

To Dyspeptics.

The most common signs of Dyspepsia, or indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure. AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists.

AYER'S AGUE CURE

contains an antidote for all malarial disorders which, so far as known, is used in no other remedy. It contains no Quinine, nor any mineral nor deleterious substance, whatever, and consequently produces no injurious effect upon the constitution, but leaves the system as healthy as it was before the attack.

WE WARRANT AYER'S AGUE CURE to cure every case of Fever and Ague, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Bilious Fever, and Liver Complaint caused by malaria. In case of failure, after due trial, dealers are authorized, by our circular dated July 1st, 1882, to refund the money.

Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

The Daily Review.

The Daily Review has the largest circulation of any newspaper published in the city of Wilmington.

TUESDAY, SEPTEMBER 30, 1884.

LOCAL NEWS.

Personal.

Miss Annie Hart has returned to the city from a very enjoyable Summer vacation.

Mr. and Mrs. M. London have returned to the city from a visit to relatives in Virginia.

Pender County Convention.

The Democrats of Pender county met in convention yesterday at the Court House in Burgaw, and were called to order by Mr. John R. Paddison, Chairman of the Democratic Executive Committee. Mr. Paddison opened the proceedings with a few pleasant but energetic remarks, and at his suggestion Mr. James H. Moore was called upon to act as secretary.

On motion of Mr. T. J. Armstrong, a committee on Organization was appointed, consisting of one delegate from each township, and the following gentlemen were announced as this committee, viz.: Messrs. W. H. King, W. C. Keith, Dr. K. J. Powers, S. Robinson, K. F. Powers, S. J. Armstrong, W. J. Bell, E. A. Hawes, and Geo. McMilian.

Also a committee on Rules, as follows: Messrs. W. H. King, F. P. Flynn, J. W. Murray, G. A. Ramsey, W. F. Hodges, Jesse Bowden, A. D. Bordeaux, A. C. Moore, and G. A. Herring.

The committee on Organization recommended the name of Mr. E. A. Hawes for Chairman, and Mr. H. A. Colvin for Secretary.

The report was adopted. The Committee on Rules reported as follows:

We, the Committee on Rules, recommend the adoption of the two-thirds rule by this Convention.

The Committee recommend that the delegates, or their alternates, present shall cast the entire vote of the township they represent.

For the further guidance of this Convention the Committee recommend the adoption of the rules as adopted by the late Democratic State Convention.

Signed: GEO. A. RAMSEY, Chairman Committee on Rules.

On motion of Mr. T. J. Armstrong the rules were suspended and Capt. A. C. Ward was nominated for Sheriff by acclamation.

The names of Messrs A. H. Paddison, S. C. Filyaw and W. C. Keith were placed in nomination for Register of Deeds. Mr. Paddison was nominated on the first ballot.

On motion Capt. John Moore was nominated for County Surveyor.

On motion Dr. R. T. Saunders was nominated for Coroner by acclamation.

On motion Jno. T. Bland, Esq., was nominated for the House of Commons by acclamation.

On motion of T. J. Armstrong, Esq., it was resolved that the Convention heartily endorse the name of T. W. Strange for the State Senate.

The Convention then adjourned.

Our Semi-Tropical Area.

The study of our climate has been seriously entered upon by very few persons able to conduct it. There is now no record which could give a seeker after the fact an adequate idea of what the advantages are of this region of which Wilmington is about the centre. There are scraps of information here and there, occurring in the daily papers, but these have not been wrought up into a complete shape. It has been left to Maj. W. L. Young to give the subject a thorough study. His method was not to go to Ruffin and Emmons and other books and compile a plausible theory; but he has been in the field as an engineer and surveyor, and by actual observation prepared himself to speak with a degree of authority not before attained by any one. His theory of the semi-tropical zone lying about Wilmington he demonstrates clearly in a pamphlet to be issued as soon as arrangements can be made. This subject well treated, will bring to the attention of all persons having an interest in our climate a better appreciation of our admirable surroundings, and it will also attract those not now interested. These are desirable objects, just now, and a large edition of this essay can be distributed at the State Exposition with decided advantage. Further than this, it would result in good if a copy of Maj. Young's paper could be sent to the leaders of the medical profession in the North, for as North Carolina is the Newfoundland in the eyes of the Northern people, and as these Northern people are sending their invalid friends and kinsfolks into our mild and delightful climate, they should have some better guide than the scraps of information the sleeping-car and other conductors can give them on their journey. If they were informed actually of what we have here they would most assuredly come in our midst. We hope to see this work in print at an early day.

We invite the attention of our citizens to the fact that first quality shirts are being made to order at one dollar at the Wilmington Shirt Factory.

Death of Capt. Radcliffe.

We regret very much to learn of the death of Capt. Robert S. Radcliffe, of this city. He died at Herdsville this morning, after months of sickness and suffering. The sad news was received here this afternoon by telegraph, and his son and only child, Mr. Thos. Radcliffe, will leave here this afternoon to bring the remains home for interment. For some time past Capt. Radcliffe has been suffering with a severe throat and lung trouble and in hopes of relief from this he went to the mountains last June only, alas! to die there. He was a native of this city, and was, we think, about 50 years of age. He entered the Confederate service at the outbreak of the war as Second Lieutenant of Co F., 3d N. C. Infantry and was afterwards Captain of that gallant company. Having been retired in consequence of wounds received at Sharpsburg he was afterwards for a time enrolling officer in this district.

