

The Daily Review.

JOSH. T. JAMES, Editor & Prop. WILMINGTON, N. C. SATURDAY, OCTOBER 27, 1883.

Entered at the Postoffice at Wilmington, N. C., as second-class matter.

A recent table shows that 133 noteworthy fires were caused by the careless handling of matches during the year ended June 30 of this year.

The electric railway to the Giant's Causeway, running from Portrush to Bushmills, a distance of six miles, was successfully opened on September 28.

Persons who are accustomed to enjoy confidential relations with the President are intimating, in a roundabout way, that some important changes in the Cabinet are likely to occur.

perity, although he may organize the fragments of the republic and establish a condition out of which a measure of prosperity may ultimately come.

Dr. Karl Petterson, of the Fromso Museum, maintains that from the experience we have gained of late it may safely be assumed that the Polar basin is not during the whole summer or autumn covered with continuous ice.

The Belgian War Department has recently concluded a series of experiments on the water-proofing of soldiers' uniforms by the use of acetate of alumina.

PERSONAL.

Mr. H. J. Byron, the dramatist, is very ill. Miss Braddon writes about four stories a year. Miss Anna Dickinson is said to have given up trying to play Hamlet.

SHORTS.

Trichinosis is more prevalent than ever in Saxony. The treaty of peace between Chile and Peru has been signed. Thursday, November 8, is to be officially proclaimed as Thanksgiving Day in Canada.

MOONSHINE.

A dog in Washington county, Ohio, cured himself of a rattlesnake bite, by burying himself up to the ears in mud.

A Chicago man wanted a divorce because his wife persisted in singing hymns. The court just laughed at him, and he would have lost his case had not his lawyer summoned the wife to the witness stand and started her singing.

The custom of repeating and dividing the words of a hymn, still commonly practiced by certain chapel goers and preachers, has given some odd results from time to time.

Butler's claim that he possesses the only vital spark of state reform reminds the Springfield Republican of the citizen who once went to a very pious deacon for a subscription.

"I wouldn't be without Dr. Benson's Celery and Chamomile pills if they cost \$1 a pill. They cured me of neuralgia, of 9 years standing." Joseph Snyder, Paxton, Pa. 50 cts. per box. at druggists.

A woman who wants a charitable heart wants a pure mind. Dr. Benson's Skin Cure is without peer. It consists of both external and internal treatment and costs only \$1. per package. At druggists.

We have sufficient strength to support the misfortunes of others. That Husband of Mine Is three times the man he was before he began using "Wells' Health Renewer." \$1. Druggists.

The utility of virtue is so plain, that the unprincipled feign it from policy.

Ministers Sound its Praise. Rev. Mr. Greenfield, Knoxville, Tenn., writes as follows: "Samaritan Nervine permanently cured my son of epileptic fits." Here's food for thought. Sold by druggists, \$1.50

MEN'S MAN'S PEPTONIZED BEEF TONIC, the only preparation of beef containing its entire nutritious properties. It contains blood-making, force generating and life sustaining properties; invaluable for indigestion, dyspepsia, nervous prostration, and all forms of general debility; also, in all enteebled conditions, whether the result of exhaustion, nervous prostration, overwork, or acute disease, particularly if resulting from pulmonary complaints. CASWELL, HAZARD & Co., Proprietors, New York. Sold by Druggists, sat 1w

Loss and Gain. CHAPTER I. "I was taken sick a year ago With bilious fever."

"My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides, and I got so bad I

Could not move! I shrank! From 226 lbs. to 120! I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains left me, my entire system seemed renewed as if by magic, and after using several bottles I am not only as sound as a sovereign but weigh more than I did before. To Hop Bitters I owe my life.

R. FITZPATRICK. Dublin, June 5, '81. How to Get Sick—Expose yourself day and night; eat too much without exercise; work too hard without rest; doctor all the time; take all the vile nostrums advertised, and then you will want to know how to get well, which is answered in three words—Take Hop Bitters! oct 20 d&w 1m.

By One of the Fools.

"Why—pardon my remarking it—but, my dear old friend, how changed you are. I declare you must have lived, very high or very fast to have driven the color out of your hair and the spring out of your step this fashion."

"I am thirty-five years old," writes Mr. Charles H. Watts, of Somers, Putnam Co., N. Y., and had suffered from dyspepsia for fifteen years. Went round of the current remedies, falsely so called. Listlessly and without hope I gave PARKER'S TONIC a trial. The result may be stated in three words: "I cured me. I endorse now without hesitation. It is the dyspeptic's refuge." Mr. G. E. Cole, druggist, of Carmel, N. Y., certifies to the truth of Mr. Watts' statement.

Hiscox & Co. proprietors, call special attention to the fact that this preparation, which has been known as PARKER'S GINER TONIC, will hereafter be called simply PARKER'S TONIC. As unprincipled dealers are constantly deceiving their customers by substituting inferior articles under the name of ginger, and as ginger is really an unimportant favoring ingredient, we drop the misleading word.

Woman at the Wash-Tub.

The man who marries a woman just to make a drudge of her, or to use her as a mere household implement for doing domestic work, has a very low idea of matrimony.

The wear-and-tear on the woman who leads the life of a drudge is dreadful. On washing-day she is at the tubs with her hands in soak and soap.

It does not kill the woman outright. It enfeebles her, and thins her blood, and upsets her liver, and makes her a martyr, continually suffering grievous torment.
