An Old Soldier's EXPERIENCE.
"I wish to express my appreciation of the valuable qualities of
Ayer's Cherry Pectoral
as a cough remedy.
"While with Churchill's army, just before the battle of Vicksburg, I contracted a severe cold, which terminated in a dangerous cough. I found no relief till on our march we came to a country store, where, on asking for some remedy, I was urged to try **AYER'S CHERRY PECTORAL**.
"I did so, and was rapidly cured. Since then I have kept the **PECTORAL** constantly by me, for family use, and I have found it to be an invaluable remedy for **throat and lung diseases**.
Thousands of testimonials certify to the prompt cure of all bronchial and lung affections, by the use of **AYER'S CHERRY PECTORAL**. Being very palatable, the youngest children take it readily.
PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists.
Jan 1 1884

**AYER'S
Ague Cure**
contains an antidote for all malarial disorders which, so far as known, is used in no other remedy. It contains no Quinine, nor any mineral nor deleterious substance whatever, and consequently produces no injurious effect upon the constitution, but leaves the system as healthy as it was before the attack.
WE WARRANT AYER'S AGUE CURE to cure every case of Fever and Ague, Intermittent or Chill Fever, Remittent Fever, Duob Ague, Bilious Fever, and Liver Complaint caused by malaria. In case of failure, after due trial, dealers are authorized, by our circular dated July 1st, 1882, to refund the money.
Dr. J. C. Ayer & Co., Lowell, Mass.
Sold by all Druggists.

The Daily Review.
"The Daily Review has the largest bona fide circulation, of any newspaper published, in the city of Wilmington."
MONDAY, DECEMBER 15, 1884.
The late Duke of Buccleugh, supposed to be the millionaire of the British Isles left a bit of fortune of £900,000.
The Paris *Petit Journal* has reached a circulation of 825,000 copies, without doubt the largest newspaper circulation in the world.
John Jacob Astor and Miss Catherine Wolfe of New York, are co-operating in an effort for the establishment of a college in Florence, where American women can pursue any branch of art.
General Albert Pike, though seventy-five years old, has just made an extended tour through Texas, and was everywhere heartily received. The old man still persists in always appearing in Confederate gray.
Albert Victor, son of the Prince of Wales, who is soon to visit this country, will celebrate his twenty-first birthday on January 8, the anniversary of Gen. Jackson's capture of New Orleans.
It is said Senator Sherman will advocate receiving the standard dollars on hand into 470 grain dollars, and make this the weight of all our future dollars. They would then, he thinks, rule the world and cause business to boom.
Postmaster General Hatton will, it is said in Washington, assume editorial management of the Chicago *Times* at the expiration of his official terms, that paper having been purchased by a leading official of the Chicago, Burlington and Quincy railroad.
Crippled boys are taught by the New York Children's Aid Society to make a living by making brushes. They are paid the regular price for brush hands, and in a short time have learned the trade, becoming useful members of society instead of begging or stealing, as they might do if left to themselves.
After his success in London Mr. Edward Hine is now astonishing Boston with his lecture showing that Britons and Americans of Saxon blood are descended from the lost Ten Tribes, and he also proposes to prove to his own satisfaction that Queen Victoria is directly descended from King David.

Owing to his wealth, business interests, influence, freedom from political entanglements, and, above all, to his valuable services in the late campaign, Mr. Singerley, of the Philadelphia *Record*, is said to be likely to stand closer to Mr. Cleveland during his administration than any other Pennsylvanian.
Miss Mary Caldwell, who has given \$300,000 towards the establishment of a National Catholic University, is the daughter of the late W. S. Caldwell, of New York. The parents of Miss Caldwell died a few years ago. The Caldwell villa at Newport is well known as the abiding place at that resort of Cardinal McCloskey and other eminent Catholics.
Mrs. John Drew is 60 years of age; Madame Ristori, 57; Lydia Thompson, 53; Maggie Mitchell, 51; Rose Eyttinge, 48; Mrs. Chaffrau, 45; Clara Louise Kellogg, 41; Adeline Patti, 41; Lotta, 36; Mrs. Lingard, 33; Fannie Devantport, 34; Ada Behan, 21; Mary Anderson, --; but this account must be ended here. Enough has been risked for one day.
A famous Washington gambler, it is said, will soon go to preaching. He would have begun it ten years ago, but he has only just now found a cure for his cough. It is Dr. Bull's Cough Syrup.

Fayetteville and Cumberland County.
EDITOR REVIEW.—On Thursday next the Fayetteville *Observer* will contain statistics of Fayetteville and Cumberland County which will be read with great pleasure by the good people of the whole State. This will show what old Fayetteville was in 1852, and the large business done by her, and as she is so soon to be linked with the "City by the Sea" by the construction of the railroad from Wilmington to Fayetteville, it will show what business may be expected by this connection. Of course great changes have taken place since 1852 and the business has been greatly diverted, but it will boom up on the completion of the road from this place to Wilmington.
The Wizard Oil Opera Air Concert Club gave a concert last night at Williams Hall to one of the largest and most fashionable audiences ever in Fayetteville for the benefit of the Fayetteville Independent Light Infantry, whereby they realized \$185. This fund is to defray the expenses of this old and gallant command to the inauguration of President Cleveland.
The concert was listened to by an appreciative audience, and pronounced the best or equal of any concert ever given here.
FAYETTEVILLE, Dec. 13, 1884.

For durable coloring the walls of rooms in beautiful tints, at little cost nothing equals the **MAELINE** sold at JACOBI'S Depot.

