Coffee taverns seem to pay in English provincial towns but not in London. One of the reasons for this, the London Truth thinks, is the execrable character of the coffee which is generally sold in London coffee taverns.

A Beautiful Picture.

Our attention has been called to a year, most beautiful piece of art work now on exhibition at the music rooms of Mr. P. Heinsberger. It is a crayon of two little daughters of Captain R. M. McIntire, the work of Mr. O. T. Thomas, copied from a photograph taken by vindicated the law and answered the Mr. A. Orr, previous to his departure for the North. We have on more than one occasion spoken of the work exe cuted by Mr. Thomas, but we are constrained to say that the picture of these children, in our opinion, exceeds any of his former efforts.

Another object Mr. Dill had in view in visiting this city was to endeavor to secure the right of way to erect the poles from Weldon to Wilmington, on the Wilmington & Weldon Railroad, and hence to Columbia, S. C., on the Wilmington, Columbia & Augusta Railroad. Col. Bridgers, the President of and Mr. Dill left last night for Richmond, Va., where he was to meet the former this morning.

The Charlotte Journal-Observer, of yesterday's date, has some information relative io the operations of this company, which we copy here:

The Southern Telegraph Company opened their office for business in Rock strung rapidly in the direction of Columbia. The success with which the new company has met is surprising, and at a meeting of the directors, held in New York Monday, it was decided to put up more wires between Rich mond and Charlotte and on South so as business, which has outgrown the present capacity of the company. An Honor to the City.

It is with pleasure that we note the prosperous condition of the Wilmington Library Association. At one time it seemed to be languuishing and without any manifest interest or enthusiasm concerning its affairs, but within the last two or three months it seems to have awakened into a new life and yigor, and is increasing daily in the number of its members, in its influence for good and in its importance to our city. At a called business meeting of the Board of Directors, held at their rooms last night, 27 applicants were admitted to membership, which, with 25 previously admitted, aggregated 52 that have been added to the membership during the present month.
