JOHN N. STAPLES.
- FOR CONGRESS:  
R. T. BENNETT,  
of Anson.
- ELECTOR, SIXTH DISTRICT;  
ALFRED ROWLAND,  
of Robeson.

Hungarian women seem to have seized upon their "rights" without disturbance or controversy. It is said they go to all public meetings where men go, take the same place in the theatre and occupy their time in the same way. They are beginning to take great interest in education.

The Fourth Auditor of the Treasury is making preparations for the distribution of the Farragut prize money. One hundred and forty three thousand dollars is to be distributed among five thousand persons, belonging to forty-four vessels. The lists as made out will be revised by the Second Controller, and it will be five weeks before the money will be actually paid.

Professor Henry A. Rowland, of the John Hopkins University, Baltimore, has been designated by President Arthur to serve as chairman of the commission recently appointed to conduct a national conference of electricians in connection with the International Electrical Exhibition to be held in Philadelphia September 2d. The first meeting of the commission will take place on the 7th instant in Philadelphia.

The best dressed woman at Atlantic City is said to be a Jewess. Her wardrobe is superior in quantity and quality to any other at the seashore, and probably is not equalled in the United States. She never puts on the same dress twice in a season at one resort, though she will go through with the wardrobe again at Saratoga. The job ought to bring a reward to her vanity, for certainly it is arduous. She rarely rests while on parade, but walks incessantly on the verandahs through the corridors of the hotel. She is thus afoot for hours without intermission. The taste shown in her garments is excellent, and all are beautiful as well as costly.

## LOCAL NEWS.

**INDEX TO NEW ADVERTISEMENTS.**  
F. C. MILLER—Conundrum  
C. W. YATES—New Goods  
HEINSBERGER—Hammocks  
Knights and Ladies of Honor—Local ad  
MUNDS BROS. & DEROSSET—Mellins' Food

No tramps have applied for lodgings at police headquarters in several days.

Everybody in want of Paints, White Lead, Glass &c., should go to JACOB'S.

There was no City Court this morning and an unusual quietude pervaded the atmosphere of the City Hall.

Fulllest assortment of Fishing Tackle can be found at JACOB'S.

The market continues to be excellently well supplied with all kinds of vegetables, which are offered for sale at very reasonable prices.

Another large consignment of Sash, Doors & Blinds at Factory prices, just received at JACOB'S Hardware Depot.

We noticed quite a number of strangers in the city to day, some of whom were on business and some were here merely for pleasure and to see relatives and friends.

Every Farmer ought to get a "Boys Clipper Plow," greatest invention of the age. JACOB'S is the Agent.

Gov. Jarvis has postponed his return to Raleigh until to-morrow morning. He will be entertained by the Wilmington Light Infantry, at their armory to night.

**Knights and Ladies of Honor**  
Regular meeting this (Thursday) evening. Full attendance desired. It

After the rains of yesterday, the atmosphere became much cooler last night and the weather was delightful for sleeping.

A good many old buildings in the city are being reconstructed, enlarged and improved and quite a number of new dwellings are in course of construction.

We learn that several theatrical companies have already made engagements for the Opera House in this city during the coming season, but have not yet learned the names of the troupes nor the dates of their appearance.

**Magic for the Aged.**

Men of advanced age, like Mr. Benjamin Miller, Thompsonstown, Pa., in his 76th year; Mr. W. H. Redwood, salesman, Baltimore, Md., in his 73rd year; Mr. John Lane, Hyde Park, Ill., aged 80, and many others, were cured of rheumatism by a few applications of St. Jacobs Oil; the great pain-

The rains with which we have been visited during the last week, have been quite general throughout Eastern North Carolina. It rained all day yesterday along the line of the Wilmington & Weldon Railroad.

## Base Ball.

The Mechanics Base Ball Club, of Columbia, S. C., arrived here on this morning's train to indulge in a friendly trial for supremacy with the Seaside Park Club, of this city. After breakfast they, as the guests of the Seaside, were conveyed to Wrightsville, where the contest will take place on the grounds of the latter club. The game will be called at 4 o'clock this afternoon. We hope that the visiting nine may have a pleasant time while here, and that the better nine may win the game.

## For the Sound.

A large throng of people made a visit to the Sound to-day, many of whom were drawn thither by a desire to witness the match game of base ball which came off at 4 o'clock this afternoon, and others to witness the bicycle race which followed immediately after the game of ball. The crowd was quite largely composed of the young gentlemen of the city, nearly all of whom are interested in athletic sports.

