More than 35,000 bales of cotton have  
 been compressed at Texarkana, Texas,  
 this season.

The New York Daily Commercial  
 Bulletin of the 7th says there is an im-  
 proved feeling in financial circles.

Dr. Ingalls and Joe Brown try to ap-  
 pear as if they didn't see each other  
 when they happen to drop into the same  
 bar-ber shop.

What a curious coinage of words  
 comes out of politics. The last is  
 "mugwump," one who politically kicks  
 when it does no good.

Henry Labouche, who is mar-  
 ried, and therefore experienced, says  
 "most women wish to be successes as  
 men because they are failures as wom-  
 en."

It is thought that within a few years  
 one-third of the population of Califor-  
 nia will be insane. This looks as if  
 the Republican assertion that California  
 is a Blaine State is not without founda-  
 tion.

James Watts' workshop is preserved  
 at Heathfield Hall just as he left it, his  
 lathe and bench standing at the win-  
 dow, his tools scattered about and his  
 old leather apron hanging across the  
 vise.

The Philadelphia Press declares that  
 the Schuylkill river, from whence Phil-  
 adelphia is supplied with water, is sim-  
 ply an open sewer, being the depository  
 of all manner of refuse from mills,  
 sewers and houses.

George Aiken, who left Louisville a  
 poor man eight years ago for the West,  
 has returned wealthy and is engaged in  
 a search for his only child, whom he  
 left in an orphan asylum and who has  
 since been given to some family and  
 lost trace of.

M. Picard, a bird charmer, is aston-  
 ishing the boulevardiers of Paris with  
 his powers. After being alone with a  
 bird fifteen minutes he can make it fly  
 wherever he wishes. Any one who  
 has ever tried to case a hen will ap-  
 preciate the value of this gift.

Mr. Tilden's health and habits are  
 thus mentioned by a friend: "The ex-  
 Governor received visitors all of the  
 morning of the Fourth and went about  
 his spacious grounds at Greystone with  
 them for nearly two hours. This morn-  
 ing I saw him about. He attended to  
 some business and to his correspondence  
 and took a long ride in the afternoon.  
 Mr. Tilden is a great reader, often ex-  
 tending this occupation to a late hour  
 in the evening. He goes out almost  
 daily in his yacht, and seems to be im-  
 proving in health rather than other-  
 wise."

Mr. George Home, of the extensive  
 Columbia River, Oregon, Fish Can-  
 nery, writes that after suffering seven  
 years with rheumatism, he tried St.  
 Jacobs Oil, the wonderful pain cure,  
 and in a short time all stiffness and  
 in soreness of the joints disappeared.

Now is the time to give Smith's Worm  
 Oil.

# THE DAILY REVIEW.

VOL. VIII. WILMINGTON, N. C., FRIDAY, JULY 11, 1884. NO 164

**PLEASE NOTICE**  
 We will be glad to receive communication  
 from our friends on any and all subjects  
 general interest but  
 The name of the writer must always be  
 signed to the Editor  
 Communications must be written on one  
 side of the paper.  
 Personalities must be avoided.  
 And it is especially and particularly un-  
 derstood that the Editor does not always endorse  
 the views of correspondents unless so stated  
 in the editorial columns.

