GEO. M. CRAPON, Agt.—Attention Home-keepers

The receipts of cotton at this port today foot up 6 bales.

At 3 o'clock this afternoon the thermometer in this office registered 83 degrees.

The excursion of the Fifth Street M. E. Church, this morning, was not so largely attended as on former occasions this season, but there was a happy, nice party, and they have had a beautiful day.

We saw yesterday in front of Mr. Geo. L. Crapon's grocery store, on South Front street, a lot of tube rose, in full bloom, sent here from Magnolia for sale. They were magnificent.

Col. John D. Taylor has returned to his post of duty after an absence of a few days at Federal Point on a fishing excursion, in which, we are glad to know, he was quite successful, besides having a good time generally.

Two members of the Fox Club, Messrs. H. H. Heide and L. P. Thomas, had a fine run yesterday, afternoon. They made two starts and got one fox, a fine fellow, a few miles from the city, just back of Col. Roger Moore's place.

Exports Foreign.

Nor. barque Orsar Odd, Capt. Torckelson, cleared to-day for Hamburg with 4,074 barrels rosin, valued at \$6,885, shipped by Messrs. DeRosset & Co.

A Great Age.

On Thursday, the 23rd inst., Mrs. Penelope Faircloth, widow of the late Moses Faircloth, died at her home in Little Coharie township, Sampson county, at the great age of 94 years. She was the oldest person in the county and we believe in this section of the State.

The Telephone.

The telephone line to Wrightsville is now in successful operation and is beginning to be appreciated as a great convenience for communication between the city and the Sound. Mr. Dunnington is the agent at Wrightsville. We learn from Mr. White, the Manager, that the line will be kept open throughout the Winter season.

City Court.

Abraham Brown, colored, was brought before the Mayor this morning charged with disorderly conduct. The sentence was \$3 fine or 10 days in the city prison.

Lucinda Smith, colored, disorderly conduct, was sentenced to pay a fine of \$5 or go below for 30 days. She went below.

One case of disorderly conduct was disposed of by the payment of a fine of \$4.

Golden Days.

The monthly part of this favorite publication, for September, is at hand and with a table of contents and accompanying illustrations of unusual excellence. We look upon this as one of the best of the many publications we receive. It is evident that the matter is selected with much care and a great deal of attention is paid to the illustrations, which form so prominent a feature of the magazine. Published by James Elverson, Philadelphia, at \$3 a year.

It Will Pay

All who desire to dress well on a limited purse to buy their clothing of A. & I. SHIER. They buy only for Cash and allow their patrons to share in the benefits of all advantages thus gained.

Carelessness.

Yesterday a lady of this city went out to Oakdale Cemetery to lay flowers upon the grave of a revered mother. While standing in the immediate vicinity of the grave a sportsman discharged his fowling piece, the shot from which struck all around her and a few hit her dress, but fortunately with no injury to her person further than a severe fright. We don't blame her for being frightened.

Big Drumfish.

There were lots of fine drumfish in market yesterday afternoon, caught towards Topsail. The largest weighed 36½ pounds. The party who offered it for sale said that he guessed it would weigh about 75 pounds when Mr. W. B. Davis offered to wager that it would not weigh the half of it. The wager was taken and the fish was weighed and found to weigh just 36½ pounds, which is just about as close a guess as we have heard of this week.

Election of Officers.

The C. M. Stedman Fire Co., No. 1, held a meeting last night and elected the following officers to serve during the ensuing year:
President—G. W. W. Davis.
Vice President—Geo. F. Hall.
Sec. and Treas.—G. H. Koeth.
Foreman—J. P. O'Sullivan.
1st. Asst.—J. F. Janier.
2nd. Asst.—T. G. Canaday.
Axemen—B. F. Swann, J. H. Mintz, Toney DeStafino, and C. E. Williams.
The meeting then adjourned to meet again at 8 o'clock p. m., Thursday, August 30th.

The Hughes Exhibit.

In speaking of the Hughes exhibit, which was so much admired at the Fruit Fair here last week, the Greensboro Patriot says:

It is now stated by authority that the Hughes exhibit of evaporated fruits will be sent to Boston by the State Agricultural Department. It seems that there was a hitch of some sort in the arrangement made by the Fruit Growers Association, and an effort was being made by some public spirited Wilmington ladies to raise money enough to send it to Boston, when the Department at Raleigh reconsidered its previous action, and saved the State the shame of forcing its private citizens to assume a public responsibility. So that the exhibit will go to Boston, and it will surprise us if it does not attract much attention.

