### The Daily Review. STRENGTH FOR TO-DAY.

Strength for to-day is all that we need As there never will be a to-morrow; For to-morrow will prove but another to-day.

With its measure of joy and sorrow.

Then why forecast the trials of life With such sad and grave persistence, And watch and wait for a crowd of ills That as yet have no existence?

Strength for to-day-what a precious boon

For the earnest souls who labor. For the willing hands that minister To the needy friend or neighbor.

Strength for to-day-that the weary In the battle for right may quail not,

And the eyes bedimmed with bitter In their search for light may fail not,

Strength for to-day-on the down-hill track. For the travelers near the valley,

That up, far up, the other side Ere long they may safely rally.

Strength for to\_day - that our precious

May happily shun temptation, And build, from the rise to the set of

the sun. On a strong and sure foundation.

Strength for to-day-in house and home To practice forbearance and sweetly; To scatter kind words and loving deeds, Still trus ing in God completely.