## The Governor's Movements.

Notwithstanding the unfavorable weather the Governor went to Wrightsville yesterday, accompanied by his private Secretary, Capt. G. L. Dudley, and quite a number of our prominent citizens, whose guests the distinguished visitors were. The party proceeded to the Seaside Park Hotel where they partook of a sumptuous dinner which had been prepared for them under the direction of Messrs. Scoville & Co., of that popular seaside resort. After dinner the weather became more favorable, and the rain ceased falling, when the party indulged in the luxury of a sail on the Sound, in which the Governor demonstrated his skill and ability in handling a yacht, as well as he had heretofore done in managing the ship of State. After a pleasant sail, in which all were delighted, the party landed and proceeded to the Piney Grove Hotel, where mine host, Capt. E. W. Manning, had prepared an elegant supper, to which the entire party, with appetites sharpened by their nautical cruise, and knowing full well how to appreciate the good things of this world, did ample justice. The entire day was passed most pleasantly and without the slightest accident or annoyance of any kind to mar the happiness of the party. After a socially spent evening, the party returned to Wilmington, reaching here at about midnight.

## TO-DAY.

This forenoon was passed by the Governor mainly at the Mayor's office, where a great many of our citizens called to pay him their respects. At noon he visited by invitation the Wilmington Steam Fire Engine Company's house, where the company had assembled, and witnessed the celerity with which the horses could be harnessed to the engine by the drop system, and the latter taken into the street. In this trial the time consumed was just 20 seconds, which was an operation causing the Governor some surprise and much gratification. The entire party then adjourned to the hall above, where refreshments were in waiting for them, and where for a short time they indulged in pleasant social conversation, a few short speeches and some very appropriate toasts. The company then adjourned to the Cape Fear Club rooms where pleasant interchanges of thought and sentiment engaged the attention for a considerable time.

Since his arrival here Gov. Jarvis has received the open handed cordiality and open-hearted hospitality for which the citizens of Wilmington are noted and of which they are justly proud. This His Excellency appreciates and he is profound in his expressions of gratification at his reception here. He always had a warm attachment for the people of our city and his visit at this time has strengthened the tie that binds him to the Cape Fear section. The affection is mutual, and our people delight to do him honor. We were told to-day by a gentleman who formerly resided here and who retains a warm love for our city, that his wife tells him that when he dies he will "want to go to—Wilmington," and may be the Governor may leave here with a similar sentiment.

Now is the time to give Smith's Worm Oil.

## ITEMS FROM SNEEDS FERRY.

**Crops—Fruit—Health—Yachts—Fish and Oysters—Steamers—Schools—Brick and Lime—Politics.**

From an esteemed correspondent at Sneeds Ferry, we gather many interesting items, prominent among which is the cheering news that the farmers have all gotten through with their plowing, and all have good crops. W. A. Canady, Esq., has raised water-melons that weighed 47 pounds, while Mr. W. G. Canady, has raised peaches which weighed 10 ounces. Mr. D. R. Canady has a fine orchard and his peaches are very fine.

There have been quite severe cases of sickness in that section, but the patients are now recovering and in a fair way to a speedy restoration to health.

The *Lala May* is the name of a yacht recently built and launched by Mr. D. D. Walker. She is commanded by Capt. Geo. Bell, and her trial trip on Stone's Bay, which is one of the finest sheets of water on the coast, proved her to be a fast sailor, an excellent seabat and well fitted for carrying passengers, for which she is intended.

The mullet season is approaching, and the prospects for a large catch of fish and oysters are thought to be much better than they were last year. Mr. Uriah Canady, who is largely interested in the oyster industry, and who sent oysters to the Boston Exposition, last year, will also make an exhibit at the approaching State Fair, thus making the people better acquainted with the sources of wealth in this section.

The steamer *Margie* has been making regular trips up the river, which has been a great convenience to the farmers and merchants of the vicinity.

There is an excellent school, taught by Mr. C. B. Frazelle, which has 90 pupils enrolled and an average attendance last month of more than 60. A larger and more convenient school building is needed and we are glad to learn that steps are being taken towards the erection of a structure which will be fully adequate to the demands of the educational interests of the people. There are five stores in the immediate neighborhood, all of which are doing as good business as could be expected at this season of the year. Messrs. Stokely Bros., will soon engage in brick-making, and Mr. T. J. Capps has a kiln nearly ready for burning. Both parties have an abundance of clay for the purpose, which is convenient for shipping. Mr. Gornton will go into the manufacture of lime, as he has an almost inexhaustible bed of lime rock which is within a few feet of navigable water.

The political pot begins to bubble, now that the farmers have gotten through with their work, and every one is happy with the Democratic tickets, both State and National. The county Convention has not yet been held, but among the most prominent names mentioned are Dr. E. W. Ward and Dr. C. Thompson, for the Senate; Col. S. B. Taylor and Mr. H. E. King for the House, Messrs. D. E. Humphry, J. F. Giles, and G. W. Blake for Register of Deeds while the present Sheriff and Superior Court Clerk will, be nominated by acclamation.

