High license laws seem to be having the dasired effect in Nebraska. Since their adoption the cities of Omaha and Lincoln have lost half their saloons, while the decrease in the smaller towns is said to be still greater. It costs \$1. 000 for a license in cities and \$500 in

Col. Wm. Ludlow, chief engineer of the Philadelphhia Water Board, says that city is in a very bad sanitary condi tion. The ground is saturated and polluted, and the houses stand in bad soil a foot deep. The water is poisoned and unfit for use, the sewers are elongated cess-pools, the highways are reeking with filth and are causes of disaster.

At the recent hygienic dress exhibition in Manchester there were exhibited reformed boots, shaped to the foot, with broad points, low, broad heels, and an elastic sole under the justep. This latter was doyetailed into the sole between the front part of the sole and the heel, was made of a specially prepared elastic leather, very pliable, and would probably, as represented, afford facility in walking by giving the toot the natural

As President Arthur, to come before the Republican Convention in good shape, must have the support of his own State, the importance of ascertains ing the feeling in New York towards him is very great. The results of inquiries thus far indicate that, while opposition has not become formulated and open as yet, it exists, and is daily growing more determined. The President finds the two leading Republican newspapers-the Tribune and the Times -really opposing him, while both are ready to admit the merits of his admin istration. The Tribunc favors Blaine. The Times has not yet disclosed a positive preference for any one, but leans towards Edmunds.

A New York letter says the Hon. Samuel J. Randall arrived in that city Sunday and was driven to Gramercy Park, where he had a long talk with the Hon. Samuel J. Tilden. It is learned that the threefold purpose of his visit was to get from headquarters. New York sentiment on the Tariff bill, to inquire into Tilden's real wishes with regard to the Presidential nomination. and to find out who was Tilden's choice if he did not want the nomination. Mr. Randall's own ambition, the letter adds, having abandoned the hope that he can head the ticket, is to form coalitions that will make him a power behind the throne in the event of a Democratic Ad ministration. The Gramercy Park conference seems to have left bim in doubt about Tilden's wishes regarding Tilden; but he came away thoroughly impressed with Henry B Payne's pecu liar fitness for the nomination, in case the demand for the old ticket should not fied with either weakness of Brain or

The Star then goes on to say that answering this popular demand Mr. Tilden, it believes, in effect has put himself in the hands of his friends, while Mr. Hendricks has reconsidered his refusal to be a candidate for the Vice Presidency. Hence, in its opinion, the situation is much simpler now than in 1880. It is a time, it thinks, for Democrats to unite on the strongest candidate, irrespective of local or personal preferences, and hence it declares that Tammany has no candidate, and will oppose none, and in conclusion says: "Should the Convention decide to renominate the old ticket every loyal Democrat will rally old only at JACOBI'S. Durham is historic. It was neutral ground during the armistice between Sherman and Johnson. Soldiers of both armies filled their pouches with the tobaccostored there, and, after the surrender, marched home ward. Soon orders came from East, West, North and South, for "more of that elegant tobacco." Then, ten men ran an unknown factory. Now it employs 800 men, uses the pink and pick of the Golden Belt, and the Durham Bull is the trade-mark of this the best tobacco in the world. New Proprietor! New Editors! New Life and Blood!

Six months ago THE WORLD commences its new career. Its growth has been unpre cedented. Its wonderful advance in circula tion, in advertising, in influence, in popularity, warrants the claim of a leading position in New York journalism.

No expense or effort will be spared until THE WORLD is recognized as the GREATEST as well as the BRIGHTEST and CHEAPEST PAPER in AMERICA.

THE WORLD, as the leading Democratic newspaper in the country, knows no faction and recognizes no individual ambitions or aspirations aside from the general good of the party and the Republic It seeks the triumph of principles-not men. At the entrance of the new year the new WORLD desires to express its gratitude for the hearty welcome it has received and the magnificent success it has already achieved. Its welcome comes from the people. Its success is thei work. They have indorsed its merits by more than trebling its circulation in six months, and by doubling its advertising.
