

The Daily Review.

TUESDAY, NOVEMBER 20 1883.

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

STATE NEWS.

Stonewall Enterprise: The Free Will Baptist Conference held at Star Church, about one mile from our town, commencing on Thursday of last week and closing on Thursday of this week, was very largely attended. Pamlico county was not had as many people to visit it before in many days, if ever.

Beaufort Telephone: The largest catch of menhaden ever known in one week on the coast of North Carolina was made by the N. C. Oil and Guano Company. They landed about eight hundred and sixty thousand, which made about one hundred barrels of oil in addition to the scrap which is sufficient in amount to load several vessels.

Tarboro Guide: We have no doubt a great many who visited our Fair did not notice the model of a miniature steamboat in a glass case. It was made by Master T. P. Bowen, of Washington, N. C., only 12 years old. It was beautiful in design, well rigged and equipped and pronounced by old mariners to be perfect in every respect.

Goldboro Bulletin: The fish business in the city of Newbern and Morehead is no pin hook business. We noticed unloaded from the A. & N. O. R. R. to the W. W. & N. C. Roads the other day 18 dray loads and the express wagon load of fresh fish, and the express agent Mr. Smith tells us that this was no unusual occurrence.

Scotland Neck Commonwealth: Mr. W. T. Whitehead, residing near this place, has a field of 40 acres in ground peas which he says will yield an average of 150 bushels per acre. This is a profitable crop. From the entire field he will obtain probably 6,000 bushels, which will bring an average of \$1.25 per bushel making \$7500 for the crop.

Snow Hill Telephone: Mr. James A. Bryan, who has many friends and relatives in this county, has been unanimously elected Washington Birthday Orator by the students of the University of North Carolina. On Monday night Mr. F. G. Newberry, Deputy Supreme Protector, organized in our town a lodge of Knights and Ladies of Honor, with a charter membership of twenty-five.

Newton Enterprise: Rev. M. L. Shuford, vice president of the Potomac Synod, lately convened at Newton, after preaching a funeral on Saturday, the 3rd inst., at St. Paul's and three sermons on Sunday, the 4th, two at Newton and one at Anville, left on the 11:45 train for his home in Maryland. Before reaching Washington he took a cold, from which he died on Wednesday, the 7th inst., at the house of a friend, Mr. Burdine, in Washington.

Charlotte Observer: Yesterday, at Shelby, the trial of Burt Ellis, the negro charged with the murder of Mrs. Wm Logan, near King's Mountain, on Friday evening, October 19th, was concluded, the jury finding a verdict of "guilty" almost as soon as the case was given them by Judge Gilmer. He immediately upon receiving the verdict of the jury, the court passed sentence of death upon the prisoner, condemning him to be hanged on the 14th day of next December.

Statesville American: Mr. Joel Bentley, who lives near Moravian Falls, has raised a table beet this year which weighs 18 pounds, another 13 and another 12. Mr. Hiram Pearson, of Little River township, Alexander county, has numbers of cabbage heads which weigh 25 pounds. Saturday last Mr. J. R. Abernethy, of Cool Spring township, was at work at his cotton press, an old-fashioned one, when the heavy block or head piece fell on him, breaking his nose and cheek bone on one side of his face, cutting a gash in the back of his head and laying the back of one of his hands open to the bone.

Newbern Journal's Snow Hill correspondence: "Captain James F. Jones, one of our largest cotton planters, died at the home of Mr. J. G. Britt, this county, a few days ago. During life he reached the enormous weight of 495 pounds; in all probability the largest man known in the State." A few years since Mr. Jones was said to be 12 feet in girth, and his weight was estimated at 700 pounds. He had a buggy made especially for his use, and the doorways in his house were all of double size. He would never permit himself to be weighed, was a man of means, and very clever, though extremely singular in some respects. He married a very engaging little lady of his county. Some years ago he was a part owner of one of the hotels in Goldboro. There is no doubt of his having been the largest man in the State, and one of the largest in the United States.

News and Observer: The colored fair was a success. The secretary says that the old debt of the association, some \$700, will be extinguished, all premiums and all expenses paid, and that the association stands "square." —Mr. Richards' directory of Raleigh shows the population of the city on October 15 to be: 3,357 white males, 3,719 white females, total 7,076; 2,576 colored males, 3,452 colored females, total 6,028. Total population 13,104. —On the 23rd inst. the examination of applicants for departmental positions will be held here. Postmaster Nichols informs us that the examination will be held in the U. S. Court room; that there will be at least 35, perhaps more, applicants to examine; that the examination will begin at 10 o'clock, continuing for five or six hours; that it is probable that Dr. Gregory, of the civil service commission, will conduct it; that there will be three assistants, selected by Postmaster Nichols from the U. S. officials here. These points will be of special interest to applicants, who will govern themselves accordingly.

Goldboro Messenger: Mr. Shade Wooten, of LaGrange, had the misfortune of having his left hand cut off in a gin in Greene county last Friday. —The Atlantic road has joined with the R. & D. and the W. & W. roads in a consolidated ticket office at this place. Mr. Geo. C. Royall now

manipulates the tickets for the three roads with the same facility that he formerly did those of the last named two. —The Wilson graded school makes a very gratifying report. Its enrollment foots up 334 and the average daily attendance 286. The Goldsboro school beats this. The enrollment during the month of October footed up 507, and of this the average attendance 413 per cent, about 480. Since then quite a number of pupils have been enrolled, making the present daily attendance fully 500. The bad crop prospects are a serious drawback to the school. We know of twenty-five to thirty families that contemplated moving to Goldsboro to secure the benefit of the school for their children, but compelled to abandon the idea because of their short crops.
