rates, or 10 cents per week.
Advertising rates low and liberal.
Subscribers will report any and all fail-
ures to receive their paper regularly.

The Daily Review has the largest
bona fide circulation of any newspaper
published in the city of Wilmington.

Lord Tennyson is now said to be sick-
ened with a severe cold. But what
could the poor man expect after going
for his perogative without his robes?

The Washington Republican says
that "before parting with the bears in
Wall street, W. H. Vanderbilt thought-
fully provided for the expenses of his
trip by putting the price of Jersey Cen-
tral up about six points."

Colored Bishop Turner says the negro
race is to rule the world in some future
age, after the white man shall have de-
generated. A wholesale emigration to
Africa is the condition precedent to suc-
cess.

A vessel reports sailing in with a
mass of spiders floating in the air off
Para. The rigging and sails were cov-
ered with the web, the long threads of
which formed the balloon for the tiny
arachnids. The spider swarm continu-
ed for several miles.

Gen. Sherman warns the Republicans
not to rely for success upon Democratic
divisions. He says: "I have known
them for years and never but once in a
Presidential fight were they divided,
and then two conventions were held.
They will be solid this fall."

One of the Boston clubs is discussing
the propriety of a by-law which shall
exclude from membership all who are
sixty-five years of age. When a member
reaches this age he is to receive a bonus
and retire. The young members urge
that the old fellows check the prosperity
of the club.

Governor Cleveland, of New York,
has written to a prominent Democratic
Congressman that he is sorry the Mor-
rison bill was defeated, that Mr. Ran-
dall has assumed a mistaken attitude,
that the reformers will ultimately win,
and that he desires to be considered one
of them.

Hon. Wm. M. Evarts says the tariff
will be the great issue in this campaign
and he rejoices, as a Republican, that
the Democrats forced it upon the coun-
try. A proper nomination and plat-
form at our Chicago convention will
"knock the stuffing" out of Mr. Evarts'
beautiful confidence.

It runs in some families. Lord Lyt-
ton's fifteen-year-old daughter has just
written a blood-curdling ghost story,
and Miss Hattie Blaine is also said to be
seized with a sudden book-making
mania, which is believed to be inherited
more from her aunt, Abigail Dodge,
than from her father.

Rev. W. W. Hicks, ex-agent of the
Biscayne Bay Company and spiritual
adviser of the late Gileau, is said to
be in a feeble condition of health, and
has gone to his Florida orange groves
in the forlorn hope of recovery. His
Washington tabernacle will lose its
charm as well as its pastor.

A brand of American cigars lately
introduced in London and smoked by
the dukes of Regent street with great
satisfaction, have been found to be
composed of tobacco paper—that is,
a cheap kind of paper soaked in tobacco
juice, stale beer and strychnine and
then rolled like the tobacco leaf.

It was related of the late Hon. Judah
P. Benjamin, who died in Paris last
Wednesday, that when the war was
fairly on; one of his associates remark-
ed: "I feel sure that the statesmanship
of the South will be equal to this emer-
gency." Mr. Benjamin replied: "If
we are found deficient it will not be in
statesmanship, but in the ability to
manufacture our supplies. The man
who knows how to make a percussion
cap is of more account than a hundred
statesmen."

North Carolina Climate.
Postmaster and Justice of the Peace,
Company Shops, Alamance Co., N. C.,
Mr. M. M. Shoffner, writes he has
used St. Jacobs Oil for rheumatism,
cuts, swelled ankles and knees, pains
in the back and sore throat. One or
two applications in each case has al-
ways cured, and he believes the Great
German Remedy is the best in the
world.

Left in Good Order.
The Howard Relief Company and the
Cornet Concert Club left yesterday
afternoon on the Carolina Central train
for Charlotte, as they were expected to
do. The train was the regular passenger,
but four additional cars were taken on
here and the train consisted of eight
cars, all pretty well filled, when it
reached Charlotte this morning. A
number of others left here last evening
also, among whom were Hon. C. M.
Waddell, Mayor Hall, Maj. C. A.
Siedman and Maj. Jno. W. Dunham.

A few huckleberries, alias whortle-
berries, have already been seen in this
market.

The steamship *Benefactor*, Captain
Tribon, from New York, arrived at her
wharf in this city this forenoon.

The Wilmington Bicycle Club will
meet for practice in front of the City
Hall at 6 o'clock this afternoon.

The banks of the city and all the of-
fices at the Court House, were closed
for business to-day as it is a legal
holiday.

