The Democrats will number so many in the next House of Representatives that quite a number of them will be compelled to occupy seats on the Republican side.

Memphis is now aroused on the subject of music in her public schools. and demands that it shall take the place of some of the needless humbug crammed into the heads of the young.

Olive Legan says a man always looks through his pockets four times before banding his coat to his wife to have a button sewed on, and even then he is filled with a nameless lear until the job is completed.

Woman suffrage has won its battle in the Territory of Washington, as both Houses of the Legislature have voted to strike the word "male" from the election laws, and the governor is expected to sign the bill. If so, the new law will go into operation in sixty days.

The Philadelphia Record speaks in general commendation of President Arthur's administration, and concludes that if "he is not too considerate and humane a stateman to encourage a malignant sectional warfare, he is at least too astute a politician to try to repair Mahone's shattered boat."

## Our Little Ones.

The December issue of Our Little Ones is at hand. It is, as it always is, as bright and cheerful and pleashnt to look upon as a new silver dollar, fresh from the mint. Truly, this, the holiday

#### Pastoral Letter.

The pastoral letter from the House of Bishops, adopted and read at the recent Triennial Convention of the Episcopal Church, in Philadelphia, was yesterday read in the four churches of that denomination in this city. ### The Welcome Rain.

This section was visited yesterday with a very refreshing rain, the first which has fallen here in more than two

months. It was surely needed, and yet we have not have had half enough. There is at this writing a promise of more, which may or may not be fulfilled. It is hard to realize how much this rain has been needed. We saw a hole three feet deep dug on Saturday at the foot of a hill and the dirt thrown from the bottom of the hole was as dry

as the first spadeful thrown, which may be taken as some indication of our need for rain.

## Fifth Street M. E. Church.

Yesterday Rev. T. Page Ricaud closed tour years of continuous service as pastor of the Fifth Screat M. E. Church, and as, by a rule of the Methodist Church, he will be sent to some other charge, the following, as some of the results of his labors, will be interesting to many of our readers, and especially so to the members of that church and those who have worshipped there:

When Mr. Ricaud took pastoral charge of the church. four years ago, its membership numbered 227. Since that time there have been added by conversions 147. The church has lost by withdrawals 87, by death 31-total 118. After purging the books there now remains a membership of 293, a net gain of 66. During the term Mr. Ricaud has baptised 13 adults and 47 infants-total 60. He has united in marriage 24 couples. The church has responded liberally to the necessary calls for money, as the following figures OYSTERS on Ica. will show: In 1880 the sum of \$1,130.30 was raised; \$2,090.80 in 1881; \$1,510.75 in 1882, and \$1,190 60 in 1883, making an aggregate for the four years of \$5,-922.65. " This is a good showing and must be gratilying to both pastor and people.
