The Daily Review has the largest  
circulation of any newspaper  
published in the city of Wilmington.

Mr. Carlisle, the Speaker of the  
National House, is making speeches in  
Republican Iowa.

Rev. Isaac Price, the oldest postmas-  
ter in the United States, died at his  
residence in Schuykill township, Ches-  
ter county, on Sunday night, aged 83.

Governor Cameron, of Virginia, was  
on the steamer William M. Morrison  
in the latter part of the fall, when  
Mark Twain was a cub-pilot on the  
same boat.

Dr. Schliemann's new work, which  
is soon to be issued, will be styled,  
"The Prehistoric Palace of the Kings  
of Tyria; Its Primeval Wall Paint-  
ings and Works of Art."

Judge Matthew Hale, one of the  
prominent and popular citizens and  
Republicans of Albany, has declared  
against Blaine and given Cleveland an  
endorsement that will be worth many  
votes to him.

There is a rumor in England that  
when the Princess Imperial of Ger-  
many was in England in September  
she paved the way for a visit of Prince  
Bismarck to Sandringham, when he  
and Mr. Gladstone are to have an  
opportunity of hobnobbing.

The Republicans are desperate. Their  
slander mills are at work sending in-  
famous circulars about Gov. Cleveland  
to Southern clergymen. Blaine's man-  
agers do not hesitate to lie about the  
private life of Gov. Cleveland. Their  
infamous calumnies will not help their  
desperate cause.

A special to the World sums up the  
Wisconsin situation as follows: The  
State will very likely cast its electoral  
vote for Cleveland. The Democratic  
State ticket will fall behind and the Re-  
publicans will very likely get all the  
State offices. The Congressional rep-  
resentation will be about equally di-  
vided.

Ex-Secretary McDonald is making  
an active canvass of Indiana and Illi-  
nois. Saturday night he addressed a  
large Democratic meeting at Rock Is-  
land, in the latter State. The tariff  
question was the main topic of his ad-  
dress, and he advanced strong argu-  
ments against the high protective sys-  
tem.

The Birmingham Age says: "The  
suspension of railroad building has  
perhaps more to do with our present  
business stagnation than any other one  
thing and this has been brought about  
by Wall street gambling in railway  
stocks. Wall street gambling has done  
the country a thousand times more  
harm than the tariff."

Carl Schurz, in a recent interview at  
New York, expressed the following  
opinion: "It seems to me that Gov.  
Cleveland is very likely to carry the  
State by a large majority. There are  
so many unknown quantities in this  
campaign that nobody can predict any-  
thing with certainty, but the current of  
political sentiment in this State seems  
to me to be very much in favor of the  
election of Cleveland and Hendricks."

The St. Louis Globe-Democrat (Rep.)  
publishes an interesting array of fig-  
ures contrasting Democratic govern-  
ment in 1869-71 with Republican ad-  
ministration in 1882-83. From it is  
gathered the fact that the taxes levied  
under a Democratic regime amounted  
to \$41,476,300, or \$1.32 per head of  
population, while under a Republican  
regime they amount to \$403,525,250, or  
\$8.05 per head of population. It is  
rather a funny idea to parade as the  
chief virtue of a political party the fact  
that it has increased the national bur-  
dens sixfold.

The theory that the red sunsets are  
caused by volcanic dust thrown into  
the upper atmosphere by the volcanic  
disturbances in Java, in view of the  
continuing rosinness of the sunsets must  
be deemed untenable. The St. Louis  
Republican says: "Possibly the pheno-  
menon is of electrical origin, the result  
of agencies we know little or nothing  
about; or, may it not be that our solar  
system, in its mighty movement  
through space in the direction of the  
constellation Hercules, has entered a  
region where conditions exist that  
make the prolonged and luminous  
twilight a perpetual phenomenon?"

On miniature baskets of champagne,  
we read: "Real champagne, \$3 a  
dozen." Why should one pay so much  
for sham pain, when St. Jacobs Oil  
will cure real pain?

### Personal.

Hon. Geo. Davis has gone to Raleigh  
and will visit the Exposition while  
there.

Hons. A. H. Van Bockelen and O.  
P. Meares were registered in Raleigh  
on Thursday.

Col. W. L. Saunders, Rev. Mr. Rich  
and Mr. Henry M. Cowan left last  
night on the return to Raleigh and  
Gov. Jarvis and Gen. Roberts left this  
morning on the W. & W. train.

Rev. J. P. Pritchard, of Crockett,  
Texas, arrived in the city last night,  
and will, during the remainder of his  
life, make his home with his son, Rev.  
Dr. T. H. Pritchard, of this city. The  
venerable gentleman went to Texas 37  
years ago and is now 78 years of age.  
We trust that his life may yet be spared  
for many years.

