# THE DAILY REVIEW.

VOL. VII. WILMINGTON, N. C., SATURDAY, NOVEMBER 17, 1883. NO. 272

The Daily Review has the largest circulation of any newspaper published in the city of Wilmington.

Susan B. Anthony is being treated for heart disease.

During the late Senator Randolph's term in the Senate he gave all his salary to charitable and benevolent purposes.

Gen. W. S. Harney, the veteran Indian fighter, has taken quarters at a St. Louis hotel for the winter. He is 83 years old.

The Governor of Virginia, according to the Savannah News, is waiting to go out of office before engaging in three different duels.

Mrs. Frances Bryant of Fulton, N. Y., wears a dress skirt like other women, but above that shines out a man's coat, vest, collar and Derby hat.

Emily S. Rice was elected county clerk of Harper county, Kansas, last week, by over 300 majority. She is the first woman ever elected to the position in Kansas.

Temperance reformers have the good wishes of almost everybody, but prohibition don't set well on any class of stomachs. According to such good Republican authority as the Chicago Tribune, prohibition, whether constitutional or statutory, will not have the support of the new Iowa Legislature.

When a lecturer has worked the ladies of his audience so near to the weeping point that they have gotten out their handkerchiefs, and then suddenly changes his tone and speaks of the merits of Dr. Bull's Cough Syrup he is bound to rouse a feeling of indignation.

There were no interments in Bellevue Cemetery this week.

The receipts of cotton at this port today foot up 430 bales.

There was one interment in Oakdale Cemetery this week an adult.

Only one case of drunk and down before the Mayor this morning which was dismissed.

There were two interments in Pine Forest Cemetery week; one adult and one child.

The atmosphere was cold, raw and uncomfortable this morning, and there were indications of snow.

There is an unmailable letter in the postoffice addressed to Mary Warren, in care of Thomas Hood.

The Register of Deeds issued six marriage licences this week, three of which were for white and three for colored couples.

Prof. E. A. Alderman, First Assistant of the Goldsboro Graded Schools and an earnest educator, is on a brief visit to his relatives and friends in this city.

Many of the pulpits in the city will be filled to-morrow by Presbyterian clergymen who are here in attendance upon Synod. The appointments to the different pulpits are made in our church notices in to day's issue.

The new harness for the Little Giant's horses has been suspended and works like a charm. The horses were practiced last night and the handsome animals were out of the stalls and hitched to the engine ready for a start in fifteen seconds after the signal of alarm was given.

Capt. F. M. James will, as is his annual custom, take provisions, etc. around to the poor and needy of the city on Wednesday, the 28th inst., day before Thanksgiving. Any contributions of the kind left either at the stores of Mr. S. B. Huggins or West & Co., will be distributed by Capt. James. Remember the poor.

Milton Nobles in his own play of "A Man of the People" will appear at the Opera House on next Monday night. Mr. Nobles has been peculiarly fortunate this season in securing excellent support and his present company is said to be superior to any he has ever had. We bespeak for him the patronage he is so justly deserves. In this connection we will say it is to be hoped that the managers will have the Opera House properly heated.

### Moved to Florida.

Mr. John L. Holmes and family have moved to Jacksonville, Florida. They have only temporarily moved from here, but may conclude to make Florida their home as two of Mr. Holmes' sons are in business there. We regret to learn that Mr. H's health is poor and trust he will find the change beneficial to him.

### "The World."

Mr. J. Z. Little and company appeared at the Opera House last night to a rather slim audience in a "realistic play" entitled "The World." Of the play and plot, and also of the troupe, we have nothing to say in commendation. It would be a misnomer to call the members of the troupe actors. The scenery was good and worked smoothly. The raft scene was really very fine and the moonlight panorama would have done credit to any troupe or stage. The audience seemed to be kept in a good humor during the play and frequently lost control of their risibles, but we suppose it was laughing over the ridiculousness of the troupe calling themselves "a superb dramatic corps."

Governors of states, mayors of cities, prelates of the church, endorse and recommend St. Jacobs Oil, the great pain reliever.

### A Fisherman's Opinion.

"Seining in the Sounds with lights is ruining the fishing," said a fisherman to us at the market a day or two since. "See," said he, stepping up to his cart, "these are mullets which should not be taken out of the water; they are not three inches long and unless a stop is put to it by law there will not be mullets enough in two or three years to supply the restaurants alone. I catch them because others do, and as I make my living by fishing I am compelled to push my business with the same vigor that others use. It would be folly for me to throw these small fish back in the water, because they would swim along with the tide and be caught with the next seine, which would hardly be one hundred yards from mine. Now if the law would prohibit the catching of such fish it would be better for all of us, but until it does small mullets will continue to be caught until the stock is run out. Whole schools of these small mullets are caught nearly every night but if they were allowed to remain in the water until next year they would have grown to be large fish and by that time divided up into schools each of which would propagate. I tell you, sir, it is wrong and should be stopped but as I said it is no use of my stopping unless the others do."