## The Reception To-Night.

The reception tendered Gov. Jarvis to-night by the Wilmington Light Infantry will be an elegant affair and entirely worthy the occasion. Besides the regular members of the company, its honorary members are invited to be present, and also the officers and members of the Wilmington Light Infantry, Veteran Association. The officers and members of the latter organization are as follows: Col. W. L. DeRosset, President; Col. John L. Cantwell, Vice President; Capt. C. D. Myers, Secretary, and Messrs. W. N. Bowden, T. A. Brown, H. B. Willis, T. B. Carr, A. D. Cazaux, E. D. Hall, B. A. Hallett, W. H. Hardy, A. J. Howell, J. R. Latta, T. H. McKoy, John McLaurin, W. H. Northrop, O. G. Parsley, Jr., Jos. Price, W. H. Shaw, J. C. Smith, George O. VanAmringe, H. C. Brock, E. D. Browning, E. J. Egan, A. L. DeRosset, J. D. Gardner, M. M. Hankins, J. W. Hewett, E. M. Houston, T. B. Lippitt, W. H. McRary, Roger Moore, Alex. Oldham, F. W. Potter, Henry Savage, John Sholar and W. M. Swann.

It is hoped that there may be as full an attendance of the Veterans as possible.

Rev. Dr. Smedes, of St. James church, will preach at Lebanon Chapel, at Wrightsville on Sunday next.

The Wilmington Light Infantry have invited the members of the Chamber of Commerce, Board of Trade and Produce Exchange to attend the reception given by the corps to-night to Gov. Jarvis, their Commander-in-Chief.

Our harbor is remarkably bare of shipping, especially of square rigged craft, just now. It will be but a short time, however, before they will begin to arrive to take cargoes of cotton and naval stores for the European markets.

## Personal.

Col. F. H. Cameron, Inspector General of the North Carolina State Guard, is in the city to-day and will be at the reception tendered Gov. Jarvis to-night by the Wilmington Light Infantry.

Rev. F. W. E. Peschau, has left the city and will be absent until the first Sunday in September. While absent he will visit his parents in Wheeling West Virginia.

Prof. Willis of the Staunton (Va.) Female Seminary who has been on a visit Rev. F. W. E. Peschau for the last week, has returned to Staunton.

Mr. Harry Loeb left this morning for Waymansville, Ga., where he goes to take charge of a cotton factory. He will be missed from our midst and we wish him an abundant success in his new home.

## STATE NEWS.

**Greensboro Workman:** The Republican District Convention for the 5th Congressional District, will be held in this city on the 7th of August.

Services are being held and will continue through the week at the Mission Chapel. The services are being conducted by Egbert W. Smith and a good deal of interest is being manifested by the people.

**News and Observer:** The heavy rains of Monday night washed the lands considerably and filled the streams to overflowing. Some of the creeks are quite high. — A very interesting revival of religion is in progress at Beulah church, near the city, conducted by the pastor, Rev. Dr. Bobbitt.

Yesterday there was a young man here, just eighteen years of age, who weighed over two hundred pounds. He purchased some collars, size 20, the largest made. — The new Methodist church at Cary, N. C., will be dedicated to the worship of God next Sabbath at 11 o'clock. The dedicatory sermon will be preached by Rev. S. D. Adams. — There are no less than sixteen applicants for the position of steward of the institution for the deaf and dumb and the blind, made vacant by the death of Capt. Hall.

**Chadbourne Times:** The greatest rain fall, during the year in this section, has been between the White Marsh and Bogue swamp. The crops in that locality and lower down in Ransom township have been injured by excessive rains more than in any other portion of the county. — Mr. G. W. H. Malpass, who is constructing the tram-way from Calabash, Brunswick Co., to the village of Pireway, Columbus Co., informs us that he has one mile of the road completed and that he intends to push the work through to completion.

He has already purchased an engine in Norfolk built for the purpose, and he is confident that the road will pay in the transportation of naval stores &c. When the road gets to Pireway, he expects at some time to continue it about ten miles further in the direction of the end of the Chadbourne road. — During the storm last Thursday evening, Mr. James Jernigan, a citizen of Welches Creek township, was in the woods alone. While the wind was blowing, a large tree was blown down across him and crushing him to the ground. After crying for help for some time, a few of the neighbors hearing came to his assistance. They immediately cut the tree in two and took him from under it. But he was unable to speak and could scarcely breathe, being so badly crushed. He suffered in terrible agony until early Friday morning, when death came to his relief. Mr. Jernigan leaves a wife and three children.

## NEW ADVERTISEMENTS.

**Wanted.**
