IN CONGRESS YESTERDAY.

SENATE.

WASHINGTON, Feb. 13.—The Chair announced the affixing of his signature to the House joint resolution relating to the Greeley relief expedition.

Mr. Hale, from the committee on Naval Affairs, reported unfavorably upon and moved indefinite postponement of the joint resolution introduced by Mr. McPherson, limiting the amount of money to be expended by the President on the Greeley relief expedition to \$50,000. Indefinitely postponed.

Mr. Voorhees offered a resolution, which went over until to-morrow, directing the Secretary of the Interior to withhold for the present his approval of patent or certificate for land selected by the Northern Pacific Railroad in lieu of others said to have been lost to said company under act of July, 1864. The preamble to the resolution sets forth that the right of settlers might be injuriously affected by such approval.

After the consideration of some private bills the Senate, at 2 o'clock, laid aside the unfinished business of yesterday, in order to take up the special order for the day; being the bill reported by Mr. Bayard, from the Committee on Finance, to provide for the issue of circulating notes to National Banking Associations.

The bill provides that upon the deposit of any United States bonds bearing interest in the manner required by law, any banking association making the same shall be entitled to receive from the Comptroller of the currency circulating notes of different denominations in blank, registered and countersigned as provided by law, not exceeding in amount the par value of bonds deposited. Provided, that at no time shall the total amount of such notes to any such association exceed the amount at such time actually paid of its capital stock. The bill repeals all laws and parts of laws inconsistent with its provisions.

An executive session was held and the Senate adjourned.

HOUSE OF REPRESENTATIVES.

The House proceeded to the consideration of the Mississippi contested election case of Chalmers vs. Manning. Mr. Turner, of Ga., chairman of the Committee on Elections, spoke in support of the majority report, which declares that on the prima facie case neither of the contestants was entitled to the seat.

Mr. Elliott, of Pennsylvania, spoke in favor of the minority report, which declares Manning entitled to the seat of prima facie right.

Mr. Curtin, of Penn., offered a resolution recommending to the committee on Elections the question of prima facie right to the seat with instructions to ascertain and report whether the certificate of election was issued by the Governor of Mississippi to any one, and if so to whom. He contended that the Elections Committee had made a mistake in going behind the returns of the Governor and making an investigation of the facts which tended to prove the final merits of the case.

Mr. Cox of N. Y. said that Mr. Manning must have thought there was some bad feature in his certificate when he declined to present it. He was anxious that the House should assume the responsibility of accepting the certificate and seating him.

The House refused to take the responsibility and referred the matter to the Elections Committee. This committee, in turn, declined the responsibility and the question again came back to the House.

After further discussion the matter went over until to-morrow. Mr. Harmer, of Pa. presented petitions in favor of pensioning Union soldiers who suffered in Andersonville, Libby, Belle Isle or other Confederate prisons. Referred.

Better than \$10,000!

"I spent over \$10,000 in 23 years," said Major H. W. Hines, of Boston, Mass., "in being doctored for epilepsy. I employed the best physicians in New Orleans, St. Louis, N. York, Phila., Boston, London and Paris, but all to no purpose. Santarion Nervine has cured me entirely." \$1 50.

Meeting of the Grand Lodge—

The Order in a Flourishing Condition.

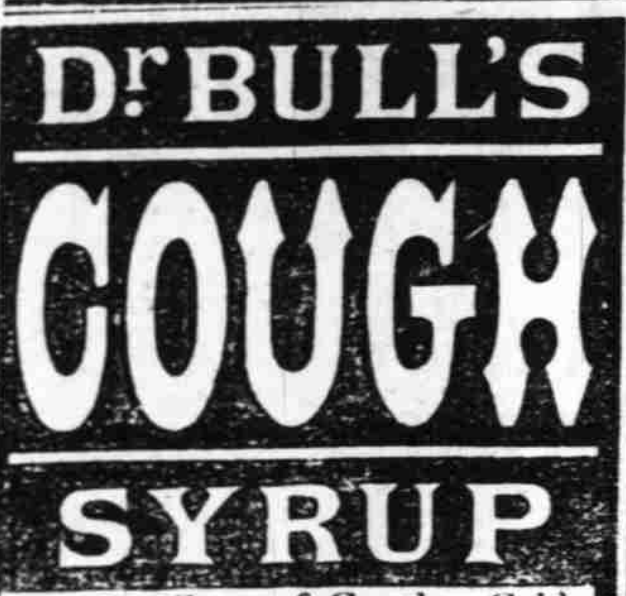

The Grand Lodge of the Knights of Pythias of North Carolina met at 10:30 a. m. in the new castle hall of Center Lodge, No. 3, Grand Chancellor E. G. Harrell presiding, with the following officers: G. P. C. J. L. H. Miserlier; G. V. C. W. T. Hollowell; G. P. J. W. Moore; G. M. of E. R. T. Scallin; G. K. of R. and S. John L. Dudley; G. M. at A. J. C. Brewster; G. I. G. J. F. Cordes, pro tem; G. O. G. E. M. Pavie, pro tem.

The committee on credentials having reported the following P. C.'s were admitted and duly obligated: A. Broadfoot, Chas McKimmon, J. M. Sherwood, No 3; E. B. Haekburn, No 8; Washington Gill, No 27.

The G. C. D. D. G. C's, G. K. of R. S. and G. M. of E. were read and referred to a special committee for distribution.

The G. C. introduced in very flattering terms the Supreme Chancellor of Knights of Pythias, and requested him to favor the lodge with his views as to the condition of the order in general. The S. C. replied in a very complimentary and flattering manner as to the condition of the order, including the endowment rank and uniform division, especially the latter, which he says is increasing in all directions at a very rapid rate, giving also the number of members of the order as 140,000. The S. C. was requested to exemplify the unwritten work at the evening session, but owing to the necessity of his leaving earlier than he anticipated, it was exemplified at the afternoon session. After nominations for the various offices the lodge took a recess until to-day at 10 o'clock. At an informal meeting held at night the representatives of the various lodges

gave brief statements as to the working and standing of their respective lodges, and all the reports were very satisfactory. The Grand Lodge is in good financial condition, with a neat sum of money on hand.

THE SUN.

NEW YORK, 1884.

About sixty million copies of THE SUN have gone out of our establishment during the past twelve months.

If you were to paste end to end all the columns of THE SUN, it would stretch from your house to the moon, and you would get continuous strip of interesting information, common sense wisdom, sound doctrine, and sane wit, long enough to reach from Printing House square to the top of Mount Copernicus in the moon, then back to Printing House square, and then three-quarters of the way back to the moon again.

But THE SUN is written for the inhabitants of the earth; this same strip of intelligence would girdle the globe twenty seven or twenty-eight times.

If every buyer of a copy of THE SUN during the year has spent only one hour over it, and if his wife or his grandfathers has spent another hour, this newspaper in 1884 has afforded the human race thirteen thousand years of steady reading, night and day.

It is only by little calculations like these that you can form any idea of the circulation of the most popular of American newspapers, or of its influence on the opinions and actions of American men and women.

THE SUN is, and will continue to be, a news paper which tells the truth without fear of consequences, which gives the facts in no matter how much the process costs, which presents the news of all the world without waste of words, and in the most readable, spirited, and interesting manner.

It is working with all its heart for the cause of honest government, and which therefore believes that the Republican party must go, and must go in this coming year of our Lord, 1884.

If you know THE SUN, you like it already, and you will read it with accustomed diligence and profit during what is sure to be the most interesting year in its history. If you do not yet know THE SUN, it is high time to get into the sunshine.

TERMS TO MAIL SUBSCRIBERS.