Nearly all the business houses on
Water street were closed to-day and a
number on Market and Front were also
closed.

Mayor Hall has gone to Charlotte to
attend the anniversary celebration of
the Mecklenburg Declaration of In-
dependence.

To-day has been about the warmest
day of the season, thus far, the ther-
mometer registering 83 degrees in this
office at 3 o'clock.

It is currently reported on the streets
here that Mr. Frank H. Darby is to be
the candidate of the Coalitionists for
Congress from this district.

We invite the attention of our citizens
to the fact that first quality shirts are
being made to order at one dollar at the
Wilmington Shirt Factory.

Silver Plated Spoons, Forks and
Knives of best quality, and at manu-
facturer's prices, can be found at Ja-
cob's Hardware Depot.

The storm signal, which was flying
yesterday and this morning, was order-
ed down at 11 o'clock, and the U. S.
flag and as many of the International
Code of signals as the flagstaff would
hold were raised in honor of the day.

We have labored under many diffi-
culties to day in this office. Two of
our force are sick, and we have been
unable to fill both places at short notice.
This must account for any and all short
comings in this issue—if there are any.

The Wilmington Light Infantry were
conveyed to Hilton on board the steam-
ship *Alpha*, Capt. Chadwick. They left
here at about 4 o'clock and after ar-
riving at Hilton, they practiced at tar-
get firing. The company had not re-
turned when we went to press.

The streets had a deserted look this
morning and, although the stores
were open, there seemed to be but a
small business, as nearly every one
who could possibly leave was either
out of town or in attendance upon the
closing exercises of the Graded Schools.

Kit Huggins, colored, for many years
a well-known habitue of the "Hollow,"
died last night, aged about 64 years.
He had been in failing health for sev-
eral months, with no prospects of re-
covering, but gradually and surely
sinking towards the grave.

Mr. Jno. H. Savage, Superintendent
of the County Work House, was in the
city yesterday with a lot of some of the
finest Irish potatoes we have ever seen,
raised by him on the lands at the in-
stitution. They were of the Early Rose
variety and show what careful cultiva-
tion on old land can accomplish.

Mr. J. H. Mallard, on South Front
street, is preparing for the Summer
campaign and is now receiving a large
assortment of trunks, travelling bags,
satchels &c., to which he invites the at-
tention of travellers and others through
an advertisement published in this is-
sue.

A dispatch received here this morn-
ing from Mr. S. R. Birdsey, at Ocala,
Fla., brings the sad intelligence that
his little Marion, an account of whose
sickness we chronicled a few days since,
died last night. Her remains will be
brought here for interment, notice of
which will appear hereafter.

The W. L. I.

The Wilmington Light Infantry
hold their annual parade this afternoon,
which will be followed by a reception
at the city Hall to-night. Special in-
vitations have been issued to the mer-
chants of the city to attend the recep-
tion, but a cordial request is extended
to all the friends of the corps to be
present.

Dressed Up.
The steamer *Louise* has got her awn-
ings up and she looks as cozy and com-
fortable as need be. She is a lively
craft and on board of her from Smith-
ville to Wilmington and return would
be very pleasant.

For Smithville.
The little steam yacht *Oklahoma* is
at the ship yard, where she will be
thoroughly overhauled and refitted.—
After the work upon her is completed
she will be taken to Smithville, where
she will be employed during the season
in conveying parties from that place to
Fort Caswell and Baldhead.

Family Excursion.
The next "Family Excursion," on the
Passport, to Smithville and the
Forts, will be on Friday next, and if
the weather should prove fair she will
undoubtedly carry a full passenger list.
Those who went upon the last excursion
given by Capt. Harper express them-
selves as highly delighted with the trip.
He is a careful commander as is de-
monstrated by the fact that of the many
thousands he has carried, not an ac-
cident has occurred to any one on his
boat.

City Court.
In the absence of Mayor Hall,
Mayor pro tem Dudley officiated at the
City Court this morning. The first
case for consideration was that of
Richard Martin, colored, charged with
disorderly conduct. He was fined \$10
for the offense, in default of which he
was sent below for 30 days.

E. H. Simon, a steward on one of
the vessels in port, was drunk and down
and was taken in by the police. He
was fined \$5 for the offense.

