Virginia, Mahone, true loved one. Wait till the clouds roll by!

Photographs taken in colors by the new process are said to be "all the rage."

Gen. Basil Duke's 14 year old daughter figures in Cincinnati as a musical prodigy.

The discarded son of an English nobleman is serving as steward on a Cunarder.

Fashionable New Yorkers now serve peanuts with the coffee and fruits. They are said to help digestion.

In every twenty-four hours an average of thirty-three criminals are discharged from New York penal institutions.

Last Monday was B. F. Butler's 65th birthday. The eminent statesman was therefore just 65 years and one day old when he died, on Tuesday.

St. Louis poker players have resolved themselves into "clubs for cultivating social and fraternal relation," so as to evade the terms of the recent decision against the game.

The Czar has decided to arm the Russian army with repeating rifles of the latest American pattern. He has just ordered 200,000 of these arms through a London firm.

In Alaska everything freezes solid by the middle of October, and remains so until spring. June, July and August are the only months that are even as warm as our coldest winter days.

Stamp collectors will be pleased to learn that a complete collection of stamps, according to the best authorities, cannot be purchased for less than twenty thousand dollars at the lowest figure.

Gossips are already at work marrying the Princess Louise Victoria Alexander Dagmar, eldest daughter of the Prince of Wales, now sixteen years old. The Duke of Portland is the happy man selected.

Cremation is now compulsory in Portugal, though as a concession to popular prejudice the dead may be temporarily committed to the earth, but at the end of five years all bodies so buried will be exhumed and reduced to ashes.

Two silver drinking cups are being made at Tiffany's for the Czar of Russia. They are decorated with burlesque designs, one being decorated with bears playing around in ludicrous attitudes, and the other with frogs in all sorts of positions.

The English mind is occupied with schemes of a new tunnel in which fears of French invasion have no part. The Isle of Wight, a famous summering place, is three miles and a half from Portsmouth, and it is proposed to dig a tunnel to it through the bed of blue clay which chiefly forms the bottom.

Miss Mary Anderson's phenomenal success at the Lyceum Theatre, London, continues to increase. The nightly receipts now exceed by fully \$1,000 those taken during the performance of the same piece, "The Lady of Lyons," by Mr. Irving and Miss Terry.

Mr. Archibald Forbes has written an article for the London Fortnightly Review maintaining that Bazaine was absolutely innocent of the treachery charged against him by the French, and that he deserved better of his country than most other prominent men of the Franco-German war period.

Dr. F. E. Chatard, of Baltimore, has received a letter from his son, Monsignor Chatard, Bishop of Vincennes, Indiana, one of the Catholic prelates who left for Rome to attend the conference of church dignitaries from this country with Pope Leo, stating that all the American prelates have safely arrived at their destination. The trip across the ocean was an unusually rough one, but excepting some slight indisposition on the part of a few, caused by the heavy seas, the tourists landed in excellent health. Bishop Chatard is prominently mentioned as a candidate for the vacant see of Philadelphia. Bishop Spaulding, of Peoria, Illinois, and Bishop Becker, of Wilmington, Delaware, are mentioned in the same connection.

For Pocket Knives or Table Cutlery go to JACOB'S Hardware Depot.

THE ELECTIONS.

The election news received to-day is in conformity with that published by us yesterday. New York is not altogether sure as yet, but there seems no reason to doubt that it has gone Democratic, with the exception of the probable defeat of Maynard, candidate for Secretary of State, who has run behind his ticket. The Tammanyites have been worsted, as they have four aldermen less to do their work. Robinson's majority is about 10,000. The Beast is reported as philosophical in his defeat, although it was unexpected to him. New Jersey has gone Democratic by a handsome majority. Virginia is certainly and gloriously Democratic all over and Mahone has met a veritable Waterloo. The popular majority will run up towards 20,000 and there is a handsome working majority in both houses. Maryland is Democratic, and so is Mississippi. Pennsylvania gives about 17,000 majority for the Republican ticket and Nebraska has gone Republican, as also Minnesota.

Pain in the back, which is often the sign of kidney trouble, is cured by the great pain-reliever, St. Jacobs Oil. A few thorough applications at night increase the circulation, remove the pain, and give health.

"Alvin Joslin's" wonderful diamonds sparkled in the sunlight on the North side of Market street this forenoon.

A meeting is to be held in Elizabeth City, on Friday night, in the interest of the Wilmington, Wrightville & Onslow R. R.

Read the warlike ad. of Mr. J. R. Melton as published in this issue. He has fresh advices from the front and claims to have been elected by a million majority.

The tramp nuisance continues unabated, and we will venture to say that there are least 20 of these obnoxious vagrants now roaming about our streets.

Higgins, cleared for Georgetown, Demerara, with 262,424 feet of lumber, valued at \$4,200, shipped by Messrs. Northrop & Cumming.

The New Bishop.

We are very much inclined to the opinion that Rev. A. A. Watson, D. D., Rector of St. James' Church, in this city, will be elected Bishop of the new Episcopal diocese. This opinion is founded upon letters received by a gentleman in this city from various parts of the diocese. These letters indicate that Dr. Watson is generally the choice of the clergy. As to selecting the cathedral city we believe the subject has scarcely been discussed, as yet.

