

To Dyspeptics.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure. AYER'S PILLS are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.

SATURDAY, NOVEMBER 22, 1884
NO CAUSE FOR ALARM.

Mr. Cleveland Assures the Colored People of His Presidential Protection.

ALBANY, Nov. 20.—Gov. Cleveland was asked by an Associated Press reporter to-day if he was aware of a delusion existing among the colored people of the South that a change in the administration would unfavorably affect their condition to which he replied: "Yes, I have been astonished at the statement that there was an apprehension existing among the colored people that in some way their rights, now secured to them under the laws and Constitution of the United States, were in danger from the election of a Democratic President. I am very sorry that some of them are led to suppose that the result of the recent election means that they may again be made slaves. All of this has appeared to me to be so absurd, and I have been so sure that the slightest intelligent reflection would dispel such foolish fears, that I can hardly deem any notice of them necessary, but there is not the slightest objection to calling the attention of all who are in the least uneasy or uncertain upon this subject to the fact that the title of the colored people to freedom and all the rights of citizenship cannot be disturbed except by a change in the Constitution, which it would be absolutely impossible to make.

"Besides, the present condition or status of these people has been so fully accepted by the entire country that no one should have the slightest idea that any attempt will be made to change it. If there were any possibility of accomplishing such a thing, so far as the new Administration is related to this subject, the whole country can be sure that the lawful power and jurisdiction of the Executive will be so exercised that rights of citizens, white or black, under the Constitution and the law will be preserved and protected, and all the advantages to which they are entitled by reason of their citizenship will be secured to them. There need be no fear that either the Democratic party or its newly elected administration propose to oppress or enslave any part of our population, or to destroy the business interests of the country. We hope, on the other hand, to do something to benefit the people. It seems to me that our efforts in this direction would be aided if mischievous croakings and dark imaginings should give place to an earnest endeavor to inspire confidence and to make universal a cheerful home for the future."

What David Davis Thinks.

Ex-Senator David Davis, in speaking to an intimate friend said, concerning the election of Cleveland: "I conceded his election Wednesday morning after the canvass would not give place to either way, and this was satisfactory demonstrated. Cleveland has certainly the most brilliant opportunities of proving a popular President. The country is now in a prosperous condition, and the man who takes the Presidential chair does not assume the great political problems of the early days of the Republican party, and which were so successfully carried out under Lincoln and his successors. I believe that Cleveland will make a good President and the country continue on its prosperous career."

STATE NEWS.

Raleigh Visitor: Mr. Loftin Nowell, one among the best engineers on the Raleigh and G. R. R. has been confined to his room for the past week from sickness, but we are glad to state is improving. We learn that about one hundred convicts will be sent from the penitentiary to Franklinton on Monday next to work on the Franklinton and Louisburg Railroad.

Clinton Caucasian: A few miles west of Clinton there is a tree which has been burning since June. It has burned from the top down and is still several feet above the ground.

We congratulate ex-Gov. Brogden upon his election. Failing to beat Col. Green for Congress, he was triumphantly elected constable of Flea Hill township, Cumberland county.

John B. Johnson, colored, has been a voter ever since the war. He has never failed to vote but once and has never voted anything but the Democratic ticket. He comes to the election by himself, walks up to the place, asks for his tickets, deposits his ballots and goes home. John is one of the most valuable laborers in that section, and he has never been in a difficulty in his life.

News and Observer.

The fair at Goldsboro proves a signal success, despite the fire. Last evening information was brought to this office that Mr. Perkins had, while out hunting yesterday, been bitten by a water-moccasin. Deputy Sheriff J. L. Sullivan, of Cleveland county, brought three convicts, all colored, to the penitentiary. Two were women who get a couple of years each, for larceny, and one was a man, who gets five years, for a criminal assault.

Three negroes are under arrest at Wadesboro for alleged incendiarism. At Newbern a young white man, of respectable family, and a negro were arrested charged with the same offense. The evidence against both is said to be strong.

Wilson Advance: The Masons are moving into their new lodge, in the third story of the Rawls' building, where they have large and elegant apartments. The United States Government pays a colored man one dollar and seven cents for carrying a tri-weekly mail eleven miles to St. Elmo, Nash county, three months.

Mr. Jacob Parrott has generously donated a lot of land just across the river from Kingston to be converted into a park. Kingston will be bragging too much, we fear.—Democratic county officers and a new park at one time may turn its head.—Mr. Andrew Williams who lives near Whitakers, had his gin and sixteen bales of cotton

burned last week. Incendiarism is prevailing in the Whitakers section. A vigilance committee should be appointed to catch the scoundrel and bring him to justice.
