THE DAILY REVIEW.

VOL. VIII. WILMINGTON, N. C., THURSDAY, OCTOBER 23, 1884. NO. 253

The Daily Review has the largest circulation of any newspaper published in the city of Wilmington.

Mr. St. John's latest appeal is that men shall "vote as they pray."

George William Curtis will speak for Cleveland in Brooklyn this week.

The new oil well in Pennsylvania runs at the rate of 6,000 barrels a day.

Rosenbergs is up in Michigan talking Democratic doctrine to his former comrades-in-arms.

John Kelly promised Governor Cleveland that Tammany would give him fifty thousand votes.

A letter from Fremont, Ohio, says: "Rutherford is for Blaine, but Lucy is doing her best for St. John."

The Italian Consul who absconded from Baltimore left behind 24 suits of clothes, 55 linen shirts and six overcoats.

The Independent Republicans of the East declare positively that if the Democrats marshal their own forces with spirit and skill, Blaine will be beaten badly.

Desperate efforts will be made by the Blaine managers to carry Virginia, Tennessee, North Carolina and Florida. They are beginning to lose hope of New York.

A portrait of the late Hon. Charles J. Folger, Secretary of the Treasury, painted by Mr. Eastman Johnson, has been purchased for the Treasury Department.

The number of Quakers in the United States is put down at 100,000, but not over half of them are square Quakers. The rest cling in horse trades and water their cider.

The internal commerce of the United States surpasses in value the foreign commerce of Great Britain, France, Germany, Russia, Holland, Belgium and Austria combined.

The Blainites acknowledge now that to keep Ohio in the Republican column in November they will have to repeat their bulldozing tactics and spend not less than a half million more dollars.

A Tennessee State Senator named Swafford, who had previously killed several men, was slain the other day by a man named Hudson, who also has the blood of several other fellow creatures upon his hands. The legislator was "under the influence of liquor" when sent to his dread account.

A German test for watered milk consists in dipping a well polished knitting needle into a deep vessel of milk, and then immediately withdrawing it in an upright position. If the milk is pure, a drop of the fluid will hang to the needle; but the addition of even a small portion of water will prevent the adherence of the drop.

"I come here voluntarily," said Mr. Daniel McSweeney on Saturday last, as he stepped from the steamer, "to tell my countrymen how Blaine treated me when I was locked up in an Irish jail." Exactly, says the Boston Pilot, and there is more solid argument in those words than all the "explanations" of the Blaine stumpers.

Cincinnati Jewish circles are much agitated in consequence of the marriage of a Unitarian minister to an Israelitish lady. The groom failed to get a divorce in Ohio, but procured it in Dakota, by some wildest process. His discarded wife and children are in Germany. Rabbi Wise officiated at the ceremony, much to the scandal apparently of the bride's relations.

Lights of London. "My mother," writes Mr. Reg. Whitney, 161 Odessa Road, Forests Gate, London, England, suffered with rheumatism in the hands and found great relief in the use of St. Jacobs Oil, which has a world-wide reputation as a certain cure for rheumatic complaints."

Register! Register!! Register!!! Step Ladders, all lengths, at JACOBI'S Depot. Col. Staples goes hence to Newbern where he will speak to-morrow night. Suitable Underwear is for sale at Dyer's, at very reduced prices, and are going fast at Dyer's.

The weather this morning was very threatening and it looked much as if a storm was right upon us. See that each voting place is supplied with Democratic tickets with energetic men to take care of them and distribute them. Yesterday we were placing the majority in New York at 90,000. Recent reliable advices cause us to advance the figures to 120,000.

Gen. Scales, Col. Staples and Maj. Finger left on the 9 o'clock Northern bound train this morning. Col. Staples will speak in Goldsboro to-day. The next entertainment at the Opera House will be on the nights of Oct. 31st and Nov. 1st, at which time Ford's Comic Opera Company will appear.

Is there a white man in the city of Wilmington who will fail to take up the gage of battle thrown down last night by the Republicans? Register now!!! Do any of "our friends, the enemy," want to bet on New York State? If so, we are requested to state that they may be accommodated and that odds of five to four will be given.

What do the white men of the West think of the race issue which the Republicans of the East are seeking to precipitate? Let them answer on the fourth day of November. The Republicans seem determined to precipitate a conflict of races, as was too plainly manifest by their infamous conduct last night. To the Democrats we counsel forbearance, moderation and a self-protection.

