

An Old Soldier's EXPERIENCE.

"Calvert, Texas,
May 2, 1882.

"I wish to express my appreciation of the valuable qualities of

Ayer's Cherry Pectoral

as a cough remedy.

"While with Churchill's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try AYER'S CHERRY PECTORAL.

"I did so, and was rapidly cured. Since then I have kept the PECTORAL constantly by me, for family use, and I have found it to be an invaluable remedy for throat and lung diseases. J. W. WHITLEY."

Thousands of testimonials certify to the prompt cure of all bronchial and lung affections, by the use of AYER'S CHERRY PECTORAL. Being very palatable, the youngest children take it readily.

The Daily Review.

WEDNESDAY, JANUARY 9, 1884

The Daily Review has the largest circulation of any newspaper published in the city of Wilmington.

IN CONGRESS YESTERDAY.

SENATE.

WASHINGTON, January 8.—In the Senate this morning petitions were presented by Senator Miller, of New York, asking for a reduction of city postage to one cent, and for the passage of a national bankruptcy law.

The resolution of Mr. Hale was agreed to, calling on the Secretary of the Navy to furnish information of the original cost of all vessels whose names are found in the Naval Register for 1883, under the various Bureaus of the Government, and the total expense for all repairs on the same vessels under Bureaus or otherwise.

Petitions were presented by Messrs. Vest and Bayard, from merchants and manufacturers, asking confirmation of the treaty with Mexico.

Mr. Van Wick presented a preamble and resolution, setting forth that it is asserted by the New Orleans & Pacific Railroad Company that as the Attorney General has decided in favor of said company, as to the lands claimed by them, and that the Secretary of the Interior has felt constrained to act upon said opinion, it be resolved, until Congress, at this session, determine the questions involved in the claims of said company for the lands, the Secretary of the Interior suspend action as to issuing certificates or patents for said lands.

A communication was received from the Secretary of the Treasury transmitting copies of vouchers audited by the first auditor on account of expenses in the Department of Justice since March 4th, 1881, with the names of special and assistant attorneys and detectives employed. Also, one from the Secretary of War, transmitting a list of officers of the army on detailed service and including those on sick leave.

HOUSE OF REPRESENTATIVES.
Mr. Hunt, of La., introduced a joint resolution for the immediate appropriation of \$1,000,000 in accordance with the urgent request of the Mississippi River Commission. Referred.

Mr. Money, of Miss., from the same committee, reported back a resolution calling on the Postmaster General for information as to whether a British spy named O'Brien has been allowed to tamper with American mails in New York. Adopted.

Under the call of States a number of bills and resolutions were introduced and referred, among them the following:

By Mr. Robinson, of N. Y., a resolution calling on the Secretary of State for information as to whether our Ministers obey the law of March 27th, 1867. This law forbids United States Ministers to foreign countries from appearing in public in court dress and requires them to wear the ordinary apparel of American citizens.

By Mr. Beach, of N. Y., proposing the following amendments to the Constitution: 1st. Uniform laws on the subject of marriage and divorce. 2nd. Giving the President power to veto one or more items in an appropriation bill. 3rd. Creating a statute of limitation to all claims against the United States. 4th. Credit, money or property of the United States not to be loaned or given to private corporations. 5th. Prohibiting the granting of exclusive privileges and forbidding legislation on appropriation bills.

Also, a bill to repeal Section 2,771 of the Revised Statutes. This bill will allow foreign vessels to ascend our rivers and unload. At present they must unload at the ports of entry. The existing law is a serious restriction on commerce.

By Mr. Bingham and Mr. Randall, of Penn., each one bill tendering the thanks of Congress and conferring additional rank upon Chief Engineer Geo. W. Melville, of the Jeannette-DeLoe's vessel.

By Mr. Mackey, of S. C., for the erection of a public building at Beaufort, S. C.

By Mr. Ronce, of Tenn., to enable tobacco planters to sell tobacco raised by themselves free from internal revenue tax. Also, to admit sugar and salt free of duty.

By Mr. Warner, of Tenn., abolishing the duty on bibles.

By Mr. Young, of Tenn., authorizing the construction of a bridge across the Mississippi river at Memphis, Tenn.

By Mr. Ballentine, of Tenn., to repeal the iron-clad oath.

The total number of bills introduced to-day is 674.

Cancers and Other Tumors

are treated with unusual success by World's Dispensary Medical Association, Buffalo, N. Y. Send for pamphlet.

STATE NEWS.

Rutherfordton Banner: A correspondent in a "home among the hills," writes: "Mr. John Kelly, a citizen of McDowell county, died at his residence on Dec. 22nd, at the advanced age of 107 years. Mr. Kelly had corn last summer, and was able to go about up to two weeks previous to his death."

Lafayette Wilson, aged about 17, son of W. G. Wilson, of Colfax Township, accidentally shot himself last Saturday morning while out hunting, and died Sunday morning. He was standing on a fence, his gun fell and he jumped to get out of danger but received the whole load in his stomach, horribly mangle him.

Charlotte Observer: Messrs. Liddell & Co., the well known machinists of this city, yesterday closed the trade for six acres of land on east Trade street, opposite Schiff's tannery, upon which they will shortly build large and roomy iron works and machine shops, the increasing demands of their trade calling for new and more extensive shops.

From Capt. V. E. McLee, we learn that the entire Western North Carolina track is to be laid with steel rails, and that besides the large amount already laid, a force of hands are now engaged in laying down a section of 30 miles.

The construction force of the Ducktown

division are also laying down a continuous line. West of the Pigeon river, in the direction of Waynesville and Charleston, which will be continued until the road is completed to the mouth of the Nantahala river, connecting there with the Rabun Gap railroad. This road under the contract is to be completed by the 1st of July, 1885. The work will be pushed vigorously forward until every foot of rail on this road is of steel. As the local train on the Charlotte, Columbia & Augusta road, Capt. John Allison, conductor, was coming towards Charlotte Saturday night, the speed of the train gradually slackened until all at once it came to a dead stand still. Capt. Allison went forward to see what the trouble was, and found that the engine was actually frozen. The air pump was frozen hard and upon parts of the fire box, long icicles were hanging. All efforts to get up steam were unavailing and as a last resort a quantity of wood was taken from the tender and piled under the engine, when it was fired and in the course of a few minutes it had the desired effect and the train once more got under headway.

Harper's Weekly.

ILLUSTRATED.

Harper's Weekly stands at the head of American illustrated weekly journals. By its unpartisan position in politics, its admirable illustrations, its carefully chosen serials, short stories, sketches, and poems, contributed by the foremost artists and authors of the day, it carries instruction and entertainment to thousands of American homes.

It will always be the aim of the publishers to make Harper's Weekly the most popular and attractive family newspaper in the world, and, in the pursuance of this design, to present a constant improvement in all these features which have gained for it the confidence, sympathy, and support of its large army of readers.
