

MISCELLANEOUS.

A HOME DRUGGIST TESTIFIES.

"Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approval in its own city, state, and country, and among all people, as

Ayer's Sarsaparilla.

The following letter from one of our best-known Massachusetts Druggists should be of interest to every sufferer:

"Eight years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress without help. I tried several remedies without much if any relief, until I took Ayer's Sarsaparilla, by the use of two bottles of which I was completely cured. Have sold large quantities of your Sarsaparilla, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public."

River St., Buckland, Mass., May 12, 1882.

GEORGE ANDREWS, owner of the Lowell Carpet Corporation, was for over twenty years before the removal to Lowell afflicted with Salt Rheum in its worst form. His ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SARSAPARILLA. See certificate in Ayer's Almanac for 1882.

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; \$1, six bottles for \$5. Jan 1 by tele d&w

NEW

FALL AND WINTER Goods

The Daily Review.

THURSDAY, JANUARY 17, 1884.

The Daily Review has the largest circulation, of any newspaper published in the city of Wilmington.

IN CONGRESS YESTERDAY.

SENATE.

WASHINGTON, Jan. 17.—The chair laid before the Senate several memorials from Public Health Associations, relating to the health of the United States, and one from William Pitt Kellogg, now member of the House of Representatives, denouncing all importations against him contained in recent documents transmitted to the Senate by the Secretary of the Interior, relating to the transfer of the land grant of the Texas Pacific Railroad and asking an investigation of charges.

Petitions were presented by Senators Blair, Morrill, Frye and Bayard, from the Woman's Christian Temperance Union of New Hampshire, Vermont, Maine and Delaware, praying for the appointment of a commission of inquiry on the liquor traffic and for the constitutional amendment prohibiting the manufacture and sale of liquors.

HOUSE OF REPRESENTATIVES.

Mr. Cox, of N. C. from the committee on Foreign Affairs, reported a resolution requesting the President to transmit to the House any correspondence with the Mexican government in regard to the claims specified in section 5 of the act of Congress, approved June 18th, 1878; also, any correspondence relating to the new condition of things in Mexico since the proposed railroad connection with the United States; also, any correspondence with Mexico and Guatemala in relation to the boundary question between those republics. Adopted.

Mr. Robinson, of N. Y., from the committee on Pensions, reported a bill pensioning the surviving grandchild of Thomas Jefferson. Private calendar.

Mr. Springer, of Ill., chairman of the committee on Expenditures in the Department of Justice, reported back a resolution calling on the Postmaster General for copies of all correspondence between the Department of Justice and the Postoffice Department, touching the prosecution of persons charged with frauds in connection with the Star Route mail service and a statement of the names of individuals found to be indebted to the United States and the amount of indebtedness of each in consequence of such frauds. Also, for an itemized statement of expenditures in the Postoffice Department from March 4th, 1881, to January 1st, 1883, in the investigation and prosecution of such frauds. Adopted.

Mr. Cox, of N. Y., offered a resolution calling on the Secretary of the Navy for information as to what progress has been made in the compilation of Union and Confederate naval records of the war of the rebellion, and what steps are necessary to secure their speedy publication. Adopted.

The regular order being demanded, the Speaker announced it to be the Senate bill appropriating \$100,000 for continuing the work of improvement on the Mississippi river. The bill was passed—yeas 215, nays 64.

The House bill, of similar title and import, was laid upon the table.

The House then proceeded to the consideration of the calendar. The bill on the calendar was one to allow U. S. Courts, in case of the improper grant of letters patent, by reason of fraud and misrepresentation, to declare the patent void, on application of the Attorney General. It was passed.

The bill making all public roads and highways post routes passed.

STATE NEWS.

Fayetteville Sun: A large number of rabbits has been brought to our market during the past week. On Sunday night, 14th inst. the barn and stables of Mr. Luther Branch, about three miles east of here, were burned. Supposed to be the work of an incendiary.

Durham Plant: On Saturday last a Mr. Long, who lived near Barnett's Mill, in Person county, was instantly killed by the accidental discharge of his gun. He had been out hunting and was returning home. Coming to a little ravine he attempted to jump across when the gun caught in some bushes causing it to fire. The load entered his right eye and passed out of the top of his head, killing him instantly.

Charlotte Journal: The local train on the Carolina Central came in last evening with a party of emigrants bound for Texas. North Carolina is certainly doing her share in the way of populating that wonderful western State known as Texas. Yesterday a batch of nineteen men, women and children from this county, took the Air Line train for that State and last night another party of young men, six in number followed them on the night train.

Chatham Record: The little Guster girl, who was so severely wounded when her grandmother and aunt were murdered, is rapidly convalescing and will soon be entirely well again. She seems to be in the full possession of her faculties, but is not deemed prudent yet to subject her to a judicial examination. The track was laid on the Cape Fear & Yadkin Valley railroad as far as Liberty, on last Saturday. This station is in the north east corner of Randolph about twenty miles from

Greensboro. All along the line of the road, at points where it is thought depots will be located, stores are being built and small towns will soon spring up. What a wonderful effect the construction of a railroad has in quickening the energies of a people and developing the resources of a country!

Monroe Express: Mr. W. A. Rice, who lives near Matthews, met with a peculiar accident a few days ago. He had just returned from town, and while standing before the fire unloading his overcoat pockets of several articles, a pound package of powder which it contained ignited and exploded. Mr. Rice, a little girl who was standing near him with a child in her arms, and the child, were all severely burned about the face, hands and arms. The child was blown from the girl's arms across the room. The overcoat was destroyed and the house came near burning up. Fortunately no one was dangerously injured, and all will recover with more or less care.

D. BULL'S COUGH SYRUP

For the Cure of Coughs, Colds, Hoarseness, Bronchitis, Croup, Influenza, Asthma, Whooping Cough, Incipient Consumption and for the relief of consumptive persons in advanced stages of the Disease. For Sale by all Druggists.—Price, 25 Cents.

Vital Questions!!

Ask the most eminent physician of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves and curing all forms of nervous complaints, giving natural, childlike, refreshing sleep always?

And they will tell you, unhesitatingly "Some form of Hops!"

CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention or inability to retain urine, and all the diseases and ailments peculiar to Women?"

And they will tell you explicitly and emphatically "Buchu."

Ask the same physicians:

"What is the most reliable and surest cure for all liver diseases or dyspepsia; constipation, indigestion, biliousness, malarial fever, ague, &c.," and they will tell you:

"Mandrake! or Dandelion!"

Hence, when these remedies are combined with others equally valuable.

And compounded into Hop Bitters such a