Bullets are a safeguard against bullets, but resolutions are worth little against rocks. If the Radicals carry North Carolina, last night's outrage will be a mild thing to some things that may occur in the near future. There is one way in which the white people of Wilmington can show their indignation at the outrage perpetrated last night and that way is through the registration books and the polls. Register! Register!! Register!!!

The Democrat who fails to register and vote at this election not only fails in his duty to his party but really gives aid and comfort to his enemies. Furthermore, he actually endorses, by his passivity, last night's outrage.

If there is a white Democrat in Wilmington who fails to register and vote at this election, even if he has to drag himself there on his knees, he is a lost sinner. There is no political redemption for him, either here or hereafter.

It is evident that the outrage of last night was premeditated. There was no accident about it. It was designed. This is proven by the fact that the line of march of the Democratic procession was changed three times yesterday afternoon expressly to avoid any collision. Who is responsible?

We hope that the press throughout the State will insist upon committees being formed in each voting precinct to bring out the full Democratic vote and in the country let those having teams carry their poor neighbors to the polls, as many who are compelled to walk may feel tempted to remain at home. The Democrats of Wilmington have been very fair and have treated the Republicans always with singular forbearance. If these kindly relations have been broken it is not the fault of the Democrats and if somebody gets hurt the next time rocks are thrown it will not be the Democrats then.

The Outrage Last Night. Last night while Gen. Scales was speaking at the stand on Third street, the Republican procession moved from the stand at the intersection of Market and Front streets, where Col. Dockery spoke, and in express violation of the agreement as to routes made yesterday between the Democratic and Republican committees, moved up Princess street. This was evidently done with the view of annoying, in some way, the Democratic mass meeting then in progress in front of the City Hall.

As the crowd, which seems to have been composed almost entirely of colored men and boys, reached the intersection of Third street with Princess, the Democrats were assailed with groans and yells and a volley of rocks was fired at the stand. Two of these fell on the stand, one of them striking Col. John N. Staples full in the chest but without, fortunately, inflicting any injury. It was known at the time only to those who were on the stand that the rocks had been thrown and the gentlemen there are entitled to much credit for their coolness and self-possession for they did not make the fact known to the people in front until the Radicals had passed on up the street. But for this there would doubtless have been a terrible conflict.

This infamous outrage has been the subject of much comment on the streets to-day, and the indignation of the white people has been very great. It is impossible, of course, to identify the author of the outrage, although rewards have been offered by both the Democratic and Republican committees. The procession, after it left the stand on Market and Front street, was under the charge of Jos. C. Hill, one of the marshals, and he publishes a card in this issue regretting the affair and declaring that it was all the result of a mistake in taking the wrong route. This may be but it does not alter the fact that the outrage was committed and that the Republican party in this city are responsible for this gross and infamous assault, although they do not hesitate to express their regrets that it should have occurred. We do not attempt to fix the blame on any individual, for it belongs to the party, as a party, and not to one or two persons. Possibly the scoundrels who threw the rocks were but manifesting by their actions, the venom which Oliver H. Dockery expressed with his lips on the speaker's stand.

A committee, consisting of Cols. D. K. McRae, J. L. Cantwell and F. W. Kerchner, was appointed to notify the reputable leaders of the Republican party that a recurrence of the outrages of last night might lead to difficulty and that they would be held responsible. The committee have addressed a communication to Sheriff Manning, Chairman of the County Republican Committee, in which they have calmly and dispassionately stated the case and at the same time have given positive assurance that a repetition would not be endured.

Capt. J. M. McGowan has got a hundred pound turtle on hand for soup to-morrow and he wants everybody to know it. Hence thence tears.

General Scales. The Democratic candidate for Governor of North Carolina, Gen. Alfred M. Scales, arrived in the city yesterday morning to fill his engagement here last night. At the appointed hour the distinguished gentleman was escorted to the speaker's stand on Third street, in front of the City Hall by the different Democratic organizations of the city, preceded by the Cornet Concert Club, whose music was superb. There was a large throng in attendance, many of whom were ladies. Col. B. R. Moore introduced the speaker to the audience in a neat and appropriate speech.

