

A HOME DRUGGIST

Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as

Ayer's Sarsaparilla.

The following letter from one of our best-known Massachusetts Druggists should be of interest to every sufferer.

RHEUMATISM. "Eight years ago I had a bad attack of Rheumatism, so severe that I could not move from the bed, or dress, without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA by the use of two bottles of which I was completely cured. Have sold large quantities of your SARSAPARILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public."
E. F. HARRIS,
River St., Buckland, Mass., May 13, 1882.

SALT RHEUM. GEORGE ANDREWS, overseer in the Lowell Carpet Corporation, was for over twenty years before his removal to Lowell afflicted with Salt Rheum in its worst form. Its ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SARSAPARILLA. See certificate in Ayer's Almanac for 1883.

PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.

FITZ-EDWARD ON SHIRTS!

A shirt is a very humble garment, but after all it has a great deal to do with a man's happiness. What misery arises from an ill setting bosom, a bad-fitting neckband, an uncomfortable yoke, or sleeves too short or too long. But now I will be comfortable and happy, I have found the shirt that always fits—"THE DIAMOND." The tangled thread of life's existence henceforth will be smooth.

If your dealer does not keep it, send his address to Daniel Miller & Co., sole manufacturers, Baltimore, Md.

The Daily Review.

FRIDAY, APRIL 18, 1884.

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington. IN CONGRESS YESTERDAY.

SENATE.
WASHINGTON, April 17.—On motion of Mr. Morrill, at 12:25 went into Executive session, and on the doors being reopened, the chair laid before the Senate a communication from the Attorney General, in reply to the recent resolution of the Senate, in relation to the Star Route prosecution.
Referred to the committee on the Judiciary.

The Senate, took up the bill to authorize the Secretary of War to adjust and settle the account for arms between the State of South Carolina and the Government of the United States, and to balance the same by so reducing the overcharge made against the State in 1869, under the act of 1868, as that the amount paid on account by South Carolina in the last ten years may be taken in full satisfaction of account. This bill, when up last week, was explained by Mr. Hampton. He then said that in 1869 the Governor of South Carolina got from the Secretary of War a supply of arms under the act of 1868, authorizing the issue of arms to the militia of the several States, but instead of one year's supply he requested and received thirty years' supply. The arms were distributed by the Governor to colored men only, and the arms could not now be found in the State.
Mr. Platt opposed the bill. He did not think South Carolina ought to repudiate the act by which it got the arms in question. There was no proposition to return them to the United States, but on the contrary, the proposition was to keep them.
Mr. Hampton said he would not discuss the bill, but would merely say that there was now a very excellent militia in his State—an organization in which its members took pride; that it was impossible to arm them unless this bill was passed, and if the bill was not passed the militia of South Carolina could not get any arms for thirty years to come. He would not criticize the War Department nor the Governor of South Carolina who requested the arms; but there was a grave question whether the Secretary of War had the authority of law for an issue of thirty years' arms in any one year. He (Hampton) would hereby appeal to the Senate to pass the bill, it having passed last year without a dissenting voice.
Mr. Ingalls said that under the act of 1868 the sum of \$200,000 was annually allowed by the United States to supply arms to the militia of the several States. South Carolina had received the arms in question, and therefore if this bill should pass the Senate in doing an act of generosity to South Carolina would be simply robbing the other States. For one, and as representing his State, Mr. Ingalls protested against it.
The bill was passed—yeas 40, nays 20.

Consideration of the Bankruptcy bill was then resumed and amendments were offered by Messrs. George, Morgan, Wilson, Hoar and others.
Among the amendments agreed to was one prepared by Mr. George, giving debts due to laboring men and domestic servants priority over debts due to a State or the United States. Mr. George expressed the belief that it was time to do away with the custom hitherto prevailing in all countries, of giving debts due to the government priority over those due to hard working day laborers and domestic servants in the employ of bankrupts. Adjourned.

HOUSE OF REPRESENTATIVES.
The morning hour having been dispensed with, the House at 12:45 went into committee of the Whole (Mr. Springer, in the chair.) on the Pension Appropriation bill. After an hour's general debate the bill was read by paragraphs for amendments. Out of a number offered the only amendment which was successful was one in creating the allowance of pension agents. Pending an amendment striking out the provision for pay of pension agents, the committee rose and the House adjourned.

STATE NEWS.
Rockingham Rocket: The protracted meeting at the Methodist church closed on Wednesday night of last week, resulting in a number of conversions and several accessions to the church.
Greensboro Bugle: Joshua Boon, one of Guilford's best citizens, a resident of Rock Creek township, died under very sad and peculiar circumstances. He was feeding a lathe saw at his saw mill, when a lathe became entangled in the saw, flew back and penetrated his eye, causing a contusion of the brain, from which he died in a few hours.

Raleigh Visitor: At a meeting of the State Democratic Executive Committee held yesterday afternoon, Capt. Octavius Coke tendered his resignation as chairman and R. H. Battle, Esq., was unanimously chosen to fill the place. Wednesday, the 25th day of next June was fixed as the time for the meeting of State Convention, and this city designated as the place.

