There were 321 failures in the United States last week.

Oscar Wilde is to marry Miss Constance Lloyd, the daughter of an English barrister.

Sparta, Ga., has only 1,000 inhabitants, and yet two barrooms there pay $750 each for license.

It is believed that the British government has secured the services of "Chinese Gordon" for operations in the Soudan.

Four hundred thousand copies of a cheap edition of Henry George's Progress and Poverty have been sold in England.

Alfred Paisse, secretary and treasurer of the Credit Foncier Loan Company of Montreal, has absconded; amount not known.

El Mahdi is tall, and of a coppery red color. He is forty years old. His battle cry is, no protection for Christians, and no protection taxes.

The oldest angler in America is Mr. Isaac Thompson, of Theresa, N. Y. He is in his ninety-third year, but manipulates a rod with a firm hand.

The marriage of Henry C. Coke, nephew of United States Senator Coke, to Miss Roberta Lee Rosser, niece of General T. L. Rosser, occurred at Dallas, Tex., on Wednesday.

After an engagement of over 50 years James O. Smith and Mrs. Durant were recently married in Bradford, Conn. The groom is 80 years old and his bride 79. Their great-grandchildren were at the wedding.

General Hancock has gone to the plantation of his son in Mississippi. He has advised Adjutant General William D. Whipple at Governor's Island that he will not return to New York before the close of the present month.

Holloway's advertisement appeared for the first time on October 15, 1837. In 1842 his expenditure in advertising was $25,000; in 1845, $50,000; in 1851, $100,000; in 1855, $150,000, and at his death it exceeded $200,000. He found his reward.

The spy, "Belle Boyd," who at the outbreak of the war was 15 years of age, is the matronly wife of Col. John Hammond of Texas, who dwells on a ranch near San Antonio. He was one of Stonewall Jackson's scouts in Virginia. She was, as may be remembered, banished to Europe. She has four children.

The New York *Herald*, commenting upon the removal of the Scotch crofters to this State has this to say:

A large number of the Scotch crofters, who have been compelled to abandon their miserable homes, are to come to North Carolina—a move which will be good for the crofters and better for the State. North Carolina owes much of her prosperity to a lot of hard-working Scotchmen whom trouble drove from their native country more than a century ago, for their descendants have been uniformly industrious and thrifty. There are plenty of hard-working men in Europe who would believe the millennium at hand if they were offered even poor land in America and means of reaching it, and if the inhabitants of sections with more land than people would go to the small expense of bringing such immigrants over they would soon have assistance at the onerous duty of paying taxes; they would also be able to persuade capitalists to build railroads by which the sections' yield could be sent to market at less expense than that of wagoning.

Youthful Indulgence

in Pernicious Practices pursued in Solitude, is a most startling cause of Nervous and General Debility, Lack of Self confidence and Will Power, Impaired Memory, Despondency, and other attendants of wrecked manhood. Sufferers should address, with three letter postage stamps, for large illustrated treatise, pointing out unfailing means of perfect cure, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

If you need a real good first class cooking stove, don't fail to see the Excelsior Penn., Zeb. Vance and New Emerald, besides others. They are to be found at factory prices at JACOBI'S, who is the manufacturers' agent. †

The receipts of cotton at this port to-day foot up 296 bales.

Eggs jumped to-day up to 35 cents a dozen and the hens are not even on a strike yet.

All quiet at police headquarters this morning and consequently there was no City Court.

The Hanlon Troupe arrived on this morning's train from Columbia, S. C., and registered at the Purcell House.

Mr. A. F. Williams, one of the best and most successful planters of Duplin county, is in the city and registered at the Purcell House.

That big frost predicted by Turner's almanac for yesterday morning arrived to-day, just twenty-four hours behind time. It was a freezer.

Cabbages are scarce and in demand in this market; in fact, they are not to had at all just at present; a few carloads from the West would sell rapidly now.

Barque *Glacier*, Losson, cleared to day for Bridgetown, Barbadoes, with 190 518 feet of lumber, valued at $3,047.79, shipped by Messrs Northrop & Cumming.

The next performance at the Opera House, after to night, will be on the 30th inst., when Madame Modjeska will appear in Shakespeare's play of "Twelfth Night."

We have fair and pleasant weather once more and it is hoped that it may continue until a good many of our people may get rid of the bad colds with which they are afflicted.

Mr. W. W. Carraway, of the Raleigh *News and Observer*, is in the city to-day and gave us the pleasure of a call. He is a jolly, good man, and we are always delighted to meet him.

The decorative craze has reached milk pails. That useful utensil is no longer considered only suitable for the dairy or kitchen, but satin lined and blossom crowned, is used as a receptacle for fancy work in the parlor, or a catch all for the bouboir.

Unmailable.

The following unmailable matter remains in the Postoffice in this city:

John C W Watters; Katie Comfort, Queen st; Eliza Grant.

The Latest Postal Card.

