Silver Plated Spoons and Forks, low prices, at JACOBI'S

The receipts of cotton at this port today foot up 24 bales.

Watermelons are now plentiful and can be bought at reasonable prices.

Capt. John W. and J. T. Harper have purchased the steam tug *Blancie*.

Venor's predictions for this month, thus far, have proved very nearly correct.

A man's mouth may be ever so small and yet be large enough to contain two or three achers.

The days are growing decidedly shorter and the last three or four nights have been quite cool.

Steamboatmen report that there is no improvement in the Cape Fear and that loaded boats can go no farther than Cypress.

The N. C. Pharmaceutical Association will resume, and probably complete the business which called them together to-morrow.

The Board of Pharmacy met this morning at the Purcell House for the examination of candidates. Several applicants were before the Board.

In speaking of Messrs. Munds Bros., display in yesterday's issue the types made us say "hand painting satchels when we intended say hand painted satchel."

The N. C. Pharmaceutical Association went down the river on the *Passport* to-day, as the guests of the druggists of this city, and took dinner at the Hotel Brunswick.

To-morrow the 10th inst., is the day for the "Farmer's dinner," at Clinton, Sampson county. These dinners are held annually and are looked forward to as important occasions.

Mr. Samuel Blossom sends us two big red apples as a specimen of what New Hanover county can do in the way of fruit growing. They are remarkably fine and fair.

We learn that a colored boy had the misfortune yesterday to get one of his arms broken while engaged in a friendly wrestle with one of his companions, but have been unable to learn the particulars.

The Pharmaceutical Association will meet to-night and complete their labors for the session. The night session will be held for the reason that quite a number of the members are compelled to return to their homes to-morrow.

We hear of a number of circuses that are headed in this direction, but have no intelligence that any are coming to this city. Probably they will come before winter sets in, of which fact we shall all be informed by the flaming posters.

The tax payers of the county would do well to remember the meeting of the Commissioners, which is to take place on Monday, the 13th inst. The purpose of the meeting is explained in an advertisement to be found in another column of this issue.

John Hill, the colored man who was severely stabbed on Wrightsville Sound Tuesday, and who was brought to this city and sent to the City Hospital, is doing as nicely as could be expected. The wounds are dangerous, but not necessarily fatal, though the physicians cannot tell just now what will be the result.

She wandered with abstracted air Peeping here and looking there, We wondered what perplexed her mind And asked her what she sought to find; She answer made, while blushing some, "Doggone it, where's my chewing gum?"

No Services.

We have been informed that the Rev. Mr. Saunders, who was expected to preach at the First Baptist Church next Sunday, will not be able to arrive until some time during next week. Consequently there will be no regular service in that church next Sunday. He will fill the pulpit, however, on Sunday, the 19th inst.

The celebrated "Fish Brand Gills Twine" is sold only at JACOBI'S Hardware Depot.

Commendable.

A number of colored men of this city, having in view the establishment of a library and reading room, have organized the "Banmekeer Library Association." It is formed in the interest of education and morality, and we wish it every success. They will hold a meeting to-night at Evans' Hall, on Princess, between Front and Second streets, where they will happy to see any who may feel friendly to the cause.

Fire.

An incipient fire was discovered this morning about 10 in the office occupied by Messrs Birdsey & Rankin and Mr. Jno. E. Crow, on North Water street, and was extinguished without much trouble with a few buckets of water. In a corner of the office was a quantity of scrap cotton and it is thought that a cigar stump had been carelessly thrown in the pile and ignited it. There was no general alarm, but the fire department turned out promptly in response to the telephonic signal sent to the engine houses.

Foreign Steamships.

From Capt A. D. Cazaux we learn that arrangements have been perfected to supply all demands for tonnage for all foreign shipments of cotton and naval stores during the coming season. He has succeeded in getting several large steamships, which will come to this port as occasion requires and load cotton for foreign ports. They will come under charter and will be subject to the same charter party as sailing vessels. The steamships will have a holding capacity of from 4,500 to 5,000 compressed bales of cotton and will in a measure take the place of sailing vessels. Mr. C. P. Mebane will be the consignee of the steamships, and much credit is due him in the establishment of steam communication between Wilmington and the ports of the old country.

Joint Meeting.

A meeting of the New Hanover Board of Health was held last night to confer with a committee from the Board of Aldermen, consisting of Mayor Hall and Alderman Bear, in reference to the introduction or importation of second hand clothing. Mayor Hall, as Chairman ex officio, presided. After a free exchange of views, and looking at the matter from a sanitary standpoint, it was decided that the committee should report to the Board of Aldermen that the Board of Health deem the importation of second hand clothing hazardous to the health of the city, and asked for an ordinance proscribing it from our midst. It was further recommended that a systematic and energetic policing of private premises be engaged in and housekeepers are requested to lend their efforts towards putting the city in a perfectly clean condition. The Secretary was instructed to furnish in the future the daily papers with a copy of the proceedings of this meeting.

A fine assortment of Guns and Pistols at JACOBI'S Hardware Depot.

The Baltimore and Wilmington S. S. Co.