### Change of Schedule—Change of Time.

On and after 1:05 a. m. to-morrow an important change of schedule will go into effect on the Wilmington & Weldon Railroad; and on and after 4:30 a. m. to-morrow a corresponding change of schedule will go into effect on the Wilmington, Columbia & Augusta Railroad. At 12 o'clock, noon, to-morrow there will be a change in the standard of time, when it will be advanced 8 minutes, in consequence of which Capt. John F. Divine, Superintendent of the above named roads, has issued the following circular for the guidance of employes of the roads, but which are also of importance to the traveling public:

After 12 o'clock noon of Sunday, November 18th, 1883, the standard time of these railroads will be that of the 75th Meridian, designated as the "Eastern Standard," and 8 minutes faster than Washington time, which has heretofore been the standard time on these roads for governing the movement of trains. The clocks at the various depots will at the above mentioned time be changed to correspond with the new standard time, and the watches of all employes must be governed by it, as provided in the General Rules. Therefore at 12 o'clock, noon, of Sunday, November 18th, 1883, all officers and employes of these roads, including train, section and station men, whose duties require that they should have the correct time for trains, will report at the most convenient telegraph office, and receive the time as given from the general office to the station operators, and all station clocks and employes' watches must be changed to correspond. All station operators will be at their instruments on that day 5 minutes before 12 o'clock, noon, Washington time, and remain until the new standard time is given. At points where there is no telegraph office, station agents and employes, will, on Saturday, November 17th, regulate their clocks and watches by the watches of the conductors of the afternoon passenger trains; then on Sunday, November 18th, at noon, they will set their clocks and watches 8 minutes faster, and verify the same on Monday, November 19th, by the watches of the conductors of the forenoon trains.

### THE PRESBYTERIANS.

#### THIRD DAY—AFTERNOON SESSION.

In the afternoon business was resumed. The time for the next meeting of Synod (Winston was yesterday fixed as the place) was fixed on the Wednesday before the first Sabbath in October, 1884, at 7 1/2 p. m.

The order of the day was to hear the report of the Agent of Evangelical Labor. Rev. C. M. Payne made his report, showing an increase in the number of evangelists, amount of contributions and aggregate of work done. There are in the Synod 5 Presbyteries, 231 churches and nearly 20,000 communicants, a net gain during the year of 4 churches and 929 members. Total amount contributed for evangelists work, \$3,290. Remarks were made by Messrs. Alexander, Law, Arrowood, Kumble, Hill, McDonald, Martin, and Woods, as to work done by them or others in the evangelistic field. An interesting address was also made on the need of the Synod's engaging in evangelistic work, by Rev. B. F. Marable. His speech made a decided impression, and who listened to with much interest. The report of Evangelistic Labor was then adopted.

The committee on Statistical Reports made a report through their chairman Rev. S. M. Smith. This report was docketed for further consideration. The following facts appear from the report: According to the reports of Presbyteries there are 116 ministers and 231 churches, a decrease of four ministers and an increase of two churches. Ten ministers have been received—Twelve ministers have been dismissed. There have been two licenses and three ordinations. There have been twelve installations and the pastoral relations have been dissolved eight times. Three churches have been organized. There are twelve candidates for the gospel ministry, six having been received during the year. There have been four deaths in the ministry: Rev. Thomas Pinckney Johnston and Rev. Pierce Harrell, of Concord Presbytery; Rev. William Malcolm McGilvary, of Mecklenburg Presbytery, and Rev. Robert Austin Wailes, of Orange Presbytery.

In the evening session, the report of the Agent of Foreign Missions, Rev. R. Z. Johnston, was made and accepted. Mr. Johnston made then some remarks of special encouragement in the work of the Synod. He was followed by Rev. Dr. Wilson, who read an interesting letter from Rev. Dr. Leighton Wilson, the Assembly's honored and venerable Secretary of Foreign Missions—and, after a few words with reference to this man whose life-long consecration to this cause called for admiration and gratitude, Dr. Wilson made an effective and tender address, urging consecration of soul and consecration of property. Faith leads to prayer and prayer is transmuted to gold, and God condescends to use gold for the conversion of the world. Rev. Dr. Hill next addressed the Synod on the progress of missions. After the address of Dr. Hill, a collection was taken for this cause.

The Agent of Foreign Missions, Rev. R. G. Johnston, tendered his resignation, but the Synod declined to accept it. Synod then adjourned with prayer by Rev. George M. Gibbs.

#### FOURTH DAY—MORNING SESSION.

Synod met pursuant to adjournment and was opened with devotional exercises.

Minutes of last meeting read and approved. Rev. J. N. Craig, D. D., Synod of Memphis, and Rev. M. H. Houston, Synod of Virginia, were invited to sit as corresponding members.

