A Terrible Rebuke.

An old man whom age had made helpless and decrepit was obliged to depend entirely for his substance and care upon his son's family. While taking his lood his band trembled so that he often spilled it upon the table

cloth, and his son had him take his meals out of an earthern dish in the corner. The dish fell out of his trembling hands and was broken, which so vexed his son and his wife that they bought him a wooden dish for his future of the Ridge, as follows:

The next day the little grandson was discovered at work with chisel and hammer upon a log of wood.

"What in the world are you doing there, my son?" said the father.

The little fellow did not want to tell, and his mother asked, "What are you doing there; my son? Tell me at once!" "Oh," said he, "I'm making a little trough, like the one piggie eats out of.' "What are you going to do with the pig-trough, my son?"

"Why, mother," said the little boy, 'I'm making it for you and father to eat out of when I'm a man!"

It was a lesson in time to the-father and mother, and grandfather after this worn out brute.

Hardened Liver.

Five years ago I broke down with kidney and liver complaint and rheumatism.

Since then I have been unable to be about at all. My liver became hard like wood; my limbs were puffed up and filled with water.

All the best physicians agreed that nothing could cure me. I resolved to try Hop Bitters; I have used seven bottles; the hardness has all gone from my liver, the swelling from my limbs, and it hasworked a miracle in my case;

otherwise I would have been now in my grave. J. W. MOREY, Buffalo, Oct. 1, 1881.

Poverty and Suffering.

"I was dragged down with debt, poverty and suffering for years, caused by a sick family and large bills for doctoring.

I was completely discouraged, until one year ago by the advice of my pastor, I commenced using Hop Bitters, and in one month we were all well. and none of us have seen a sick day since, and I want to say to all poor men, you can keep your families well cure you, FREE OF CHARGE. This a year with Hop Bitters for less than one doctor's visit will cost. I know it."-A WORKINGMAN.

About sixty million copies of THE SUN have one out of our establishment during the past welve months:

If you were to paste end to end all the columns of all THE SUNS printed and sold last year you would get a continuous strip ofi nteresting information, common sense wisdom, sound doctrire, and sane wit, long enough to reach from Printing House square to the top of Mount Copernicus in the moon, then back to Printing House square, and then three-quar ters of the way back to the moon again. But THE SUN is written for the inhabitants

of the earth; this same strip of intelligence would girdle the globe twenty seven or twenty-eight times. If every buyer of a copy of THE SUN during

the past year has spent only one hour over it, and if his wife or his grandfather has spent another hour, this newspaper in 1883 has af-forded the human race thirteen thousand years of steady reading, night and day,

It is only by little calculations like these that you can form any idea of the circulation of the most popular of American newspapers, or ot its influence on the opinions and actions

THE SUN is, and will continue to bc, a news paper which tells the truth without fear of consequences, which gets at the facts no mater how much the process costs, which pre sents the news of all the world without waste of words and in the most readable shape, which is working with all its heart for the cause of honest government, and which there fore believes that the Republican party must go, and must-go in this coming year of our Lord, 1884.
