THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C., THURSDAY, NOVEMBER 15, 1883. NO. 270

The colored fair opened in Raleigh on Tuesday, and under very favorable auspices.
Florida travel has set in briskly, and a larger number of winter sojourners is expected this year than ever before.
The first of the Pennsylvania excursionists are in Raleigh, where they are being handsomely entertained. There are twenty in the party and one of those is a lady.
Mr. Henry Watterson, having expressed some desire to discuss the Tariff Question publicly, Prof. Van Buren Denlow challenges him to a public controversy "before any such audience as may choose to assemble at such times and places as Mr. Watterson may appoint at the city of Louisville and elsewhere within the range of the circulation of the Louisville Courier Journal."

Revised figures of the New York State election give Carr, rep., for Secretary of State 17,069 over Majnard, dem.; Chapin, dem., for comptroller, 16,284 majority over Daventon, rep., and O'Brien, dem., for attorney general 8,776 over Russell, rep. The majority for O'Brien does not include the figures of Kings county, which will probably give him 2,000 more. The Assembly will be composed of 72 republicans and 56 democrats. The Senate stands 19 republicans and 13 democrats. In Brooklyn, Lowe, for mayor, had 1,840 majority. In Pennsylvania, Niles, rep., for auditor, has 16,732 majority, and Livezey, rep., for treasurer, has 19,705 majority.

The moon's influence on the weather has been greatly exaggerated, but the full moon season, now at hand, has been found in the Arctic regions, by such close observers as Sir John Ross, Dr. Kane and Sir Leopold McClintock to correspond with periods of greatest cold.
The following is a list of Marshals for the approaching Sampson County Agricultural Fair, which will be held at Clinton on the 5th, 6th, 7th and 8th of December next:
Chief Marshal—James T. Murphy, Assistant—Messrs. E. W. Kerr, M. J. Herring, D. M. Peterson, Geo. Marable, H. L. Oates, J. A. Stevens, W. B. Stewart, D. C. Patterson, Joseph Faison, Ben. R. Owens, Jas. F. Moore, W. R. Allen, L. Richardson, Charles Cox, Wm. L. Hill, Charles Worth, Thos. Radcliffe, Jas. Williams.

On Sunday next, the 18th inst., the change of time, as agreed upon by the Railroad Time Convention held in New York recently, will go into effect with the railroads here. This will make the railroad time eight minutes faster than the town time. The change will go into effect on all roads between New York and Atlanta and we suppose that the general time everywhere will soon be made to conform. There will also be a general change of schedule on Sunday to correspond.

Milton Nobles, who needs no introductions to a Wilmington audience, will appear in his own play of "A Man of the People" in this city on Monday evening next. Of him the St. Louis Times says: "The Grand Opera House was crowded last evening in every part, and the applause greeting 'A Man of the People' testified to the popularity of the play and the distinguished actor who gave it birth. Mr. Milton Nobles possesses remarkable drawing power. His performance is strikingly original, and in his support this year he has been peculiarly successful."

Quite a number of persons arrived this morning to attend the Synod. We trust all of our visitors will be pleased with their sojourn among us.
A tramp had an audience with the Mayor this morning. After the interview his trampship was provided with a special escort to the limits of the city.
Anybody can catch a cold now. The trouble is to let go, like the man who caught the bear. We advise our readers to keep a bottle of Dr. Bull's Cough Syrup handy.
Mr. Ariel N. Barney, business manager for Mr. John T. Raymond, is in the city making arrangements for Mr. Raymond's appearance here in his new play "In Paradise" on the 22nd inst.

Sunday, the 18th inst., is the date fixed upon for the adoption of the new standard of time. Evening services will be held in the different churches at half-past nineteen o'clock on that date.
The Little Giant horses were drilled for a short time last night and showed a remarkable degree of intelligence. Their new harness will be suspended to-night and the horses again practiced.
Workmen were engaged in digging up some old sills and cross-ties on Market street this morning. The sills and ties were those used by the street car company when that institution was in operation.
The immense iron safe of the Carolina Central Railroad Company was successfully lowered from the third floor of the Murchison Building this morning and was taken to the new offices of the Company.