Thanks of Synod were tendered to Rev. C. M. Payne, Agent of Evangelical Labor, for past faithful services. Committee on Treasurer's Books made report which was adopted.

Committee on Records of Wilmington Presbytery made report which was adopted. Committee on Bills and Ordinances made report, which was received.

The Order of the Day was taken up and Synod heard the address of Rev. J. N. Craig, D. D., Secretary of Home Missions. The second order of the day, which was to hear the memorial of deceased members, was taken up and memorials were read by the Committees appointed as follows: Rev. D. Rockwell read memorial of Rev. T. P. Johnston; Rev. W. S. Lacy read memorial of Rev. Wm. M. McGilvary; Rev. J. A. Ramsay read memorial of Rev. F. P.

Harrell, and Rev. J. N. H. Summerell read memorial of Rev. R. A. Wailes. After the memorials had been read remarks were made by various members of Synod and reports of these Committees were adopted by a rising vote, and the Synod was led in prayer by the Rev. J. Rumple, D. D.

It was ordered that a collection for Home Missions be taken up to-night after Synodical Communion. Committee on Systematic Benevolence made report, which was received. Committee on Minutes of General Assembly made report, which was received and approved. Synod took a recess until 3 p. m.

#### Plush and Satin.

Mr. John H. Hardin has at his drug and seed store an elegant assortment of plush and satin toilet cases—just the things for Christmas, wedding and holiday presents. All of his assortment are of new designs and are really very handsome. See his adv. elsewhere.

#### Postoffice Hours.

The change of schedules on the different railroads involves a change in the time of opening and closing the mails at the postoffice, as will be seen by reference to the postoffice directory in another column. Hereafter the time adopted by the railroads will be the hours by which business will be transacted at the postoffice.

#### Fire this Noon.

The alarm of fire was sounded this morning caused by the burning of the roof of the dwelling of Robt. Sweet on the corner of Sixth and Brunswick streets. The department turned out promptly but did not reach the scene of conflagration as the fire was extinguished in short order by persons in the neighborhood. Very little damage was done to the building.

#### Western Apples.

The Asheville Citizen, speaking of the arrival here last week of the large shipment of apples from Pigeon River, as reported in the REVIEW says: Mr. Reno told us he had shipped over 2,000 bushels himself this season. Mr. Solomon Luther shipped last week over 400 bushels from Hominy Station. And our people are getting satisfactory prices, too. Cabbages are also being shipped, we learn, to Southern markets by the car load.

#### Returned.

Mr. John Taylor, of "Taylor's Bazaar," as will be seen by reference to our advertising columns, has returned from an extended trip to the Northern cities, where he has selected an elegant assortment, in almost endless variety of Fall and Winter goods. These he has displayed in an attractive style and we predict for them a rapid sale.

#### Almost a Fire.

This morning about 7:30 o'clock an old drawer, containing a lot of antiquated papers, was discovered to be on fire in the second story of the building on Front street, occupied by Mr. C. M. Harris as a news stand. The drawer was placed against an open fireplace and it is supposed that the chimney being foul the soot was ignited by the sparks of a stove pipe, a portion of the burning soot falling into the paper in the drawer, and setting it on fire. Damage light and covered by insurance.

#### A Foul Chimney.

Last night about 11 o'clock a foul chimney at the residence of the Misses Hill, on Second between Market and Princess streets, was discovered to be on fire. An immense volume of sparks poured from the chimney for at least fifteen minutes and fears were entertained that the shingle roofed building adjoining would be set on fire. Chief of Police Brock was on hand and had the building closely watched and the sparks extinguished as soon as they fell on the shed, thus preventing what would otherwise have been a large fire, as the tinder boxes adjoining would have undoubtedly been fuel for the devouring element.

At the 5 and 10 cent store, on Second street, Mrs. Warren's old stand, are many useful and very cheap household articles. It will pay you to visit the store whenever you are down street. See the adv. elsewhere.

Mr. D. R. Allen, who was in the city a short time ago as manager of the "Top of the Morning" Co., was murdered at Vicksburg, Miss., a day or two ago by Mr. Stark, the agent of the company. No particulars have yet reached us.

From childhood to age, all use St. Jacobs Oil for all kinds of bodily pains. It cures.

Silver Plated Spoons and Forks, low prices, at JACOB'S.

### MARRIED.

SMITH—GARRELL—At the residence of the bride's father, on Tuesday evening, 13th inst. Mr. JOSEPH D. SMITH and Miss ALICE F. GARRELL, all of this city.

### DIED.

TRASK—Died in this city, Nov. 17, 1883, Mrs. SARAH R. TRASK, aged 40 years. The funeral will take place from the Second Presbyterian Church at 3:30 o'clock, to-morrow (Sunday) afternoon. The friends and relatives are invited to attend.
