In Washington it is considered probable that Lieutenant Greely will next Winter be given a place in the Signal Service, with the rank of major or colonel.

The electric railway at Brighton, England, is a success every way. It runs along the shore, picking up passengers as it goes, and can be stopped when hailed as easily as an omnibus.

Mr. Everts, upon being remonstrated with on account of his long sentences, replied: "Say what you will, there is only one class of the people really opposed to long sentences, and that is the criminal class."

"Telegrams" is the latest addition to the English language. It signifies telephone message. It will be classed with the words cablegram and telegram, and as the Associated Press has authorized its correspondent to use it in dispatches, it will soon come into general use.

The business of making wooden houses in the United States for custom sale is stimulated by a brisk demand for these products in Brazil. Several large shipments have been made to Rio Janeiro, and they were all sold soon after their arrival. Fifteen hundred of them have already been erected in the new city of La Plata, the new capital of the province of Buenos Ayres.

THE DAILY REVIEW.

VOL. VIII. WILMINGTON, N. C., SATURDAY, AUGUST 9, 1884. NO. 189

A New York letter says: "New Orleans is in the market bidding 12 per cent. for money, with sugar as collateral, but she does not get it, as the margin offered is not sufficient. It is a thousand pities that the Crescent City should suffer as it does from a lack of banking capital. There is use for at least five times the amount she has."

A better nomination for Congress could not have been made in the Eighth District than that of Col. W. H. H. Cowles. Coming from the same county with the candidate of the Republican party for Governor, he will truly represent the better elements of Wilkes county. Col. Cowles won his spurs at the head of his regiment and received a saber wound which nearly cleft his head in twain in a hand-to-hand encounter with the enemy. He is a bold, aggressive and brilliant speaker and will add great strength to the ticket.

A letter was received here yesterday morning from Capt. R. S. Radcliffe, who is now rusticated at Casher's Valley, Jackson county, N. C. He is very much improved in health since leaving Wilmington. Mr. Gerald McCarthy, a deaf mute, from the deaf and dumb asylum at Washington, D. C., is engaged in botanizing through the State for the purpose of procuring specimens of grasses for the U. S. Agricultural Department. He was in the city to-day and has incidentally collected many plants peculiar to the Wilmington region for the approaching State Exposition. He will continue his tour on foot into Brunswick county, taking in turn Green Swamp and other localities. He is a native of Illinois, comes well recommended, and any assistance given him will be worthily bestowed upon a good botanist.

A Few Years Ago.

Who knows how long the famous drum tree in our river has stood in its present position? A gentleman of whom we asked the question a few days since and who is one of the oldest inhabitants of the city, says that he can recollect as far back as 70 years ago when it presented precisely the same aspect as it does to-day. The same gentleman tells us that during the war of 1812 he accompanied his father who was a commissary in that war, on a trip to Smithville, where he went to settle some accounts and that, making the trip in a sloop they passed to the West of Big Island, near the main land on the Brunswick side of the river, which was then the main channel of the river, whereas now it is East of Big Island. It is probable that at one time Big Island was connected with the main land on the East by a cypress swamp, as witness the huge stumps taken up from the channel of the river a few years ago by the Government dredges.

During the shower yesterday afternoon the lightning struck and shivered the main truck of the Ger. barque Texas, besides taking off a small splinter from the head of the mast to which the truck was attached. No other damage was done.

Sheriff Taylor, of Brunswick county, tells us that since his letter to us on the 3d inst, there have been more heavy rains and that there is more water now in Town Creek than has been the case since 1880. The crops, he says, and particularly cotton, are nearly ruined.

For the Home Fund.

The Ladies Memorial Association, at the meeting held yesterday afternoon, decided upon having an entertainment at Smithville, on the Prssport, on Tuesday, the 19th inst, for the benefit of the North Carolina Confederate Home. Some of the officers have had a conference with Mr. Sublett, the Manager of the Hotel Brunswick, and that gentleman has kindly offered to do all he can in furtherance of the object in view. He has placed the pavilion entirely at their service on the occasion and one of the features will be a dance there. The arrangements have not yet been entirely perfected but the Passport has been secured for the day, the owners of the boat having been very liberal in the terms accorded the Ladies. Further particulars will be made known in a few days.

Mr. H. W. Briden, of Bennington-township, Iowa, states he was cured of rheumatism by a few applications of St. Jacobs Oil, the wonderful pain-reliever.
