How would it do for Blaine's friends to plead the statute of limitations on his bad record?

That shot from the Hendricks gun knocked the head of the Navy Department into smithereens.

North Carolina will celebrate this fall in honor of Cleveland, Scales, victory and magnificent crops.

John Kelly remains dignified, sulky and silent, but then the Democrats will not need him until November.

With Rhode Island and Vermont conceded to the Republicans Blaine's chances seem to be looming up beautifully.

The Democratic Convention of the Sixth Congressional District, will assemble at Lumberton on the 30th inst.—one week from to-morrow.

Mr. Blaine may draw some consolation from the fact that Southern Republicans will not bolt. They never do, but, unfortunately for his hopes, there are not enough of them.

Col. W. J. Green will make a thorough canvass in the old Third District and will be elected by a triumphant majority. He will have a free ballot, a fair count and a big vote, and don't you forget it.

We have looked with some anxiety to see the heavens aglow with torch-light enthusiasm for Blaine and York, but it seems the season is somewhat wet and backward for the illuminating business.

North Carolina Democrats have invited the Republican candidates to a joint canvass. Now let the latter accept unless they would be considered members of a miserable sectional party. If they decline they will certainly be out of joint.

After having bolted his maternal cocktail, Mr. Blaine has formed the habit recently of scanning with argus eyes the morning papers to see who has bolted the ticket since he last murmured his evening prayers. It is said to be a roseate day in Maine when no prominent bolt is announced. If all reports are true the New England woods are full of them.

Mr. J. H. Hurt, grocer, N. E. corner Fairmount Ave. and Ann St., Baltimore, Maryland, states that he had a severe attack of acute inflammatory rheumatism and his pains were such he could not walk. After one application of St. Jacobs Oil, the conqueror of pain, he experienced immediate relief and was able to walk as well as ever.

Another large consignment of Sash, Doors & Blinds at Factory prices, just received at JACOBI'S Hardware Depot.

The receipts of cotton at this port today foot up 3 bales.

There was no City Court this morning, and there were no tramps at the guard house last night.

We invite the attention of our citizens to the fact that first quality shirts are being made to order at one dollar at the Wilmington Shirt Factory.

The improvement made in the appearance of the First National Bank Building on North Front street is wonderful. Is that what the city authorities call "removing obstructions?"

There is a rumor in the air that the bicycle club of Raleigh are coming to Wilmington in the course of a week or two to engage in a friendly trial of skill with our own club. Hope it will prove true.

Miss Annie Thompson, chief milliner at Taylor's Bazaar, has gone to New York, where she will remain a few weeks in order to acquaint herself with the latest styles in trimming ladies' hats and bonnets.

Capt. F. M. James was 64 years of age last Saturday, and he felt so well and sprightly that he wanted some one to join him in a walking match, but there were none who cared to make the trial.

It reported here that Col. Cash was the individual who a few days since fired upon and killed, near Cheraw, S. C., the man who is alleged to have led the expedition which killed Bogan Cash.

Capt. Rod MacRae and the party who were led by him on the preliminary survey of the route for the proposed Onslow railroad have returned to the city and Capt. MacRae and his assistant, Mr. O'Hanlon, are now busy making up the report.

Mr. F. Lafon has opened at the corner of Front and Mulberry streets a new and select stock of family groceries, to which he invites the attention of the readers of the REVIEW, in this issue. All he has is nice and new and fresh from first hands and will be sold low for cash.

Personal.
Our young friend, Mr. C. Polygot, who has been absent in New York, for the past four weeks, returned to the city on Saturday night, and we are glad to hear that he had a good time during his absence.

A Big Pear.
We were shown a pear this morning which was raised in the garden of Dr. W. G. Thomas, this year, which weighed ten and a half ounces and measured ten and a half inches in circumference. Although it was not fully ripened or developed, it was the largest fruit of the kind we have ever seen in this section. We did not learn the name of the variety.

The Onslow Railroad.
We heard a young gentleman this morning suggest that the best way to accomplish the building of the proposed Onslow Railroad, was for fifty men to subscribe a thousand dollars each, which with the donations of land and material already guaranteed would be sufficient to build a narrow gauge road to New River. He further stated—and he meant business—that if forty-nine could be obtained the fiftieth could at any time be found upon inquiry at the Purcell House.

Music in the Air.
As will be seen by announcement in another column, the Cornet Concert Club will give an excursion on the *Passport* to the Rocks, Smithville and the Forts on Thursday, the 24th inst. The number of tickets will be limited so that the excursionists will not suffer the inconvenience of a densely crowded boat, but we are assured that the amount of enjoyment will be unlimited. The Club will discourse at intervals some of their best music to relieve the trip of any monotony, and no pains will be spared to make the excursion a gala day of unalloyed pleasure.

Now is the time to give Smith's Worm Oil.

Free of Charge.

Residents of Bladen, Sampson and Pender counties having fruit, vegetables or other articles for exhibition at the Fruit Fair at Goldsboro, can have the same forwarded free of charge upon delivery to the officers or agents of the steamer *John Dawson*.

Lawn Party.

There will be a Lawn Party to-night on the vacant lot at the corner of Third and Dock streets, given under the auspices of the congregation of St. Thomas' Catholic Church. There will be music by the Italian harpers, refreshments at city prices, and the price of admission will be only one dime. The gate, on Third street, will be open at 7.30 p. m., and there will undoubtedly be a large attendance and a pleasant time. One of the pleasant features of the occasion will be the presentation of a gold headed cane to the most popular merchant, the same to be decided by vote. Prepare your ballots; the polls are now open!

Storm in Bladen.