Rosa D'Erina.
Miss Rose O'Toole, better known in
musical circles and in this city under
her professional name of Rosa D'Erina,
was married on Sunday evening last at
the Church of the Holy Innocents, in
New York, to Prof. G. R. Voutom-
Vicente de St. Croix. It will be re-
membered that she was in this city
some four or five years ago and gave an
entertainment, consisting of vocal and
instrumental music, at the Opera House.
She has been the organist of the church
in which she was married, and her
titled husband is professor of French
and music in St. Louis College, which
is attached to the same church.

Tales of the Sea.
It will be a source of joy to many in
this city to learn that Capt. E. T.
Williams and wife, with the remainder
of the crew of the schooner *Mary E.*
Emerick, an account of whose loss at
sea we mentioned a few days since,
arrived at New York on Sunday last.
They came as passengers on board the
steamer *Prof. Morse*. To a reporter of
the *New York World*, Capt. Williams,
in speaking of the disaster to his vessel,
said:

"We left this city on March 29 last
bound for Jacksonville, Fla. Four
days out from here we were struck by
a hurricane, and our vessel was com-
pletely dismasted. We were rigging
up jury masts on the following morn-
ing when a small leak was discovered,
which rapidly enlarged until our pumps
were useless to stop the flow of water
into the hold. A portion of her cargo
consisted of iron, but the rest was of
wood, and we kept afloat for five days,
being in the rigging most of the time.
On the fifth day the schooner *Martin*,
from New York for Trinidad, hove
in sight and rescued us. Our vessel
sank in two hours after we left her.
We saved nothing. We were landed
at Trinidad, where the American
Consul procured us passage on the
steamer *Prof. Morse*."

Lippincott's Magazine.
Lippincott's for June opens with an
illustrated paper on Raglan Castle, "the
finest ruin in England," and one of the
richest in historical associations. W.
H. Schuyler discusses the subject of
"Academy Endowments." Dr. Oswald
continues his papers on "Healthy
Homes," the subject in the present
number being "Out Buildings," or, as
the English say, "offices." The con-
cluding paper on "Shakespeare's Trag-
edies on the Stage" describes the acting
of Forrest, the elder Booth, and Mac-
ready, and contrasts their qualities and
methods. "Voyaging on the Savan-
nah," is a graphic and lively article,
and "Mimicry in Animals," by C. F.
Holden, of the American Museum of
Natural History, contains much that is
striking and interesting.

Two short serials, "The Perfect
Treasure," and "At Last," are con-
cluded in this number. "Winifred's Let-
ter" and "A Railway Problem" are en-
tertaining short stories. A new serial,
by Mary Agnes Tincker, will be begun
in the July number, which is the first
of a new volume.

The Graded Schools.
The examination at the Hemmen-
way School, on Fourth street, between
Red Cross and Campbell, this forenoon,
closed the session of the Graded Schools
of the city, and the pupils and teachers
will have a vacation until the first of
October next. The colored schools of
the Graded School System of the city
held their examination on Thursday
and Friday of last week and those of
the white schools were held yesterday
and to-day. At all the examinations
there was a goodly attendance of vis-
itors who were interested in the all-im-
portant cause of education, and, as
might have been expected, the exercises
were conducted in a manner satis-
factory to all.

In his position as Superintendent,
Prof. Nobles has been indefatigable
and pains-taking in the discharge of his
onerous duties. The corps of teachers
have been prompted in their efforts by
a love of their noble profession, and
with the new and improved meth-
ods of imparting instruction have made
the session which has just closed emi-
nently successful. Our people have an
abundant reason to be proud of our
schools; the teachers have every reason
to be gratified at the results of their
labors, and the pupils have cause for
thankfulness at the splendid opportuni-
ties for acquiring knowledge which the
munificence of our laws affords them.

The plan of vacation at this season
of the year, when the hot months are
upon us, is proper and wise, and the
vacation will not be a day too long.
Nearly or quite all the teachers will at-
tend Normal schools during the Sum-
mer, in order to be the better prepared
for the duties of the next session, so
that they will have but little time for
recreation or pleasure. The pupils
will have opportunities for attending
picnics and excursions and other open-
air exercises, so that they will come to
the school room in the Autumn men-
tally and physically invigorated for the
renewal of their studies.

Lake Waccamaw.
To-morrow bids fair to be a lovely
day and as a consequence there is every
probability that the family excursion
to be given to the Lake to-morrow, by
the Sunday School of St. Thomas'
church, will be liberally patronized.
All who go may rest assured of a
pleasant day, free from trouble and
annoyance. The train will leave Front
street depot at 8:30. Tickets may be
had at the depot.