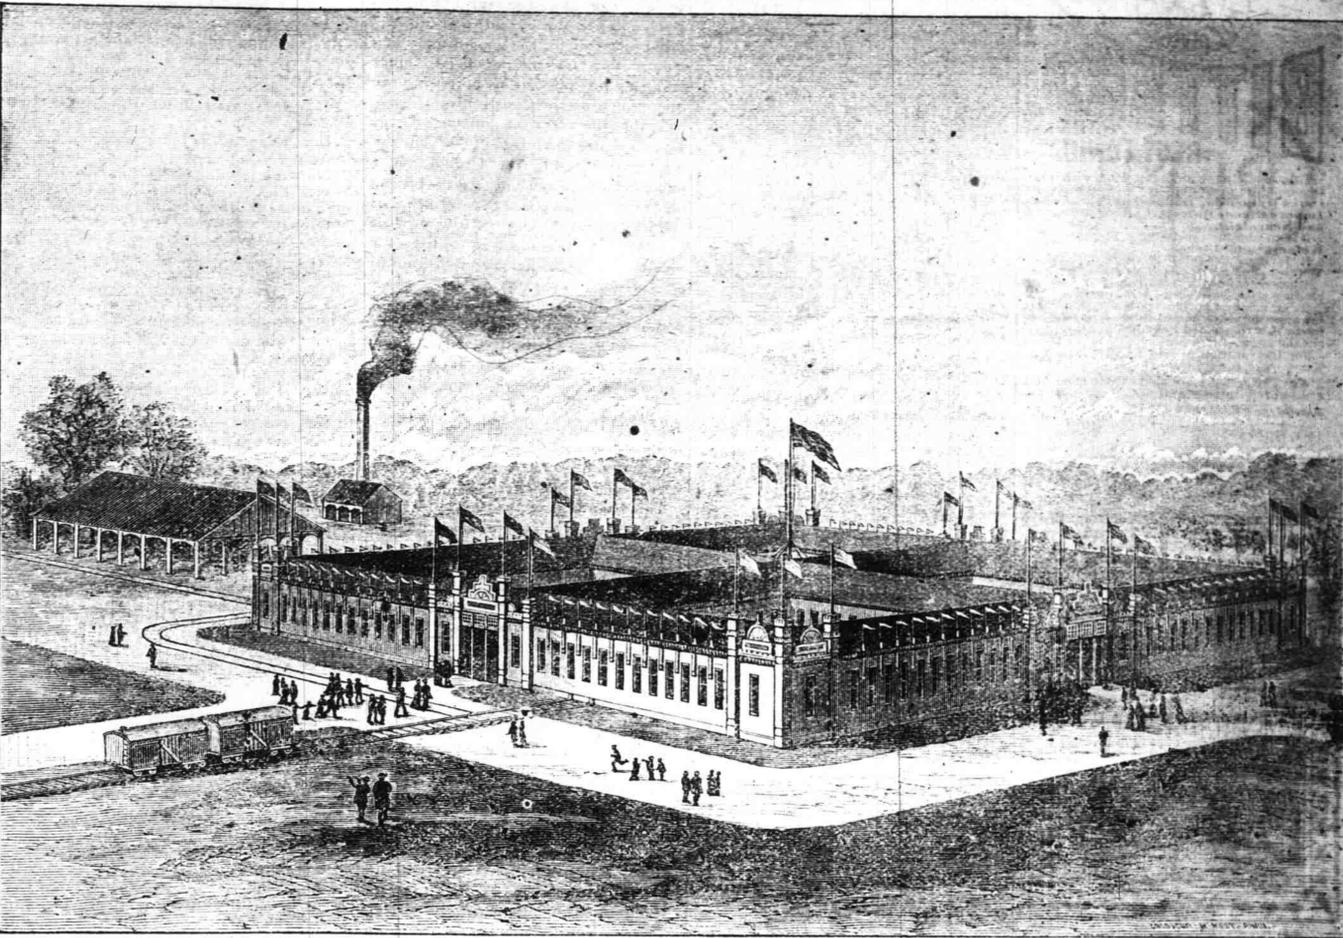

**Exposition Buildings.**

We publish herewith to-day  
 a handsomely executed sketch  
 of the State Exposition grounds  
 and buildings, at Raleigh. The  
 main building is 336x336 feet,  
 enclosing four open courts, in  
 two of which are sheds 40x80  
 feet. The picture shows a ma-  
 chinery shed 100x150 feet, which  
 will be devoted to the display of  
 sawmills, engines of different  
 kinds and wood-working ma-  
 chinery. Besides the buildings  
 shown in this cut there are two  
 buildings, each 250x43 feet, and  
 it may yet be necessary to erect  
 others; in fact it has already  
 been found necessary and it  
 will be done, provided there are  
 sufficient funds for the pur-  
 pose. The interest in the Ex-  
 position seems to be steadily on  
 the increase and there appears  
 to be but little doubt now that  
 the space in these buildings will  
 all be fully occupied by attrac-  
 tive exhibits, interesting to the  
 people of every section of the  
 United States.

