EDITOR REVIEW. Dear Sir:- The second article on the Wilmington Postoffice calls for further correction.

The following card from the young man who left the office is rather crushing on "zery good authority." WILMINGTON, N. C., Sept. 19th, '84.

EDITOR REVIEW. Sir:-I am the young man alluded to in your article on Wilmington Postoffice in REVIEW of last evening.

I desire to say that during my term of service in the Wilmington Postoffice I never paid a dollar for political purposes and that I never was assessed or requested to pay in that interest. Respectfully, &c,

JOHN KENNEDY. Now, a little correct information as to the number and class of postoffices in the United States. with the number George H. Education received a new impetus at the hands of this Conference. A written communication was received from the trustees and owners of Rocky Point Academy, offering the Academy property at Rocky Point to the Conterence, free of charge, for educational purposes. The offer was accepted, and the Conference resolved to establish a high school in the eligible Academy building at that place. To this end the following gentlemen were appointed to receive the property in trust, and to board in a desirable location, within five minstart and manage, for the circuit, a high school, viz: Messrs. Religious Awakening.

Our latest advices are that the great religious revival at Rocky Point still increases in interest, under the powerful and effective preaching of Rev. A. L. Mendenhall. Up to yesterday about fifty had professed conversion and the altar was still crowded with penitents. Such an upheaval of religion was never before known in that section. The large Rocky Point Methodist Church has been crowded to overflowing, we are informed, twice a day, and the congregations are profoundly attentive and serious, but free from excitement.