Shelby Aurora: A joyous party of ninety assembled at Rev. B. R. Hall's residence on Tuesday evening 15th, to "pound the Methodist pastor." Each one was laden with something nice as a present for the pastor and the Suttle-Damron Silver Cornet Band accompanied the party. A large amount of provisions was deposited in the dining room, the pastor and family were made happy.

Morganton Mountaineer: Rev N B Cobb has just had registered the deed for a beautiful church site in Glen Alpine and secured a subscription of \$325 towards building a neat Baptist church thereon. A little negro girl, daughter of Toney Pearson, was burned to death last Saturday on the premises of W E Powe, Esq. The child fired its clothing and ran out into the yard, where it was burned to death before it could be rescued.

Monroe Enquirer: From the best information we can get the fruit crop is safe. Some of it has been killed, but if no further accident shall befall it there will be an abundance of most varieties

The small grain crop escaped any material damage from the cold. There is plenty of time for it to recover from any injury sustained, and the prospect is still good for the largest cereal crop ever harvested in the county. We regret to learn that the rust has made its appearance in some sections.

Charlotte Home: The Mountain Island Cotton Factory, situated in Gaston county, 10 or 12 miles from this city, has been sold to the Messrs Tate to Mr. Wm. J. Hooper, of Baltimore, for \$125,000.

Asheville Citizen: On Friday Burgess Hensley got into a dispute with Ephraim Hensley, on Shelton Laurel, Madison county, concerning a woman, and the former cut the latter in the left breast with an axe. The victim will die. Burgess has been arrested.
—On Saturday Mr. Eli Patton, one of the best citizens of Transylvania county, went out to his lot, and untied his Jersey bull to let him run out, when the animal turned on him and gored him to death. This is a sad loss to that county.

Chatham Record: Mr. Samuel Johnson of Hickory Mountain township, recently killed a wild turkey that weighed 23 pounds.—The closing exercises of Union Academy in this county will be held on the 22nd of May, and of Oakdale Academy, in Alamance county, on the 5th of June. The editor of the Record has been invited to deliver the annual literary address on both occasions.—Bishop Lyman visited this place last Sunday, preaching in St. Bartholomew's (Episcopal) church in the morning and at the colored Mission at night, when he confirmed twelve persons, one of them being an old colored man nearly a hundred years old.

News and Observer: At the State exposition grounds much land is to be sown in grains, grasses, &c., and thoroughly manured. About two dozen kinds of crops will be put in.—Yesterday the city authorities sold and bought in at the court house door, some city lots on which taxes have not been paid for last year. The city holds much property in this way.—Mr. D. S. Hudgins is in charge of the signal office which has just been established here. The apparatus is fixed at his quarters at the R. & G. depot. Every evening he telegraphs the result of his observations to the signal officer at Wilmington. From that point it is telegraphed back here.

Goldsboro Messenger: The meetings in the Presbyterian church still continue, and are attended by large congregations every night. Much concern is being manifested by those who are interested in their spiritual welfare and we learn that the most gratifying results are crowning the earnest efforts of the zealous minister in charge.—The greatest curiosity ever brought to this city, in the fish line, is now in the possession of Mr. W. P. Deshong, who has it packed in ice at present, awaiting the arrival of a sufficient quantity of alcohol, which he has ordered by telegram, to preserve it in a large glass top zinc box that he is having made for the purpose. This curious specimen of an unknown species of the finny tribe was caught in the waters near Cape Lookout, by means of a set trap, and was purchased by its present proprietor at a considerable sum. It is three feet long, flat, with side propellers very much resembling the human hand, 18 inches across the breast, 13 inches from corner to corner of the mouth, which, when open, will admit a perpendicular stick ten inches long.

Weldon News: Monday morning Isaac Liggins, colored, became offended at something Jim Spiers, colored, had said or done. Isaac is small and Jim is of Junboistic dimensions. Isaac concluded that in a rough and tumble fight Jim would break his bones to pieces. So to satisfy and make whole his wounded honor Isaac challenged Sim to mortal combat. Jim accepted and chose shot guns as the weapons. They chose their seconds and repaired to the banks of the raging canal where they were made ready for the fray amid a host of mutual friends. Jim began to show signs of caving in as the seconds made ready for the fatal combat. And after beholding the murderous looking implements of war for a short time longer, Jim informed his second and the crowd generally that he "had a wife and chillan at home and want ready to die no how and want gwine to fight neither" and he left for a more congenial neighborhood. So ended the fight. It was afterwards discovered that Isaac had on two overcoats and a piece of sheet iron for protection.

Now is the time to give Smith's Worm Oil.

1884.
Harper's Bazar.
ILLUSTRATED.

Harper's Bazar is at once the most brilliant and useful Household Journal at existence. It is the acknowledged arbiter of fashion in this country. Its fashion plates are the newest and most stylish; and its pattern sheet supplements and economic suggestions alone are worth many times the cost of subscription. Its illustrations of art needlework are from the best sources. Its literary and artistic merits are of the highest order. Its stories, poems, and essays are by the first American and European authors. Its choice art pictures would fill portfolios, and its humorous cuts are the most amusing to be found in any journal in America. A host of brilliant novelties are promised for 1884.