A line of steamers between Baltimore and Wilmington, is now a fixed fact. The Steamship *Raleigh*, will sail from Baltimore sometime between the 1st and 10th of September and will be followed by another steamer. The Company have not as yet decided which of three steamships they will put on the line with the *Raleigh*. Capt. A. D. Cazaux will be the agent of the line in this city. It now devolves upon our merchants to patronize the line if they desire water communication with Baltimore. If the line is not patronized and the company are discouraged in their efforts, it is not at all probable that another attempt will be made in a number of years to establish a line of steamers between the two ports. The *Baltimore Sun*, of the 6th inst. publishes an article purported to have been clipped from the *Star* of this city, to the effect that "Gen. Littlefield of North Carolina is to put on a line of steamers between the two cities." That is altogether a mistake; our neighbor did not publish the article credited to it, neither has Gen. Littlefield anything to do with the enterprise. Mr. E. Littlefield, of Baltimore, a gentleman with large shipping interests, is one of the company that has established the line.

Southern Railroads.

Hon. James Edwin Moore, attorney for Albermarle and Raleigh, N. C. R. R., says: "I have used Dr. Worthington's Cholera and Diarrhoea Medicine, and most heartily commend it as a very valuable remedy." 25 cents.

Week of Prayer.

From the twelfth to the nineteenth of August 1883 it will be observed by the Methodist E. Church, South, as a week of prayer by appointment of its bishops.

Criminal Court.

The attention of this tribunal was devoted to the disposition of the following cases:
State vs. Sarah Mayer. Selling liquor on Sunday. Defendant submitted.— Judgment \$20 and costs.
State vs. Henry Green. Assault and battery. Guilty. Judgment 1 penny and costs.
State vs. Henry Morton. Larceny. Motion to quash. Motion overruled. Appeal by defendant in *forma pauperis*. Appeal granted.
State vs. Hintz Evans. Larceny. On trial.

"Johnny O'Brien."

It is now definitely known that "Johnny O'Brien" has skipped the town and left his bondsman in the lurch. O'Brien was detected some three or four weeks ago in trying to effect an entrance into the establishment of Messrs. Aaron & Rheinstein through a back window, but as he had heretofore borne a good character and he asserted at the time that he was intoxicated and did not know what he was doing, he was given the benefit of the doubt and released. He was apprehended inside of Mr. Jno. C. Heyer's store a few nights ago and tried to make good his escape, but failed and was captured. He waived an examination before the City Court and gave bond for \$400 for his appearance at the present term of the Criminal Court. When he was called he failed to answer and judgment *in absentia* was entered on the docket. It is now thought that "Johnny" knew exactly what he was doing when caught in the rear of Messrs. Aaron & Rheinstein's and that he played the intoxicated dodge in an artistic manner. We have just ascertained some facts in connection with the festive "Johnny" which leads to the belief that he is a professional, and has been carrying on his larceny schemes for the past two years. For two or three years he was a policeman and stood well with the authorities, until a short time ago when he was discharged for being asleep on his beat. As a policeman, he was on duty last Winter on Messrs. Hall & Pearswill's block, when their establishment was robbed, and again he was on the Dawson block when Messrs. Aaron & Rheinstein were victimized, and it looks now as if "Johnny" might have had a finger in each one of the pies.

Act at Once.

The time is drawing very near for the opening of the Boston Exposition, at which North Carolina will have the most complete exhibit of any of the States in the Union. This exhibit is made so as to draw capital and labor to our State, which every one admits is needed very much. The State authorities, that is, the Department of Agriculture, in doing its full duty, and if only backed up by the aid of the people throughout the State, much good will be accomplished: much capital will come to the State; many manufacturing will be established, and mines of iron, gold, &c., opened up. This can be, and will be if the citizens, the farmers, and the land owners in our State will only furnish information so we may furnish to those who are attracted by our State's display. To get the Northern men to settle or invest in North Carolina, we must be able to tell them where they can buy lands for farming purposes, where they can buy water powers, mineral and wooded land, unless those who have such for sale will furnish such information themselves. Unless they will place their lands into market, giving it into the hands of some reliable land agency in the State we cannot expect much good to result from the efforts made by our displays. I urge and insist that every person who desires to sell any real property of iron, gold, &c., and I will assist and terms of same, and I will assist them to place their lands upon the Northern and New England markets. I ask every man who desires to see North Carolina prosper to aid me in this work. Very Truly,
JNO. T. PATRICK,
State Immigration Agent,
Wadesboro, N. C.

Citizens' Meeting.

BURGAW, August 6, 1883. WHEREAS, We the people, in consideration of our best interests and the future prosperity of the town of Burgaw, and without intending to reflect upon the integrity, fidelity or competency of our Board of County Commissioners, do hereby
Resolve, That in obedience to the popular will, we do hereby respectfully request the Board of Magistrates and County Commissioners to construct the Court House now about to be erected at Burgaw, so as to front Fremont instead of Wright street, as now intended.
Resolved, That we respectfully request the Board of Magistrates and County Commissioners to make sale of all land bought by the county of J. H. Teinken and wife and J. H. Mashburn and wife, and restore the proceeds thereof to the special tax fund.
Resolved, That these resolutions be sent to the Wilmington papers, with a request that they be published.
S. S. SATCHWELL, Chairman.
G. E. SHEPARD, Sec.