LOCAL NEWS.
Rice Cultivation.
EDITOR REVIEW.—For the last four years I have been experimenting in the culture of rice, and the observation leads me to say that if the lands are placed, as they should be, in a high state of cultivation, the plant may profitably be raised by the proper aid of water, without either hoeing or picking. It is a water plant. I have some rice in drills and broadcast, and last year I raised 60 bushels per acre by the latter method and 50 bushels per acre sown in drills, in consequence of which I am decidedly in favor of sowing broadcast.
W. T. BRAY.
Mr. Bray has had many years experience in this particular branch of agriculture, and his opinions, based upon his practical knowledge, will be well worthy the consideration of rice planters.
Chanuka.
The Hebrew festival of Chanuka, commemorating the reconsecration of the temple, began Friday evening, when the first of the eight lights of the festival was lighted. For seven nights this ceremony will be repeated, the youngest child in the family being usually the one allowed to perform the ceremony in the home circle, while the head of the family tells the old story about the heroic rescue of the Hebrew nation from the persecutions of Antiochus, ruler of Syria and Greece. He tells how the patriotic sentiment of the Jews was dying out, how infringements upon Jewish law were made and how, especially among the upper classes, a mania prevailed to cast off as much as possible the yoke of Jewish custom and to imitate the Greeks. How it affected even religious worship until by a turn of political events in Egypt Antiochus commenced a vigorous policy of suppression of the Jewish religion in Palestine. The patriots, already alarmed at the voluntary surrender of so many to Greek customs, were now thoroughly roused at finding their leader had been playing into the hands of the enemy, who at last had thrown off the mask. Under the guidance of the renowned Maccabees family a heroic resistance was made, which in a few years resulted in the complete success of the Jewish party.
Serious Fire.
About half past 10 o'clock last Saturday night the Steam tug *William Nyce*, Capt. Edgar Williams, was discovered to be on fire. The alarm was promptly given and the fire department was quickly on hand and at work, but the flames had made such headway before they were discovered that the pretty little craft was very seriously damaged and finally sunk before the fire was entirely extinguished. The *Nyce* closed the labors of the day at half past 5 o'clock on Saturday afternoon, when she was made fast to her wharf at the foot of Dock street and the fire in the furnace was put out, as is usually the case, under the supervision of the engineer. A deck hand leapt in the forward part of the boat, and when he was awake by the heat and smoke, the flames were bursting through the side door about the pilot house. The fire evidently originated below, but whether in the engine room or in some other place is not known. She now lies in the dock at the foot of Dock street, with her bows and pilot house out of water, and, consequently, the extent of her damage has not been ascertained. She is owned by Mr. James Sprunt, who has insurance upon her amounting to \$4,200, distributed as follows: \$3,000 in the Rochester-German, of Rochester, New York, and the Niagara Fire of New York, represented by Messrs. J. W. Gordon & Smith, and \$1,200 in the Insurance Co. of North America, represented by Messrs. DeRosset & Northrop.

A Little History.
There is a historic incident connected with the recent Democratic victory—State and National—which we have never seen in print, and which we think well worth repeating. It happened in Forsyth county, and was about as follows:
Something more than half a century ago a military company was formed by the young men of Bethania and Plaffton, in Forsyth county, with headquarters at the former place. The members of the company, with the help of others, subscribed money with which they bought a cannon to fire on the Fourth of July and Washington's birthday, but was not to be used for any other political occasion whatever. The company was finally disbanded, and the cannon got somehow into the possession of some of the Whigs, who used to fire it whenever that party gained a victory, but would never let the Democrats have it to use when their party had gained the ascendancy. In consequence of this the cannon has been a bone of contention for the last 45 years. Recently, when the people of Plaffton wanted to celebrate the State and National Democratic victories, several of the young men of that town, who knew where the cannon was, went and took it from the yard where it laid and although it weighed 800 pounds, carried it to the street and placed it in a wagon and hauled it to

that town, where it was used for the first time in its history in celebrating a Democratic triumph. There were only two of the original owners living—both Democrats—and it is easy to imagine that they listened to its reports with delight.
We observe quite a fine display of new Revolvers for very reasonable prices, at Jacobi's Hardware Depot. **This is the Place.**
The Rockingham *Spirit* says that Mr. H. C. Dockery, a merchant of that town, had a lot consisting of 100 bales of cotton sold recently in this city for his account, which brought unusually good prices. Messrs. Worth & Worth were the merchants here who disposed of the cotton, 49 bales of which brought 10 9/16 cents per pound, one bale, fancy, brought 11 cents per pound, and the remaining 50 bales brought more than 10 cents per pound. This the *Spirit* regards as the best sale that has been effected in our market this season. We have not the means at hand of knowing whether cotton has been sold here this season at better figures, but we are confident that our market is as good for obtaining high prices as any in the country.
To every Housekeeper a good substantial cook stove is an important necessity and our readers will find the best at Factory prices at JACOBI'S Hardware Depot.
Good materials properly proportioned which are the essential requisites in Ready mixed Paints can be best attained by using the N. Y. Enamel Paint sold at JACOBI'S Depot.

STATE NEWS.
Rockingham *Spirit*.—It is understood that the project will be revived and the Legislature impudently at its approaching session to form a new county to be called "Scotland," out of the lower townships of this county and upper part of Robeson, taking also a small slice of Cumberland. This would leave our grand old county hopelessly radical and for this reason, if there was no other, we shall oppose the measure.
Lincolnton *Press*.—Mr. Monroe Seagle, of this county, who founded the *Lincolnton Progress*, used to be regarded as one of the most rapid and correct compositors in the South. He quit the printing office and went to farming and is now distinguished as being a good farmer as he was printer. On Wednesday he presented us a sack of fine flour made from a bearded wheat obtained from the National Agricultural Department. The wheat from which the flour was made was grown on land which has been continuously sown in wheat for five years and ten acres of which produced last year, without any fertilizer whatever, two hundred bushels.