From a friend and subscriber we learn that a fearful storm passed through Bladen county, on the line of the Carolina Central Railroad, on the night of the 18th inst., which did a great amount of damage. The wind blew with great violence, accompanied with terrific peals of thunder and vivid flashes of lightning, and the rain falling in torrents. Trees were uprooted, houses unroofed, and at the mill of Mr. Wm. T. Baldwin, piles of lumber were blown down and scattered in every direction. Considerable damage was done to the crops, the corn and cotton having been badly torn up. The streams and swamps were filled to overflowing and the roads were made almost impassable. Such a storm has never been known to visit that section within the memory of the oldest inhabitants. It last about four hours.

The Fruit Growers' Fair.

Appearances now indicate that the Fair of the North Carolina Fruit Grower's Association, which will be held at Goldsboro on the 30th and 31st inst., will far exceed any of its predecessors in point of fruit display as well as in point of numbers who will attend. There will be quite a large delegation from this city, and the display from New Hanover county will be remarkably fine. In addition to the interest attaching to the fair, there will be musical entertainments on both nights, in which some of the best musical talent of the State will participate. We learn that some of the leading lady vocalists of this city have been invited, but whether they will join in the concerts or not, we are not yet prepared to say. There will also be a match game of base ball, in which the Seaside Park, of this city, and the National, of Goldsboro, will contest for the supremacy.

A Valuable Present.

During his busy and useful lifetime the late Mr. Henry Nutt gathered together many valuable and important published papers and documents which he preserved with much care. Among these were complete files of the *Wilmington Journal* from the first number published up to near the time of his decease. These, the heirs of Mr. Nutt, with commendable liberality, have presented to the Wilmington Library Association, together with the files of several other papers published in this city and elsewhere in the South. Among the number are the *People's Press*, first issued January 9th, 1833, with Messrs. Fanning & Hall proprietors and Messrs. P. W. Fanning and T. Loring editors. It was a Democratic weekly. The *Tri-Weekly Commercial*, a whig paper, first published in 1846, was owned and edited by Mr. T. Loring, formerly one of the editors of the *People's Press*. In March, 1848, before the meeting of either of the National Conventions, the *Commercial* had at the head of its editorial columns the names of Gen. Zachary Taylor for President, and Hon. Charles Manly, of Wake, for Governor. Besides these, there was files of the *Morning Star*, the *North Carolina Standard*, published at Raleigh, and the *Charleston (S. C.) Mercury*. The files are generally in an excellent state of preservation, and are a valuable acquisition to the Library, and will add much to the usefulness and interest of that institution. As works of reference they will prove invaluable, and in presenting them to the Library, those who had them at disposal performed an act which cannot be too highly appreciated.

To-Morrow.

The excursion to be given to-morrow on the steamer *Passport*, by the Young People's Association of St. Paul's E. L. Church, promises to be a most enjoyable affair. The gentlemen of the committee have labored earnestly to this end. There will be music for dancing on board and refreshments will be served at city prices. The boat will leave her wharf at 9 o'clock, sharp.

The Confederate Lawn Party.

The Ladies of the Memorial Association are making earnest efforts towards the success of the Lawn Party which is to be given in the City Hall Park to-morrow evening. The grounds will be enclosed and illuminated and the Cornet Concert Club will render during the evening some of their most delightful music. There will be a supper ready at about 7 o'clock for all who desire it, at which all of the delicacies of the season will appear on the bill of fare, and at prices at which no one will complain. Let there be a full turnout on the occasion.

Lippincott's Magazine.

Lippincott's Magazine for August has a varied list of contents. The most entertaining article is the first of two or more papers containing "Personal Recollections of Charles Reade," by John Coleman, Reade's associate in many theatrical enterprises. The second paper on the "Suburbs of New York" treats of West Chester and Long Island. In an article on "Vivisection," Dr. Albert Leffingwell shows that this practice has done nothing for the mitigation of disease. "A Word from a Woman Against Female Suffrage" is pointed and cogent. The second paper on "Life in a Russian Province" is interesting, and a short account of the "Confederate Postage Stamps," with engraved specimens, has a degree of historical value. Miss Tincker's new serial, "Aurora," is continued, and another, entitled "A Trip to Killarney," by the author of "Molly Bawn" and "Phyllis," is begun. "Some New Things," by W. W. Crane, justifies its title by its delineations of Pennsylvania German life. "My Chaperon" is a quaint little sketch, and a vivacious account in the "Gossip" of a "Prize Day in a French Public School" should not be overlooked.

Fullest assortment of Fishing Tackle can be found at JACOBI'S.

An Important Industry.

Mr. John R. Paddison brought down from Point Caswell yesterday, on the steamer *John Dawson*, 36 bales of dog tongue, or Southern vanilla, for shipment to the Northern markets. Mr. Paddison began this business about three years ago, bringing the first year only a few bales; last year he increased the business to 100 bales. This year his first shipment is about a month earlier than last, and, as his purchases so far have been very much in excess of last season, he expects to ship at least 300 bales. He keeps one person constantly employed in weighing and examining it and four others in assorting and baling. It is an article that requires a great deal of careful attention in drying and baling, in order to prevent any that is damp or un cured from being packed for shipment. It is getting to be quite an important industry in this section and gives employment to a great number of persons during the Summer months, and, as fair prices are paid for it, it is quite remunerative to those engaged in gathering it. Mr. Paddison pays for the larger part he buys in merchandise, but as he pursues a liberal policy in business, he pays cash when it is required. He gives the business his close personal attention, and we are glad to know that he has made such a success of it.

Every Farmer ought to get a "Boys Clipper Plow," greatest invention of the age. JACOBI is the Agent.