Attention is invited to the  
 new schedule of the steamer  
*Louise*, as published in this is-  
 sue. It goes into effect at once.

We fear that the unpleasant  
 weather will seriously interfere  
 with the attendance at the Mil-  
 itary Ball at Smithville to-night,  
 although at this writing there is  
 a promise of clear weather.

Everybody in want of Paints,  
 White Lead, Glass &c., should  
 go to JACOBI'S to get best qual-  
 ities and lowest prices.†

Clarendon Council, No. 67, A. L. of  
 Honor, will meet to-night, at 8 o'clock  
 There was no City Court this morn-  
 ing, and there was a general dullness  
 around the city Hall.

Another large consignment of Sash,  
 Doors & Blinds at factory prices, just  
 received at JACOBI'S Hardware Depot.†

When a young man pops the question  
 and is referred to pop, he feels that al-  
 though he has got thus far he cannot  
 go any farther.

Colored stockings have had their day.  
 The doctors declare them poisonous,  
 and white are becoming fashionable  
 again after a long period of disuse.

Pretty little baskets for sending flow-  
 ers by post are the latest novelty in  
 fashionable circles. They fasten with a  
 padlock, and the sender and receiver  
 each keep a key.

The question which agitates the fash-  
 ionable housewife at present is not so  
 much, "Where shall we go this Sum-  
 mer?" as it is "Where shall we make  
 the neighbors think we are gone?"

We would suggest that an improve-  
 ment could be made without trouble in  
 the bulletin board at the telegraph  
 office, which would add much to the  
 convenience of people in obtaining the  
 news.

It has been a rainy and very disagree-  
 able day, yet Front street, in the  
 vicinity of the telegraph office, was a  
 place where a good many of our  
 citizens were congregated in order to  
 obtain the first news from the Chicago  
 Convention.

We have been requested to state that  
 Rev. W. H. Bobbitt, D. D., will preach  
 at the Fifth Street Methodist Church on  
 to-morrow (Saturday) morning at 11  
 o'clock and also on Sunday morning  
 and evening, it being the occasion of  
 the third quarterly meeting of that  
 church for the present Conference year.

If there is any truth in the saying that  
 men's ears tingle when people are  
 speaking ill concerning them, John Kel-  
 ley's and Ben Butler's have been sensi-  
 tively alive to tingling sensations to-day.  
 We have heard a good many broken  
 remarks concerning those two notori-  
 ously conspicuous individuals during  
 the day.

Fulllest assortment of Fishing Tackle  
 can be found at JACOBI'S. †

People arriving in the city from along  
 the line of the Wilmington & Weldon  
 Railroad report the crops as being in  
 excellent condition.

Mrs. Robert Lee, 113½ Market street,  
 opposite this office, is prepared to ac-  
 commodate table boarders during the  
 Summer. She keeps an excellent house.

There is unmailable matter in the Post-  
 office here addressed to Alfred Scales,  
 Guilford Co., N. C., and Eli Brown,  
 care of T. J. Jones, Sampson P. O.,  
 Robeson Co., N. C.

Steamboatmen report that the water  
 is very low in the Cape Fear, and  
 that, in coming down the river, the  
 boat rubbed against the bottom in one  
 of the shall places.

There is pretty general satisfaction  
 expressed here at Cleveland's nomi-  
 nation. The preference of our people, as  
 was ours, was for Bayard but it has  
 been felt that Cleveland was a more  
 available man and that he was the  
 man for the nomination.

We notice that some of our exchanges  
 are running an ad. for "that excellent  
 daily journal, the *National Democrat*,"  
 as they call it in their local notices.  
 They should go a little slower. If there  
 is such a paper published in Washing-  
 ton City then we have been unable to  
 find it, and we have caused a vigorous  
 hunt to be made.