### Death of Mr. George Robbins.

We regret to learn of the death last  
night at Summerville, in Brunswick  
county, of Mr. Geo. L. Robbins. De-  
ceased was brother to Mr. G. M.  
Robbins, and was well known to many  
of the business men of Wilmington who  
will deeply regret his death. Under  
the firm name of G. M. Robbins &  
Bro., these gentlemen conducted two  
mercantile businesses; one at Easy  
Hill and another at Meares' Bluff. Mr.  
Robbins was a young man, being only  
26 years of age at his death, and his  
energy and integrity in business must  
have developed a man useful to and  
honored by his fellow men, but that  
the Divinity which directs even the hand  
of destiny appointed for him another  
reward.

Let his friends and relatives be com-  
forted and stimulated to look to a better  
life by the Divine words, "whom the  
Lord loveth He chasteneth."

### Bishop Watson.

The Southern Churchman, published  
at Richmond, Va., prefaces its an-  
nouncement of Bishop Watson's Epis-  
copal visitations, with the following  
comment:

The new and almost missionary di-  
ocese of East Carolina has been most  
fortunate in its selection of a Bishop.  
In the six months which have elapsed  
since his consecration Bishop Watson  
has made every corner of his episcopal  
territory see the light of his countenance,  
feel the magnetism of his earnest, con-  
servative and evangelical preaching,  
and realize that it had a law-abiding,  
wise, self-denying and faithful "father  
in God" who would honestly strive to  
guide his people into all truth, which  
makes free from sin, and points to the  
paths of humble submission and obe-  
dience to God's will. Depend upon it,  
the future of East Carolina will attest  
how zealous, according to knowledge,  
and wise, according to prayer and self-  
consecration, her new Bishop is.

### Gen. Manning's Reply.

Sheriff Manning has sent the follow-  
ing reply to the communication address-  
ed to him on the 23d inst. by the com-  
mittee appointed at the Democratic  
meeting on Wednesday night, regard-  
ing the outrage perpetrated by the Re-  
publican procession on that occasion:

"WILMINGTON, N. C., Oct. 24, '84.  
Hon. D. K. McEACH, Col. F. W. Ker-  
cher and Col. John L. Cantwell, Com-  
mittee:  
GENTLEMEN:—Replying to your com-  
munication, I have to say that before  
its receipt the Republican Committee  
advised the people of this city of the  
position of the party in regard to the  
matter discussed by you, in a circular,  
of which the following is a copy, which  
was carried by the committee and dis-  
tributed over the entire city:

"TO THE PEOPLE OF WILMINGTON."  
The interruption of Gen. Scates'  
meeting last night was the result of an  
error as to the course of the Republican  
procession—a thoughtless blunder,  
condemned and regretted by all Re-  
publicans. The orders were expressly  
given that the City Hall. The reckless  
boy who threw the stone, we will be  
the first to punish if we can find him.

S. H. MANNING, Chairman.  
In addition to the above, under the  
instructions of the Republican Execu-  
tive Committee, I offered, by  
advertisement, which appears in  
our daily papers, a reward  
of one hundred and fifty dollars for the  
apprehension and conviction of the  
offender, and no efforts will be spared  
to search him out. We very much re-  
gret the occurrence and we have no  
hesitation in saying that no means  
shall be spared to prevent its repetition,  
or the commission of any act calculated  
to anger reasonable and law-abiding  
citizens. We will gladly accept your  
offer to act jointly to this end. Permit  
me to say further, that we do not be-  
lieve that any similar occurrence will  
take place.

Without admitting all of the allega-  
tions contained in your letter, and  
without desiring, however, to enter  
into a discussion which can do no  
good, I am, Yours respectfully,  
S. H. MANNING, Chairman.  
Rep. Co. Ex. Committee.

Register now! Delays are danger-  
ous.

### Fish Story.

We saw this morning, at the store of  
Capt. Jas. B. Huggins, a mullet which  
was caught yesterday at the fishing  
grounds of Messrs. Simpson & Corbett,  
on Middle Sound, which weighed seven  
pounds. It was the largest we have  
ever seen. It was a Cleveland mullet.

### Cotton.

The receipts of cotton at this port for  
the week ending with to-day foot up 4-  
880 bales, as against 7,613 bales for the  
corresponding week of last year, a de-  
crease of 2,733 bales. The receipts of  
the crop year to date foot up 37,369  
bales against 37,537 bales to October  
27th of last year, a decrease this year  
of 168 bales.