Gen. Scales' speech was a grand effort, in which the proud record of the Democratic party, as it has labored zealously and earnestly for the property, honor, education and moral and social advancement of the whole people of North Carolina, was held up to view in such clear and brilliant light that all might read and understand. On account of the recent serious accident which befel the speaker in the mountains of the West, he was obliged to speak while seated for most of the time but there were moments when he rose, inspired by his theme, and poured forth strains of eloquent oratory, convincing argument and unanswerable logic with intense fervor. It was a speech that went home to the hearts and convictions of men and the people of Wilmington felt justly proud of the gallant standard bearer of the Democratic party in this fight and felt assured that he would lead them to a splendid victory on the 4th of November next.

At the conclusion of Gen. Scales' speech, Maj. S. M. Finger, candidate for Superintendent of Public Instruction, was introduced and made a brief but interesting speech, mainly upon the educational interests of the State. He stated that his county of Catawba was good for 1 500 Democratic majority and that when he should go home and tell his people of the indignities heaped upon the white men of Wilmington last night, the majority would be increased to 2,000.

Col. John N. Staples then made a few remarks which closed the public speaking for the occasion. After the speeches had been concluded an informal reception was held at the Mayor's office, where many of our citizens paid their respects to the next Governor of North Carolina, General Alfred M. Scales. The General left here this morning for Duplin Roads, Duplin county, where he speaks to-day. Before leaving he expressed himself as highly gratified with his visit to our city.

Death of Capt. Dudley. It is with great regret that we learn of the death, at Raleigh, this morning at 11 o'clock, of Capt. Guilford I. Dudley, formerly of this city, but Private Secretary to His Excellency, Gov. Jarvis, during his entire administration. He had been sick for some months and had gone West with the hope of a benefit which he did not obtain. Recently he became worse and his nephew, Mr. Eugene S. Martin, of this city, visited his bedside. He improved somewhat and Mr. Martin was enabled to return here and he was not known to be in immediate danger when a telegram arrived here to-day from Gov. Jarvis, announcing his death. Mr. Martin will go to Raleigh to-night and will return with the remains to-morrow night.

Capt. Dudley was, we think, a native of Wilmington, and lacked but a few months of being 60 years of age. He was an officer at one time of the Third N. C. Infantry and was afterwards an A. Q. M. in the Confederate service. He was a highsouled, genial gentleman, and we verily believe had not an enemy in the world. The news of his death has created a feeling of profound grief throughout the entire community.

Personal. Mr. John Werner left last night for Raleigh, to attend the Exposition. Hon. R. R. Bridgers, of this city, and Dr. W. T. Eneget, of Burgaw, were registered at the Yarrowbough, in Raleigh, on Tuesday. Col. H. B. Short was in the city to-day, having just returned from New York, where he had the good fortune to hear Henry Ward Beecher and Ben Butler. Col. Short is in excellent health, but his love for the widow Butler is not profound.

To Be Regretted. A telegram received in this city to-day from Maj. Stedman and Judge Faircloth, at Wadesboro, cancels the appointment announced by them at Smithville on Monday next, because of their inability to get there. This is to be deeply regretted as Brunswick county needs speakers. The people there are very apathetic and need rousing. Mr. J. J. Gay, of Phoenix, who was in our office this afternoon, represents this need as a very pressing one, and we hope that it will meet with due consideration.

Possom Hunting. Messrs. James Barnes and G. F. May, young men living in the vicinity of the National Cemetery, have been quite successful as 'possum hunters during this month. They caught three fine ones last night in less than two hours time and have caught 19 thus far since the month came in. 'Possums are nice and fat at this season of the year, and when properly baked, with sweet potato accompaniments, make a dish which many delight in.

A collision was avoided last night, not by the forbearance of the Democratic throng, but by the cool and wise policy of those on the speakers' stand. It was not until after the Republican mob had passed that it was known that missiles had been thrown. Had that fact been known to the listeners, a collision would have been inevitable and beyond the power of any one to prevent.

To the Public. I GREATLY REGRET THAT THE DEMOCRATIC MEETING should have been disturbed last night. The instructions were expressly that the procession should not go near the Democratic meeting, but owing to a mistake they turned up Princess street, many thinking that the Democratic meeting was over, as to throwing a stone, it was done, I suppose, by some rascally boy, who ought to be punished severely. All Republicans sincerely regret this occurrence and shall take care in the future. We shall also call a mass meeting and denounce the outrage and endeavor to bring the guilty to justice. I was not leading the procession when it turned into Princess street. I am capable of a little more discretion. Very respectfully, J. W. KING, Acting Marshal. Oct 23 1884
