Mrs. Capel to a Chicago audience: I do not like to be rude, but the assertion that the Catholic Church is opposed to education is a distinct falsehood.

Bishop Wingfield told the General Episcopal Convention at Philadelphia that very few of the eighty millionaires of San Francisco are disposed to do anything for the cause of religion. There are 49 of American birth, 18 Irish, 8 Jews, 5 Germans, 4 English, and 1 French. Only one is a member of a Protestant Church.

The inevitable reporter, says the Savannah News, intercepted Gen. Wade Hampton the other day at Selma as he was on his way to his Mississippi plantation, and wrung the opinion out of him that the East and West ought to furnish the Democratic Presidential candidates; while the South, including the distinguished Senator himself, should not be considered in that connection.

Besides her opera, dramatic and May musical festivals, Cincinnati is to have a gigantic minstrel festival, to be given in the great Music Hall for the week beginning January 7, by the Frohman Bros., of the Madison Square Theatre in conjunction with Manager Miles, of Cincinnati. There will be 110 performers, while the supplemental chorus and supernumeraries will swell the number on the stage to fully 500 people. The College of Music people are very angry at finding that their music hall is rented for such a performance.

The poor sufferer that has been doing himself with so called Troches and thereby upset his stomach without curing the troublesome cough, should take our advice and use at once Dr. Bull's Cough Syrup and get well.

THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C., FRIDAY, NOVEMBER 16, 1883. NO. 271

Fire.
The roof of the residence of Mr. S. H. Terry, on Harnett, between Sixth and Seventh street, in the Northern part of the city, was discovered to be on fire this morning about 9.30 o'clock and was promptly extinguished by persons in the neighborhood. The alarm was sounded and the fire department were promptly on the street, but did not reach the scene of excitement, as they were turned back at the corner of Fourth and Hanover streets.

The Lucky Man.
At the "Mun" party given by the Dorcas Society of St. Paul's Lutheran Church, on Wednesday night, the beautiful ship, which has been on exhibition at Heinsberger's for some weeks, was raffled off. Mr. H. T. Bauman was the lucky man, in consequence of which he is now owner, captain, supercargo, all hands and the cook of a fine-looking ship as there is in Wilmington. Captain Bauman, we congratulate you and wish you *bon voyage!*

More Wedding Bells.
Quite a large number of friends assembled at the Front Street M. E. Church last evening to witness the marriage ceremony of Miss Laura eldest daughter of the Rev. Frank H. Wood, to Mr. W. F. Ellis, all of this city. The ceremony was performed by the bride's father. The happy pair, after the ceremony, repaired to the parsonage of the M. E. Church, the residence of Rev. Mr. Wood, where they received the congratulations of their numerous friends. Many beautiful and costly presents were arranged for inspection, which had been tendered as tokens of love to the charming bride and her life partner. We select from our stock of congratulations, the handsomest and best and lay them at the feet of the happy pair.

"The World."
"The World" Company arrived here this morning and are registered at the Parcels House. They will appear to-night and to-morrow night in the above named play, of which the Brooklyn (N. Y.) Union speaks as follows:
Mr. J. Z. Little appeared in "The World" last evening at the Grand Opera House before a large audience, among which were many actors whose faces are familiar about Union Square and the dramatic agencies Mr. Little, as *Harry Ellison*, in his determined protection of the innocent heroine, went through all the dangers of abduction, shipwreck, poison, prison, starvation and a score or more of attempted murders, and illustrated a physiological toughness that elicited loud and long demonstrations of sympathy.—Miss Jackson is worthy of especial mention. The six tableaux of the piece are worth the price of admission.

The Pennsylvanians.
It has occurred to us that it might be well for the people of this city and section to extend an invitation to the Northern capitalists from Pennsylvania and Massachusetts, who are to visit North Carolina this fall, to run down and see us here during their trip to the State, and we therefore cheerfully give place to the following:
EDITOR REVIEW:—
I have noticed through the *Farmer & Mechanic and News & Observer* that two parties of Northern capitalists will visit North Carolina this and next week with the view of investment, if a suitable field should offer. I see that the citizens of Newbern have held a meeting to take steps to invite them to that portion. Now, what say the people of your city? Will they make an effort to get them to visit our section or not? It strikes me that this section offers up a fine field for investment; there is no doubt about its being the best portion of the State for fruit and truck growing and there are thousands of acres of good land lying idle along the rivers and railroads that could be purchased very cheap. Take, for instance, the lands around Burgaw. They are as well adapted for fruit and truck growing as any land in America and within 24 hours of the New York market, and then, when we turn to water power for factory purposes, look at Colly Mills, one of the strongest water powers in the State. It is a stream, nearly one hundred miles long, emptying into Black River 35 miles above Wilmington and within three hours' run by steamboat. Then a few miles above here, is Bannerman's or Shaw's mills, supplied by Black Lake, an immense body and fully as strong as Colly. Either of these would run as large a cotton factory as there is in the State, and how few persons outside of the immediate neighborhood know anything about them! Invite these capitalists to come among us, show them the natural facilities we have, unite their capital with our energy and let's build up the best country the sun ever shone on.

