No other blood-purifying medicine is made, or has ever been prepared, which so completely meets the wants of physicians and the general public as

### Ayer's Sarsaparilla.

It leads the list as a truly scientific preparation for all blood diseases. If there is a lurking taint of Scrofula about you, SCROFULA AYER'S SARSAPARILLA will disclose it and expel it from your system. For constitutional or scrofulous Catarrh, AYER'S SARSAPARILLA is the only remedy. It has cured numerous cases. It will stop the nauseous catarrhal discharges, and remove the sickening odor of the breath, which are indications of scrofulous origin.

"Hutto, Tex., Sept. 28, 1882.  
"At the age of two years one of my children was terribly afflicted with ulcerous eruptions on its face and neck. At the same time its eyes were swollen, much inflamed, and very sore. Physicians told us that a powerful alterative medicine must be employed. They tried in recommending AYER'S SARSAPARILLA. A few doses produced a perceptible improvement, which, by an adherence to your directions, was continued to a complete and permanent cure. No evidence has since appeared of the existence of any scrofulous tendency; and no treatment of any disorder was ever attended by more prompt or effectual results."  
Yours truly, B. F. JOHNSON.

## AYER'S Ague Cure

contains an antidote for all malarial disorders, which, so far as known, is used in no other remedy. It contains no Quinine, nor any mineral nor deleterious substance whatever, and consequently produces no injurious effect upon the constitution, but leaves the system as healthy as it was before the attack.

WE WARRANT AYER'S AGUE CURE to cure every case of Fever and Ague, Intermitting or Chills, Remittent Fever, Malarial Ague, Bilious Fever, and Liver Complaint caused by malaria. In case of failure, after due trial, dealers are authorized, by our circular dated July 1st, 1882, to refund the money.

## The Daily Review.

The Daily Review has the largest  
bona fide circulation, of any newspaper  
published in the city of Wilmington.

WEDNESDAY, OCTOBER 29, 1884.

Address.  
DEMOCRATIC STATE EX. COM.  
RALEIGH, Oct. 28, 1884.

As at the commencement of the campaign this committee thought proper to issue an address of counsel and cheer to the honest voters of the State, so now that the day of election is near at hand, they would say a few words of encouragement and caution to them.

The State has been canvassed thoroughly, from end to end, and from every quarter, come the tidings that "all is well," and so we are sure it is. Every man will but do his duty. Now that the people have seen and heard the Democratic candidate for Governor and Dr. York, who claims to belong to no party, we cannot think that any of them believe that the State and her great interests will not be safer under Gen. Seales and the good men with him on our ticket than Dr. York and those associated with him. And after all that has been said and written of the two candidates for the Presidency, no honest seeker after truth can doubt that Cleveland should be preferred to Blaine as the chief magistrate of this great country. Many of his own party have long ago been convinced that Mr. Blaine became rich while occupying high public position by taking rewards for his official action from those who were benefited by it, and that having belatedly repented he is unfit to be trusted with the vast patronage of the Presidency, while the official conduct of Cleveland as mayor of a great city and Governor of a great State, has convinced them as well as the members of his own party that no man in the country possesses in a greater degree than he, the strength, the firmness, the integrity and the capacity to work the reform in the national administration which all admit to be so much needed.

It took a Hercules to clean out the Augean stables, and Grover Cleveland is the Hercules this decade has developed. We are now assured that Cleveland's State of New York, with her thirty-six electoral votes, will go for him by a large majority. With one or two of several Northern States, which are almost sure for him, and the vote of North Carolina and other Southern States which may be considered certain, he will be elected President. But we hear it whispered that the Republicans are counting on carrying North Carolina! Can this be possible? We have about 200,000 white men of voting age to about 120,000 negroes in the State. Can 100,000 white men be found, including the Revenue officers, to join the 120,000 negroes, to carry the State for Blaine? Surely not! The only possible danger is that some may fail to vote from indifference or oversight—each say "Well, they will not need my vote." To such we would say that no freeman has the right to care nothing about the administration of a government that protects or oppresses him, and that no man of any pride should be willing to waive his political blessings to others. It is a duty every man owes himself, his family and country to vote, and vote right, and not only so but see that his neighbor votes right, if he can persuade him to do so.

Let our friends remember that with Mr. Blaine or Cleveland is to be President, whether corruption or reform is to prevail in the United States may depend upon North Carolina. And let each man work and vote as if the result in North Carolina depended upon him. Let him not imperil the fate of the State and the country by failing to vote or by trading his vote for the State or National ticket with any one, for a neighbor or friend, however much he may have his election at heart. Being persuaded that Democratic principles should prevail and that our State and National conventions have given us good men to vote for, let nothing prevent our voting straight Democratic tickets for State officers and Presidential electors. And let us all devote the next few days to work as citizens and patriots for the good of our State and country—as if their salvation rested upon each of us individually and solely; and let us not quit working until the sun goes down next Tuesday. If we do this, ours will be a certain and glorious victory.

