THR SEASIDE PARK

This is the name that Wrightsville will in the future be known by. Scoville & Co. have leased the greater part of the Sound, about ,150 acres, which they have enclosed with a tall white fence, with convenient double which was for a white, and the other gate entrances, and the grounds are laid out in the style of the northern parks. Every spot almost is shaded with the moss covered oaks, the walks are well graveled and the lawn is green and grassy. The cottages are all new and stylishly fitted up. The entire hotel and all the cottages are supplied with new furniture, made at Grand Rapids. Mich., all of the Queen Anne style, with marble tops and broad mirrors. The furniture is of a better and more stylish quality than that found in some of our best hotels. The dining room is large and airy and the tables are set with best china and silver ware. The fare is as good as the salt sea and the dry land can furnish and every day, falmost, such delicacies as sheep head, pig fish, clams, crats and shrimps are served. The hotel is in charge of Mr. D. H. Scoville, formerly of the Buford House in Charlotte, and he is winning quite a reputation as a hotel manager. The hotel now has sixty-six guests and all seem pleased.