Since the war Capt. Radcliffe has been a builder and contractor and by a steady perseverance and application to business amassed a competence. He was at one time an alderman of the city, in which position he served faithfully and acceptably. His death will be sincerely regretted by all who knew him.

For the Exposition.

Among the articles sent to the State Exposition from this county are some beautiful fire-clays. They can hardly be included in the exhibit of New Hanover county as they are not found within its borders. But inasmuch as the parties proposing to put them on the market are of Wilmington and the money from Wilmington it does not seem amiss to mention them here. They are of two distinct varieties, a deep cream color, burning to an exquisite flesh tint, and almost pure white, burning to a somewhat dark gray. The former has been tried by the Baltimore Fire Brick & Retort Company who report it as a 'first class article' after trying it in their retorts at a white heat. It has also been tested in their muffle furnace by Ledoux & Ricketts of New York, and pronounced an 'excellent article.' It is time our people were waking up to the necessity of manufacturing in this section whatever can be manufactured, and we are glad to see this enterprise started.

Nor. barque Camilla. Svenningsen, cleared today for Hamburg with 3,797 barrels rosin, valued at \$4,424, shipped by Messrs Paterson, Downing & Co.

STATE NEWS.

Charlotte Observer: The Charlotte Cornet Concert Band, for the consideration of \$150 and all expenses paid, has concluded to attend the State Exposition next Wednesday and Thursday. The band will go with full ranks—thirteen men. Our band boys feel complimented at the repeated and urgent requests made by the management of the Exposition for their presence on the opening days, and when such a flattering offer was made they could not decline. —One of Wadsworth's hearses and two horses was yesterday sent through the country to Concord, a distance of twenty miles, for a funeral which is to take place in that town today. This will be the second interment in Concord this week, one of them being a daughter of Maj. W. J. Montgomery, who died last Thursday morning. Her name was Bettie Lily, and she was a bright 7 years old child. The other is that of Miss Ophie Schaeffer, a daughter of Rev. Mr. Schaeffer, who is President of the North Carolina College, at Mt. Pleasant. Miss Schaeffer was visiting friends in Sampson county when she took sick and died. —According to the statement of general passenger agent Turk, of the Western North Carolina railroad, the Asheville & Hendersonville railroad is to be finished at once. There will be a road built to Knoxville by the Western North Carolina people to enable them to compete with the East Tennessee, Virginia and Georgia road in getting the Jelico coal to North Carolina and the Southeast. At present it is deemed best to finish the Asheville and Spartanburg road, as the New York and Philadelphia capitalists who are interested in that road are clamoring for its completion. As soon as it is done—probably by New Year's—the line to Knoxville will be begun.

List of Letters.

A list of unclaimed letters remaining at the Post Office in this City on Wednesday, October 1, 1884:

- A—A M Albertson.

MISCELLANEOUS.

RINDSKOPF BROS. & CO., 616 & 618 Broadway, New York, September 19, 1884.

Mr. I. SHRIER, Wilmington, N. C.

Dear Sir:—By the time this reaches you, you will no doubt have been informed through the daily papers that our house has failed; the assignee is taking charge, and the goods will have to be disposed of at once, as he wants to realize the cash for them. There is a very large stock in the house made up this season, and I would say to you come here at once and you can have your choice to select the best goods, and at prices so that you can sell them to your customers way below what the same goods cost other merchants, and at the same time make a nice profit. Allow me to remark that the assignee will only sell the goods for spot cash.

Hoping to see you here soon, I am with best regards, yours truly, A. MITCHELL.

On receipt of the above we started for New York city where we bought an immense stock which will be sold 50 per cent less than any other house in the city can do.

The following from the New York Herald will explain the failure of the largest Clothing House in the world:

AN OLD HOUSE GOES UNDER.

"The sea of overproduction yesterday swallowed up the wholesale clothing house of Rindskopf Brothers & Co. After an honorable existence of over thirty years, during which it has built up a very large business throughout the country, the firm went down yesterday, leaving behind debts in the neighborhood of a million dollars and an unknown quantity of assets.

The firm has lately been located at No. 618 Broadway, one door above the huge buildings occupied by the Bronners, those comets in the clothing business. Several floors were occupied for the manufacture, storage and display of goods. About one hundred and fifty cutters, markers, makers and other employees found work on these various floors."

This is the first time a sale of this kind has ever taken place in Wilmington and may never occur again. In order to show what extraordinary bargains will be offered a few prices are mentioned: Men's suits for \$5.50 really worth \$8.50; a fine all wool Cassimere suit for \$10, worth \$16.50. In suits up to \$18 and \$20 we have a full assortment and guarantee a saving of fully from \$5 to \$10 on a suit. In Boys' and Children's Clothing we can save you at least 25 per cent on the dollar. Don't fail to call and examine this great sale of wholesale sale at retail. It costs nothing to call in and see for yourself. A chance to get such bargains will never occur again at

SHRIER'S, THE OLD RELIABLE CLOTHIER, 114 MARKET ST.