Shocking Disaster at Laurinburg.

We understand that a very serious disaster happened last night at Laurinburg. There was a gathering of colored people in McLean's Hall, about forty persons being present, when first the floor, and afterwards the walls of the building, gave way and fell in a mass of ruins. There was a wild scene for a short time, but after all had been extricated it was ascertained that the disaster was much less than was at first feared. In all it is said that eight persons were injured, two of whom are very severely hurt and may die. Our informant could not furnish us with the names of any of the parties.

A New Organ.

The Messrs. Hook, of Boston, Mass., the famous pipe organ builders, have the contract for building a fine organ for the Front Street M. E. Church, of this city. It will take about three months to build it, and it will not be completed and ready for use until about the 1st of March next. It will be a splendid instrument, and, with the exception of that at the First Presbyterian Church, will be the largest organ in the city. It will contain 800 pipes, some of which will be 16 feet in length. The builders have a world-wide reputation for the excellence of their instruments, as they will not allow anything but first class workmanship in their establishment, and no organ can leave their manufactory until it is complete in all that relates to finish, action and purity of tone.

Luther's Birthday—How and Where Celebrated.

The North Carolina Evangelical Lutheran Synod has made arrangements to celebrate the 300th anniversary of Luther's birth on next Saturday, November 10th, at Concord. The following is the programme of exercises to begin at 10 a. m. on said day: Music. Prayer. Address by Rev. T. Ruple, on "The Cardinal Article of the True Church." Music. Address by Rev. M. L. Wood, on "The Influence of the Reformation on Education." Music. Address by Gen. R. Barringer on "Some Interesting History." Music. Address by Rev. F. W. E. Peschau, on "Luther as a Man and Reformer." Music. Address by P. B. Barringer—in German.

It will be seen from the above that the Presbyterians and Methodists unite with the Lutherans in the celebration in this State. This is also the case in Brooklyn, New York, St. Louis, Philadelphia and other cities where the Evangelical Alliance has made arrangements to unite with the Lutherans in celebrating the important historical event.

The South Carolina Evangelical Lutheran Synod will hold its celebration at Pomaria, S. C., where it is now in session. The Synod of Georgia and adjacent States will hold its celebration at Lake City, Florida. The Middle Tennessee Synod celebrates it, at Nashville, and so, East, West, North and South, celebrate an event, concerning which Dr. Southey, the poet laureate of England, said: "Blessed be the day of Martin Luther's birth—it should be a festival only second to the Nativity of Jesus Christ!"

The celebrated "Fish Brand" Gull Brand Twine is sold only at JACOB'S Hardware Depot.

The Young Men's Hebrew Association of this city will give their first entertainment of the season at Germania Hall to-morrow night.

The "Alvin Joslin Challenge Band" paraded our streets this noon. The music was very good, and the members were dressed in very pretty uniforms, while the drum major was especially gorgeous. By the way, did anybody ever hear of a drum major who did not wear a bear skin cap?

A Slight Fire.

At about 1:30 o'clock this afternoon the dwelling house of Henry Brewington, colored, on Bladen, between Fifth and Sixth streets, was discovered to be on fire. It was first seen by some one in the street, who notified the inmates of the house of the fact and then ran to the nearest fire-box and telephoned the fire to the City Hall, and thence it was sent to the fire alarm. In the meantime, however, a few buckets of water had extinguished the flames before any material damage had been sustained. The fire department turned out promptly, but as the fire was out before the alarm was given, their services were not called into requisition.

Delegates to Convention.

At a meeting of the vestry of St. John's Church, held last night, the following were elected delegates to the Episcopal Convention to be held in Newbern, viz:

Delegates—Col. S. I. Fremont, Dr. W. H. Green, Capt. C. D. Myers and Berry Gleaves.

Alternates—Jno. E. Lippitt, Gen. M. P. Taylor and two others.

The Vestry of St. Mark's also met last night and chose the following:

Delegates—John G. Norwood, John H. Davis, Henry D. Sampson, Samuel Reid.

Alternates—Joseph D. Sampson, William Stewart, John Nixon, Valentine Howe.

Col. Craighill.

Col. W. P. Craighill, the U. S. Engineer in charge of the river and bar improvement works in the South Atlantic States, arrived here last Tuesday morning on a tour of inspection. He proceeded direct from the train to the boat and steamed down the river accompanied by Hon. A. H. Vant Bokkelen, Chairman of the Chamber of Commerce, and Mr. Henry Bacon, the engineer in charge of the works. He returned yesterday and after passing a part of the day in the city, left on the Northern train last night on his return to Baltimore where his headquarters are located. We understand that Col. Craighill made a close and careful inspection of the works below here and expressed himself as highly pleased with the progress which had been made.

Victory!

Melton Elected by One Million Majority!

THE OLD ADAGE SAYS: "THE PROOF OF THE pudding is the eating of it." The proof that one's method of doing business is good, is not what he says, but in what he does; not what he advertises, but in what he performs; not in what he claims, but in the results. Business success gained by fair, uniform and honorable dealing with patrons, by selling good goods at the lowest prices, by conducting the business to the mutual benefit of both buyer and seller, is a true success. We have been in business in this city fourteen years and by fair dealing have been successful in gaining one of the largest clothing trades in this city.