**Postponed.**  
 There was to have been a match  
 game of base ball yesterday afternoon  
 at the Athletic Grounds, but in con-  
 sequence of the storm it was postponed  
 to a more favorable season. The Sea-  
 side Park nine and a picked nine from  
 among the base ball players of the city  
 were to have been the contestants

**Thunder and Lightning.**  
 The rain, which began yesterday af-  
 ternoon, continued with more or less  
 violence through out the night. Fortu-  
 nately it was accompanied by very lit-  
 tle wind. There was a heavy shower  
 this morning with considerable thunder  
 and lightning. During the shower the  
 lightning struck the West side of the  
 house of Mr. Maurice Bear, on the cor-  
 ner of Sixth and Chestnut streets. The  
 fluid entered the house near one of the  
 windows in the second story, and but a  
 few feet distant from the lightning rod,  
 tearing off the weather boarding, and  
 passing clear through the house to the  
 East side, demolishing and scattering  
 the ceiling and plastering, besides doing  
 other damage. Fortunately no one  
 was injured. Balaam Fuller, colored,  
 was passing along Chestnut street, in  
 front of the house, smoking, at the  
 time, and either from shock or fright  
 the pipe was knocked out of his mouth.  
 It is needless to say that he did not  
 stop to pick up the pipe, but was seized  
 with an earnest desire to be somewhere  
 else in the shortest possible time.

If this be not Summer what is it?  
 We should like to know.

**Pender County Fruit.**

Mr. R. H. Murphy, of Moore's Creek,  
 has sent in to us specimens of his apple  
 crop this year, for which we thank  
 him. They are truly magnificent and  
 we hope that he will make an exhibit  
 of them for the Fruit Fair. Pender is  
 a rich county if her people did but real-  
 ize it. It seems that almost anything  
 and everything pleasant to the palate,  
 which grows anywhere outside of the  
 tropics, can be raised there.

**The Sumter Military.**

A note from a subscriber at Sumter  
 tells us that the Sumter Light Infantry  
 will visit this city next week, arriving  
 here on the 15th, accompanied by a  
 large number of civilians. The note  
 doesn't say anything about going down  
 the river but we presume that they will  
 visit Smithville for their usual Summer  
 encampment and remain there about a  
 week. They will probably be met here  
 by the Wilmington Light Infantry.

**Our Next President.**

In the first ballot for presidential  
 candidate, taken last night, Cleveland  
 received 393 against 428 for the field.  
 Whole number of votes 820; necessary  
 to a choice 517. On the second ballot,  
 which was taken this morning, Cleve-  
 land received 499 votes, a gain of 107,  
 and as soon as the result was announ-  
 ced a number of States, led by glorious  
 old North Carolina, changed their votes  
 to him and Governor Cleveland on the  
 second ballot was made the Democratic  
 candidate for President of these United  
 States.

As was forecast by us yesterday  
 Grover Cleveland, of New York,  
 was to-day nominated in the Demo-  
 cratic Convention at Chicago on the  
 second ballot as the candidate of that  
 party for President of the United States.  
 No ballot has yet been had for Vice-  
 President and but one, we believe, will  
 be taken at all. We think that Mc-  
 Donald will be nominated to-night, on  
 the first ballot, for Vice President. The  
 candidates of the Convention will sur-  
 rely be elected next November.

**The Official Count.**

The following is the official count of  
 the two ballots for the nominee for  
 President: First ballot—Cleveland  
 392, Bayard 170, Thurman 88, Randall  
 78, McDonald 56, Carlisle 27, Flower,  
 4, Hoody 3, Hendricks 1, Tilden 1.  
 Second ballot—Cleveland 663, Bayard  
 81, Thurman 47, Randall 4, McDonald  
 2, Hendricks 45½.  
 Cleveland's nomination was then  
 made unanimous.  
 There are 820 votes in the Conven-  
 tion and under the two-thirds rule 517  
 were necessary to a choice.  
 One of the prominent business men  
 on the wharf was busy this afternoon  
 in hunting to see if he could find a John  
 Kelly man. At last accounts he was  
 unsuccessful and had become about  
 discouraged.