A fine assortment of Guns and Pistols at JACOB'S Hardware Depot.

Tax Statistics.

From the books of the tax assessors, at the City Hall, we glean the following items of interest relative to taxable values in the township of Wilmington this year, as compared with 1882:

There are 1,198 white males in the county, listed for poll tax, and 1,670 colored males, as against 1,091 white and 1,502 colored listed last year. The ages of the listed are between 21 and 50 years.
The value of town lots this year is assessed at an aggregate of \$3,364,015, there being \$15,725 delinquent, against \$3,180,256 and \$37,600 delinquent last year. Total for 1883 \$3,379,750 and total for 1882 \$3,217,946.

Number of horses 390 and value of same \$35,505 this year, against 408 horses valued at \$32,790 last year; mules 53, value \$4,215, against 43 mules valued at \$3,525 last year; goats 71, value \$78, against 64 goats valued at \$106 last year; cattle, 317, value \$4,457, against 248 cattle, valued at \$3,370 last year; hogs, 317, value \$726, against 260 hogs, valued at \$647 last year; sheep, 21, value \$31, against 1 sheep, valued at \$1, last year.

Value in 1883 of farming utensils, household and kitchen furniture, provisions, firearms, libraries, &c., \$173,245, against \$157,154 and \$300 delinquents a total of \$159,454 in 1882.

Money on hand, \$92,425 against \$64,966 in 1882.
Solvent credits, including accrued interest, \$334,231, against \$360,791 in 1882.

Shares in incorporated or joint stock companies, \$299,427, against \$301,747 in 1882.

All other perishable property whatsoever, \$852,482, against \$886,869 and \$1,000 delinquent, a total of \$887,869 in 1882.

Railroad franchise, \$1,325, against \$375 in 1882.

Aggregate value of real and personal property, \$5,163,162 and \$15,735, a total of \$5,177,897, against \$4,991,597 and \$38,930 delinquent, a total of \$5,030,527 in 1882.
Net amount of income, \$95,449, against \$74,409 in 1882.

Much Better.

We are very glad to learn that little Mary, Mr. W. B. Newkirk's child, who was so severely injured on Monday by falling from the piazza of the family residence, is now much better and in a fair way to recover. Up to this morning the child was very ill but to-day it awoke much better, thus relieving the anxiety and suspense which have been so keenly felt during the past two days. There are no bones broken and the escape of the little one from death seems almost miraculous.

Dandruff.

In reply to numerous enquiries as to the best remedy for dandruff, the following is suggested: Dandruff is a scurfy matter which exfoliates from the skin. It is caused by a diseased condition produced generally by uncleanness and the use of hair oils and grease on the head and by want of washing. To prevent it the head should be washed every morning, with water and soap and rubbed dry with a towel. This will cure the trouble if persevered in. Many hair dressing is used, a simple oil, as oil of almonds, mixed with an equal part of pure alcohol, or bay rum and a few drops of tincture of Spanish fly, may be rubbed on the hair and skin of the head immediately after the hair is rubbed dry. The rubbing is very beneficial to the skin.

Music and Drama.

The management of the Opera House have adopted a plan regarding the sale of tickets for the coming season which we think will be of material advantage to the general theatre-going public. There will be no season tickets sold as was the custom last year, but the seats will be sold as they are selected and paid for, upon the healthy and just principle of, "first come, first served." Seats will be on sale three days in advance of each entertainment, commencing in each case at 8 a. m.

The engagements thus far made are of a good order of merit and some of them are of the best, so that our amusement lovers will have no cause for complaint. It is expected also that the remaining engagements will not in the least lower the general average of excellence. Music, as well as the drama, will be liberally represented and the most of it will be of a high order.

Death of Gen. Mallett.

General Edward J. Mallett died at Piffard, Livingston county, New York, on the 20th inst., of disease of the heart, at the ripe old age of 86 years. He was taken very suddenly and expired almost instantly. His remains were interred in Greenwood Cemetery, Brooklyn.

Gen. Mallett was, we think, a native of Cumberland county, in this State, but has for many years past resided in New York city, having been at one time President of the old St. Nicholas Bkq. He was a graduate of the University of North Carolina of the class of 1818, and was a classmate of Bishop Green, Arthur J. Hill, Hamilton C. Jones, James K. Polk, Hon. Hugh Waddell, and others, Bishop Green being the only member who now survives.

Gen. Mallett has many near relatives in this city. He was the uncle of Col. Peter Mallett, formerly of this city, but now of New York, and granduncle of the Messrs. Mallett and Mrs. Gabriel Holmes, of this city.