For the committee,  
R. H. BATTLE,  
Chairman.

### Outraging the Old Flag.

An unparalleled political outrage was committed in this city last night. The Republicans were having a mass-meeting and torchlight procession last evening, and while the procession was marching down Hudson street it came to a large Union flag suspended across the street in front of the residence of Mr. W. H. Harrison, Master Mechanic of the Baltimore & Ohio Railroad, and a prominent Democrat. The flag had a Cleveland Hendricks steamship attached to it. When the procession caught sight of the flag yells were raised from its ranks of "Pull down that flag!" "Burn that d—d rebel flag!" &c., and instantly torches were applied by members of the procession to the flag no less than three separate and distinct times. It was instantly a sheet of flame, and was half consumed before they could pull it down. This flag had been carried through the war by the Union soldiers, and had bullet-holes in it received in the war. It had been presented to Mrs. W. H. Harrison by a delegation of Union soldiers at the close of the war, and was, of course, highly prized by the family. This is simply a bare statement of facts as they occurred, and they can be attested by a number of reliable eye-witnesses. This is the infamous manner in which the members of the Republican torchlight procession outraged the Union flag, riddled with bullet-holes, and with patriotic blood—Newark, (Ohio), Special.

## STATE NEWS.

Durham Reporter: A move is on foot by our citizens to construct a Railroad from Durham to Franklinton. The question of building of this road was agitated some time ago, but for some cause the matter was hushed up. We hope it is not assuming such shape as will at an early day give us connection with the Raleigh & Augusta Air Line, thus placing within reach a competing line for the benefit of large shippers of freight.

Charlotte Observer: The revival at Tryon Street Methodist church closed last Sunday. The fruits of the meetings were the accession of fifteen new members. A rich strike has been made in the St. Catharine mine, and the ore brought up now fairly sparkles with gold. Miners say that it is the richest ore yet discovered and is panning out handsomely. The ore in the St. Catharine has been growing richer as the shaft went lower, but on last Friday the strike of extraordinarily rich ore was made. The mine is a bonanza.

We have just heard of an investment in real estate that beats cotton futures all to pieces. One of our citizens bought 20 acres of land within two miles of the city, paying for it at the rate of \$20 per acre. From the 20 acres was cut and hauled 1,000 cords of wood that brought \$1 net, per cord. Now the owner of the 20 acres is offered \$25 per acre for the land after it is cleared, showing a net profit of \$55 per acre, thus bringing the owner \$1,100 clear profit on an investment of \$400.

Col. Thos. B. Long, who has, for the past thirteen years, most acceptably filled the duties of Postoffice Inspector, has found it necessary to resign that office on account of his continued ill health. When Col. Long first took charge of his office, there were only ten postoffices in Rowan county, and now there are twenty-six. In the whole State there were but six hundred offices, while there are now fourteen hundred. He took a great deal of interest in his work, and though in politics an old line Republican, his acts were never biased by his political opinions. His territory embraced six Southern States, yet he has been frequently called to the extreme North and South in cases that demanded the service of his cunning and intelligent brain, and he has made an enviable record as a detective as well as an inspector. Col. Long enjoyed the respect and esteem of our people to a remarkable degree. But very few government officials are popular, and Col. Long was one of these. Being a true North Carolinian he has aided our State considerably in many ways, and all his many friends will wish him a speedy recovery from the impaired health that has caused him to relinquish his office.

Mary Cuniff, an Irish girl, with Mr. Edward Hopper, No. 1206 Spruce St., has enviable fortune. A hardworking domestic—she has \$15,000. She communicated to a reporter that month ago, she heard of The Louisiana State Lottery, and decided on an investment. Her belief in its strictly honest principles was not shaken when she drew a blank for four times subsequent, nor did she fail to invest monthly by mail. \$1.00 with M. A. Dauphin, Washington, D. C. She has just been notified that the ticket, one-fifth of which she holds, No. 70,468, has drawn the \$75,000 prize.—Phila. (Pa.) News, Sept. 26.

## MISCELLANEOUS.

# The Talk of the Day! SHRIER'S.

It is the subject of constant remark that while a general dullness is complained of elsewhere, THE OLD RELIABLE is strained to serve the immense patronage now flocking to our establishment to secure bargains from the late Rindskopf Bros. & Co., million dollars failure which enables our patrons to make a saving of at least 30 to 40 per cent. on the dollar. Our reputation for selling reliable goods at bottom market prices is unquestioned. We candidly admit that a number of these bargains which we are giving our patrons could not be had under ordinary circumstances, for we cannot begin to replace them at anything near the price we are selling them for.

We will send any garment in our store to your home for comparison with goods from any house in the city, for the first instance has to occur where we have not been victorious.