Yours &c., R. P. PADDISON.

PRESBYTERIAN SYNOD.
SECOND DAY—AFTERNOON SESSION.
In the afternoon, Rev. L. C. Vass, the Synodical Agent of Sabbath Schools, made an interesting report on this subject. Mr. Vass reported 154 schools, with 1,341 teachers and 10,418 scholars; 342 scholars have been received into the Church. The contributions for school purposes were: For school purposes \$2,373, and for benevolence \$1,269. On the subject, Rev. Roger Martin, of Shoe Heel, made extended and earnest remarks, urging the attendance of older people with their children, and commending the holding of Presbyterian Sunday School Conventions. Rev. J. W. Primrose also made an interesting address on the subject. Remarks were also made by Rev. Messrs Elyans, Winn, Rev. Dr. Rockwell and others.
It was ordered that the stated clerk have the earlier records of the Synod copied; the original records then to be deposited for safe keeping in the archives of the Presbyterian Historical Society.
Synod recessed from business till after public worship in the evening.
After divine service, Major Robert Bingham, Superintendent of the Bingham School, made an address, presenting specially the Davidson College Improvement Society, but treating with much force and originality of the need of higher culture, and the special advantages and necessities of Davidson College. His address was listened to attentively to the very close. His work for education in the State, in normal schools, teachers' institutes, and educational associations, gave his opinion great weight. His commendation of Davidson College as a Presbyterian institution of high merit was intelligent and sincere. He claimed for it a position not equalled by any denominational institution South of the Potomac. An immediate effort was made in behalf of the Society, and nearly four hundred dollars were raised.
Synod adjourned till to-day, at 9.30 A. M.; and was closed with prayer by Rev. D. D. McBrude.

THIRD DAY.
Synod met pursuant to adjournment and was opened with devotional exercises.
Minutes of yesterday read and approved.
Committee on Records of Mecklenburg Presbytery made a report, which was adopted.
Agent of Publication made his report which was received. This elicited discussion by Rev. S. Taylor Martin and others. It was full and able and was heard with attention. Pending discussion on the report the Committee on Devotional Exercises made a report, which was approved.
The report of the Agent of Publication was again taken up and, after remarks by various members, was approved and the resolutions appended, adopted.
The Agent of Publication offered his resignation, which was accepted and the thanks of Synod were tendered him for his faithful services.
Agent of Sunday Schools tendered his resignation, which was not accepted.
Agent of Evangelistic Labor tendered his resignation which was accepted, and Rev. J. C. Alexander, Presbytery of Orange, was elected to the vacancy.
Rev. J. M. Rose, was elected Agent of Publication.
Rev. Frank H. Wood, of the Front Street M. E. Church, being present, was invited, by a standing vote, to sit as a visiting member.
Agent of Sustentation made his report, which was received and adopted. The report was quite detailed and in interesting, eliciting remarks from Rev. Jos. Evans, Dr. Hill and others.
Committee on the report of the Trustees of Synod made report, which was received and adopted, and the following were elected Trustees to serve for one year: Col. John E. Brown, J. B. Rankin, J. L. Brown, R. I. McDowell, J. H. Welborn, D. F. Cannon and E. B. Stimson.
Committee to prepare an address to the Churches made report. Rev. Dr. Sprunt read the address to the Churches as prepared by the committee, which was heard with close interest by the Synod. It was adopted and ordered to be published and read to the Churches. Synod took recess until 3 p. m.

Are We Prepared?
Charleston, Savannah and more recently, Norfolk, have been visited with large and terrible cotton fires. It is to be hoped that Wilmington is to be spared the affliction that has been visited upon our sister cities. But if a fire should break out at either of the cotton compresses in this city would our fire department be able to cope with the devouring element. The engines could not get nearer than a block to them and it would be almost an impossibility to stretch a line of hose from Water street to the water front of the presses, as the hose would have to run through the buildings or down the platforms to the wharf. We imagine that the heat would be more than the hose could stand, even if our gallant firemen could face a thousand burning bales of cotton.