Senator Riddleberger, of Virginia, in a talk with a Herald reporter says that he is completely in accord with Mahone, that the Roadjusters will maintain their organization, and, as Roadjusters, seek representation in the National Republican Convention, and that they are for Arthur, because Arthur is for Virginia. Riddleberger further admitted that the election in Virginia had decided the Presidential contest.
Philadelphia Record: The most important result of the New York election is to strengthen C. A. Arthur as the next Republican candidate for President. If New York declares for Arthur in the next Republican National Convention he will probably be the candidate of his party, and there is good reason to believe that New York will so declare.

Messrs Munds Bros. & DeRosset presented, through the Secretary of the Synod, Rev. Mr. Lacy, each member of that body a printed invitation tendering the free use of their soda and mineral water fountain during the Synodical session.
The constables and special officers are on the lookout for the escaped prisoners but have not captured any of them. Numerous reports reach the city in reference to their lurking places, but when the officers get to them the birds have flown.
Thanks to Mr. O. L. Cneanutt, Secretary, for a complimentary ticket (the second received) to the 9th Annual Fair of the Sampson County Agricultural Society, to be held in Clinton on the 5th, 6th, 7th and 8th of December.

Thanks to Mr. O. L. Cneanutt, Secretary, for a complimentary ticket (the second received) to the 9th Annual Fair of the Sampson County Agricultural Society, to be held in Clinton on the 5th, 6th, 7th and 8th of December.

The moon's influence on the weather has been greatly exaggerated, but the full moon season, now at hand, has been found in the Arctic regions, by such close observers as Sir John Ross, Dr. Kane and Sir Leopold McClintock to correspond with periods of greatest cold.
The following is a list of Marshals for the approaching Sampson County Agricultural Fair, which will be held at Clinton on the 5th, 6th, 7th and 8th of December next:
Chief Marshal—James T. Murphy, Assistant—Messrs. E. W. Kerr, M. J. Herring, D. M. Peterson, Geo. Marable, H. L. Oates, J. A. Stevens, W. B. Stewart, D. C. Patterson, Joseph Faison, Ben. R. Owens, Jas. F. Moore, W. R. Allen, L. Richardson, Charles Cox, Wm. L. Hill, Charles Worth, Thos. Radcliffe, Jas. Williams.

On Sunday next, the 18th inst., the change of time, as agreed upon by the Railroad Time Convention held in New York recently, will go into effect with the railroads here. This will make the railroad time eight minutes faster than the town time. The change will go into effect on all roads between New York and Atlanta and we suppose that the general time everywhere will soon be made to conform. There will also be a general change of schedule on Sunday to correspond.

Grand Encampment.
The Charlotte Observer has it from good authority that arrangements are already being made for a grand encampment for the State Guard, at Warm Springs, next summer. The encampment will run through ten days, and every member of the Guard will be paid by the State the same wages per day that he would have received by staying at home. They are to be provided with tents, blankets, grub, gin and everything necessary for a genuine good time. Transportation will be free and not a member will be put to any expense. This is doing the handsome thing by our soldier boys and is calculated to inspire a revival of the military spirit throughout the State, and we believe that the idea will be received with general favor by our people.

Emeralds.
Emeralds was presented last evening at the Opera House by the Madison Square Theatre Company, notwithstanding the fact that the company contained some actors of acknowledged ability, the performance upon the whole was not as satisfactory to the audience as when the play was rendered by comparatively unknown actors. In short, we think the cast was an injudicious one. We were not pleased with Miss Dillon's *Emeralds* nor with Mr. Wheeler's *Dave*. Their parts did not suit them and we know they could have appeared to better advantage in other roles. The scenic effect was good, and notwithstanding the fact that the curtain did not roll up on the first act until a few minutes to 9 o'clock, the play was honestly given in every particular. Not a line was cut. We hope the next time the troupe shows here they will not be compelled to jump directly from the train to the stage.

The Furious Flames.
The chiefs of the Fire Departments recommend the great pain-banisher, St. Jacobs Oil. Mathew Brady, Esq., Chief Engineer Fire Department, San Francisco, Cal.; W. A. Hart, Esq., Chief Engineer Fire Department Portland, Oregon, endorse it. It conquers pain.
