The Poor Little Book-keeper. Though he was the father of a arge family, he was a small and parrow-chested man, with weak lungs a disordered liver, and a dyspeptic stomach. For many years he had been a book-keeper in one of the principal banks. So conscientious was he that, although he had many opportunities to take holidays, he aad not been absent from his desk

or eleven years. He attended faithully to duty, and thought that to spend a day in recreation would be sinful waste of time. Despite constantly increasing weakness he stuck o.his post, when he ought to have been at home, resting and gaining strength. He grew weaker and weaker, until at last he had to stay away rom his work altogether, and give Arrive at Wilm'gton, Front St. D'p't 10.55 P. M up his position. He is dead.
