-----A Fair Offer

Platform of the Democratic Party of North Carolina.

We again congratulate the people of North Carolina on the career of peace prosperity and good government on which she entered after the inauguration of a Democratic State administration, and which has been unbroken for so many years since; upon the just and impartial enforcement of the laws; upon the efficiency of our common school system, and the great progress made in popular education; and upon the general improvement and enterprise manifested in every part of the State. And we again challenge a comparison be tween this state of things and the crimes, outrages and scandals which attended Republican ascendancy in our borders; and we pledge ourselves to exert, in the future, as we have done in the past, our best efforts to promote the material interests of all sections of the State.

Affirming our adherence to Democratic principles as heretofore enunciated in the platforms of the party. it is hereby

Resolved, That we regard a free and fair expression of the public will at the ballot-box as the only sure means of preserving our free American institutions, and that the corrupt and corrupting use of federal patronage, in influencing and controlling elections is dangerous to the liberties of the State and the Union.

Resolved, That we are in favor of the unconditional and immediate abolition of the whole internal revenue system, as an intolerable burden, a standing menace to the freedom of elections, and a source of great annoyance and corruption in its practical operation.

Resolved, That no government has a sought to revive old time memories by beyond the amount required to pay its second Illinoïs district. He found him tinguish its public debt.