### A Political Straw.

A gentleman of this city, who was a  
few days ago in Raleigh and who spent  
two days in the company of a number  
of the press fraternity from Massa-  
chusetts, who were taking in the Ex-  
position, tells us that he canvassed free-  
ly with them and that, although most  
of them were Republicans they appear-  
ed to have but little hope of Blaine's  
election. This is one of the sure signs  
of the times.

### Fine Fibre.

We have seen a specimen of the fibre  
manufactured from pine straw at  
Cronly which it is intended to spin and  
weave into material suitable for mat-  
ting. The fibre is fine and strong, and  
would we should think answer admir-  
ably the purpose for which it is in-  
tended. It is prepared expressly for  
such purposes, and is altogether dif-  
ferent in character from that which  
is used for making mattresses.

### A New Club.

The Arioso German Club was organ-  
ized a few nights since and the fol-  
lowing officers were elected:  
President—C. B. Wright.  
Vice President—L. P. Davis.  
Secretary and Treasurer—A. G.  
Conoley.  
Governing Committee—C. B.  
Wright, L. P. Davis, A. G. Conoley,  
G. H. Smith, John W. Bolles, John  
B. Hanks and R. D. Cronly.  
The club has now 35 members.

### Another Outrage.

A day or two since a lady was pass-  
ing along one of our streets when a  
couple of colored boys made offensive  
remarks regarding her and one of the  
young scamps deliberately turned  
around and spat at her. How long this  
is to continue we do not know,  
but we fear it will not stop until some  
one gets hurt. It is probably owing  
to conversation among their elders that  
these youngsters become emboldened  
to act in such an outrageous manner,  
and all concerned will some day, when  
it is too late, find out that forbearance  
has ceased to be a virtue.

### Another Fire.

At about 11 o'clock this forenoon fire  
was discovered in the forehold of the  
Ger. brig Express, Capt. Voss, lying at  
the wharf at the upper compass. Water  
was pumped into the vessel in the im-  
mediate vicinity of the flames for about  
an hour and until the forehold was  
completely deluged and no indications  
of fire were manifest. A board of  
survey has been called who have de-  
cided that that portion of the cargo  
which has been affected either by  
fire or water must be taken out  
when the damage may be  
fully ascertained. It will hardly be  
necessary to take out the entire cargo  
unless the fire reached further than is  
now apparent. The brig was nearly  
loaded, requiring only about 200 bales  
to complete her cargo when the fire oc-  
curred. The cotton belonged to Messrs.  
D. R. Murchison & Co., and was in-  
sured. The Express was loading for  
Liverpool, and would have cleared early  
next week had not this accident  
prevented.

"Take the bull by the horn" is an  
adage, but you take Dr. Bull's Cough  
Syrup by the teaspoonful. A few drops  
for a child. One bottle will save the  
lives of a family. For cough, cold,  
bronchitis, etc., it is excellent and safe.

### Major McClammy's Appoint- ments.

The following are the appointments  
of Major C. W. McClammy, Presiden-  
tial Elector, Third district, for the last  
week of the campaign:  
Council's Station, Bladen, Wednes-  
day, Oct. 30th.  
Seven Springs, Wayne, Thursday,  
Oct. 30th.  
Raynor's Mills, Wayne, Friday, Oct.  
31st.  
Fremont, Saturday, Nov. 1st.  
Harrison's Creek, Pender, Monday,  
Nov. 3rd.

### From the Exposition.

Rev. Dr. Pritchard has returned from  
the Exposition and speaks in enthusias-  
tic terms of the display. He says that  
there are 57,000 articles on exhibition and  
that the display is altogether superior  
to that at Louisville, although several  
States have contributed to make the  
latter as complete as possible. He  
states that in a conversation  
with Senator Vance, the latter said  
that "no State in the Federal Union  
could make such an exhibit of natural  
products as North Carolina." Dr.  
Pritchard says that in extent and varie-  
ty of articles on exhibition, it would  
indicate a National instead of a State  
Exposition, and regards it the duty of  
all who possibly can to go and see for  
themselves.

To every Housekeeper, a good  
substantial cook stove is an important  
necessity and our readers will find the  
best at Factory prices at JACOBI'S  
Hardware Depot.

The semi-annual meeting of the  
stockholders of Bellevue Cemetery  
Company will be held at the office of  
John D. Bellamy, Jr., Esq., next Mon-  
day evening.

### DIED.

GEORGE L. ROBBINS, at 12 o'clock, M.,  
October 24, 1884, at Summerville, Brunswick  
county, N. C., of typhoid malarial fever, af-  
ter an illness of thirteen days, aged 26 years.