The U. S. Postal Card Supt., D. O. Judd, Esq., has used the great pain-banisher, St. Jacobs Oil, with special benefit in neuralgia.

State and County Taxes.

Sheriff Manning, through Deputy Sheriff Shaw, settled last night in full with the County Treasurer, Chairman Bagg and Commissioners Worth and Moore being also present. He paid in to the County Treasury as follows: For the general county fund, $26,605.47; for the school fund $12,475.60. A total of $39,081 07 for county taxes for 1883, making the total of State and county taxes $60,850.44. On the 14th inst. as noted by us at the time the Sheriff settled with the State Treasurer, paying over to him $21,769.37.

Painful Accident.

Charles Kunold, a German, aged 26 years, one of the crew of the revenue cutter *Colfax*, met with an accident this morning which came near being fatal and which will cause him to be an inmate of the hospital for several weeks. The cutter was weighing anchor in the harbor, preparatory to a trip down the river, when in some way, the particulars of which we were unable to learn Kunold got caught between a rope and the rail of the vessel by which two of his ribs were broken, besides receiving a severe contusion in the back, between the shoulders, by a blow from the block of which the rope was a part of the fall. He was released as quickly as possible and at once taken to the Marine Hospital where the necessary surgical attention was given him. His wounds are reported as serious, but not necessarily dangerous.

A Fair Offer

The VOLTAIC BELT CO., Marshall, Mich., offer to send Dr. Dye's Volatic Belt and Appliances on trial, for thirty days, to men, young or old, afflicted with nervous debility, lost vitality, and kindred troubles.

Superior Court.

In the case of Alex. Oldham (not W. P. Oldham as it appeared by mistake in our columns yesterday) vs. The First National Bank, a juror was withdrawn, the plaintiff allowed to amend the complaint and the case continued.

State on relation of James Baker and wife vs. Isabella Freeman, executrix, was then taken up and was not concluded when our report closed.

School Children.

The number of school children in the county between the ages of 5 and 15 years, as furnished us by the Register of Deeds, is 6,333; of these 2,331 are whites and 3,998 are colored. The school census has not been completed within the city but it has been taken in the several townships in the county, and in those the returns show a gain of 81 children of school age over last year.

For Lunch.

There is a young typo in this office whose gastronomic feats are sometimes fearful to behold. He is the same who so quickly got outside of three quarts of oysters at the last REVIEW anniversary, as narrated by us at the time. Yesterday he lunched on 7 biscuits, ½ lb bologna sausage, 3 links green sausage, 3 big sweet potatoes, ½ lb cheese, ½ of a very large pie and a 1-pound loaf of light bread. He is 17 years old, about 5 feet 8 inches high, weighs 130 pounds, wears a No. 9 shoe and is still on the grow.

Dr. Hawthorne's Lecture.

Rev. J. B. Hawthorne, D. D., of Richmond, Va., lectured last night in Tileston Upper Room to an audience which lacked far more in numbers than it did in intelligent appreciation. His lecture was on the theme: "Be True to Thyself" and it is hardly necessary to say that it was a masterful production and that it called forth and enchained the intense interest of his audience throughout its entire delivery.

Dr. Hawthorne will lecture again to-night on 'Eminent Orators, Ancient and Modern," when we trust that there will be a large attendance. The price of admission for this lecture has been reduced to 25 cents.

Postponed.

The Hanlon Troupe arrived here this morning to fill their engagement at the Opera House to-night, but in consequence of the non-arrival of all their scenery the presentation of "Le Voyage en Suisse" is postponed until to morrow night. It takes two cars to transport all their scenery and one of them has already arrived, and the company could make a very respectable show with what they have, but prefer to lose a day rather than appear with any portion of the performance shorn or curtailed of its beautiful scenic effects. The performance is one of the best of its kind in the country and is well deserving of a liberal patronage, the more so when the management submits to loss and delay in order to present it in its entirety. "Le Voyage en Suisse" has had an extensive run in New York, where some of our citizens have had the pleasure of seeing and admiring it.

For Pure White Lead & Paints, and biggest stock of Window Glass and lowest prices for good articles be sur to go to Jacobi's Hardware Depot. †

Annie Pixley.

There was a fair audience at the Opera House last night to witness the performance of Miss Annie Pixley and her first rate company in the play of "M'liss, the Child of the Sierras," in which Miss Pixley assumes the title role. She is a charming woman and a most accomplished and versatile actress and at once took complete possession of the attention, sympathy and affection of her audience which she retained throughout the entire play. Her support was in the main excellent. Mr. Frank Losee, as *Yuba Bill*, and Mr. Herbert Archer, as *Juan Walters*, were especially good and deserving of more than a passing notice. The play was interspersed with several songs which were rendered by Miss Pixley with unaffected grace and consummate skill and as a consequence received the hearty applause of the audience. There was but one opinion upon the streets to-day, which was, that the performance last night was all that could be desired and was well worthy a much larger patronage than it received. We hope that the company may be induced to visit us again, when, we can assure them, they would be greeted with a crowded house.
