water, between Orange and Ann
streets. Property destroyed, spirits
turpentine, rosin, hay and a few bales
of cotton. Loss estimated at \$30,000,
fully covered by insurance. Cause,
lightning.

July 27th, 2:30 p. m., by a fire in a
shed on the corner of South Second and
Orange streets, which was extinguished
by a few buckets of water. No dam-
age. Cause, incendiary.

July 30th, 4:30 a. m., by the burning
of a two-story frame dwelling on Fifth,
between Bladen and Harnett streets.
Cause, supposed incendiary. Insured.

Proposals for Contracts.

The proposals for furnishing material
to be used in the improvements in the
Cape Fear river, which were advertised
for in the REVIEW, were opened to-day
at the office of Capt. Bacon, the engineer
in charge, and the following were the
lowest bidders for the respective mate-
rials:

For rattling and spun yarn the lowest
bidders were Messrs J. C. Springer and
N. Jacobi. The difference between
them was of such a nature that there is
doubt to which the contract will be
awarded.

For brush and cane the lowest bid-
ders were Messrs Ross & Lara.

For stone the lowest bidder was Mr.
George Z. French.

For five scows the lowest bidder was
Mr. George M. Summerell.

No contracts will be awarded until
the proposals have been submitted to
the chief of engineers for his inspection
and approval.

What Shall We Do?

We are in a dilemma—a singular,
and if it was not so perplexing, a laugh-
able dilemma. We have endeavored, as
a faithful and conscientious gatherer and
reporter of news, to keep our readers
duly posted as to the condition of the
crops in the surrounding counties, as
well as in other items of interest, but
so far as the crop prospects are con-
cerned, we hardly know what to say.
We have spoken to many farmers as
to the condition of the crops within the
last few days, and while they are all
men of truthfulness and intelligence,
there has been a wide difference of
opinion among them. Some have said
that the crops were excellent and some
have said they were poor. We have
conversed with two men to-day who
live in the same county and but a few
miles from each other and their opin-
ions were wide apart. They are
both practical farmers, and men
whose words relative to any ordinary
matters might be implicitly relied upon,
but in this matter they gave diametri-
cally opposite news. We see no other
way than to let the crops take care of
themselves.

River Improvements.

It seems that the work of improving
the navigation of the Cape Fear river,
between this city and its mouth, is
progressing fully as favorably as could
be expected and that the results thus
far are entirely satisfactory. For a
considerable length of time a force-
aided by dredging machines, has been
engaged in deepening and otherwise
improving what is known as Snow's
Marsh Channel, about ten miles be-
low the city on the West side of the river,
and the first large vessel which ever
passed through there since these im-
provements were commenced was the
Clyde line steamship *Regulator*, which
came up on Tuesday evening through
that channel. Soundings were taken
all the way through by the second
officer of the ship, and the depth of
water, according to his report, was in
no instance less than 15 feet, and from
this, as the minimum depth, up to
three fathoms, or 18 feet, as the maxi-
mum. It is not to be supposed that
this measurement, taken as it was,
when the vessel was under headway,
was as accurate as soundings taken
by the regular pilots, who measure every
inch of the channel with their boat at
as near a stand still as possible at each
cast of the lead, but it is sufficiently
correct to demonstrate that real and,
we trust, permanent improvements
have been made.

The celebrated 'Fish Brand' Gills
Twine is sold only at JACOBI'S Hard-
ware Depot.

R. M. McINTIRE.

Did Not Arrive.

Mr. Samuel Lazarus, brother-in-law
of Mr. L. Dryfoos, who was expected
here last night on a visit, did not
arrive, having missed connection to
the South of us. Mr. Dryfoos received
a telegram this morning stating that his
relation would not come by Wilming-
ton. Mr. Lazarus is one of the largest
cattle owners of Texas and is on a
pleasure trip through the country. Mrs.
Dryfoos was to have accompanied him
to Salt Lake City but will meet him in
St. Louis and travel the remainder of
the way in Mr. Lazarus' private car.

The Strike.

The situation here remains unchanged.
The strikers are still firm and show
no signs whatever of yielding to the com-
pany. The following circular was re-
ceived by us this morning:

CHARLOTTE, N. C., Aug. 1, 1883.
(Greeling).—Letters received from all
points, including Wilmington, Rich-
mond, Augusta, Charleston, Atlanta,
Chattanooga, Louisville, Cincinnati,
Washington, Baltimore, New York,
Philadelphia, Pittsburgh, Toledo, Chic-
ago, Omaha, Detroit, report all solid.
Men confident, Western Union disgust-
ingly incompetent, whining and lying;
bribing and bulldozing, but it don't
win.

All's well, we have the death grip on
them and they know it. Let each do
his whole duty, and a just God will
crown us with victory.

NEW YORK, July 31, 1883.

The twelfth day of the strike finds
our members confident and determined.
Although there have been four desper-
tions from our ranks within the past 24
hours, we have captured six operators
and one lineman. The W. U. officials
acknowledge that their wires have
been cut. Of course this is an excuse for
failing to handle business properly and
the public see through it; their force of
alarmists is almost exhausted and they
must give under. The battle is ours.
Stand firm and never say die.

AMERICAN RAPID says forty men of
W. U. in New York walked out and
joined the strikers to-day. We are solid
everywhere.

GREENSBORO, N. C., Aug. 1, 1883.
All men quit W. U. office in Rich-
mond a few minutes ago and left old
man Tree holding the fort.

ATLANTA, Ga., Aug. 1, 1883.
Everything O. K. here—the concert
and ball to-night promises to be a big
success.

Poor Bees.

A few cattle are being brought into
this market, but they are generally of
a poor and inferior quality, which leads
us to suggest that if the farmers in the
country would bestow a little more care
and attention to the stock they intend
to sell for beef they would have them
in much better condition without any
extra expense to themselves. There is
no reasonable excuse for bringing
such gothic looking beasts to market;
there is no satisfaction in them either
to seller or buyer and we know that
there is none to the consumer.

Kitchen Market.

The following retail prices rule in
this market to-day, August 2:
Beef 8@15c per pound; veal 15c per
pound; lamb 12@15c per pound; mut-
