## The Mistletoe Bough.

The mistletoe was used by the Romans in religious ceremonies, and it may have been the "golden bough" of the infernal regions. The Druids gath-ered it against the festival of the winter solstice with great solemnity, the Prince of the Druids cutting it himself with a golden sickle. It was used as a charm against evil spirits and excellent medical properties are ascribed to it. It was supposed to possess the power to preserve from poison, and the mystic property of giving fertility. "Kissing under the mistletoe" may have had reference to this ancient belief. There against evil spirits and excellent medireference to this aucient belief. There reference to this ancient belief. There was a tradition that the maid who was not kissed under a bough of mistletoe at Christmas would not be married during the following year. It is an obvious suggestion that in sections of the stops to tonquer," illustrated by Abbey; important papers on Art Science etc. country where the statistics show a portant papers on Art, Science, etc. falling off in marriages this plant ought not to be let die out.—Harper's Maga-

## Preyentions of Cholera.

Water before being drunk should be well aerated by shaking it.

The pitchers and other vessels in which water is generally stored in kitchens ought before they are each day replenished to be heated to 150 degrees centigrade, or a higher temperature if possible.

Wine should be heated to 55 degrees and drunk out of cups which have

All food should be thoroughly cook-ed. Undercooked fiesh and raw vegetables promote cholera

The other vessels in which preserves are to be kept are to be prepared by a passage through a furiously hot oven. Bread should be cut about twenty minutes before it is wanted and toasted

hard or rebaked quickly.
All sheeting and cloths ought to be scalded and rapidly dried before used. Water for toilet purposes is only safe when it has been part boiled and then diluted with thyme and dissolved in alcohol or carbolic acid in the pro-

Hands and face should be frequently washed with this mixture. Plates, knives, forks, etc., are to be

taken straight from the boiler or oven to the dinner table.

Pasteur, the celebrated scientist says tor the benefit of doctors, nurses, or persons who reside in houses or neighborhoods visited by the epidemic. Wear a mask made of two thin sheets of brass, fitting well into each other, but not soldered together. A layer of phenolized wadding to be placed between the metal strata. The operation of breathing is to be performed with mouth and nostrils covered with wadding.

That distressing disease, the piles, is speedily relieved and cured by Ayer's

#### Famous Mme. Ratazzi.

Mme, de Rute (Letitia Marie Bonaparte Wyse Ratazzi), has again arpeared on the horizon with a danghter of fourteen, quite grown up and as you to feel scarcely able to be on your feet; beautiful as a Hebe. H. BRUNHILD & BRO 1885. Harper's Young People.

#### ANILLUSTRATED WEEKLY. The serial and short stories in Harper's Young People have all the dramatic interest that juvenile fiction can possess, while they are wholly free from what is pernicious or vulgarly sensational. The humorous stories and pictures are full of innocent fun, and the papers on natural history and science, travel and the facts of life, are by writers whose

names give the best assurance of accuracy and value. Illustrated papers on athletic sports,

games, and pastimes give full information on

these subjects. There is nothing cheap about

it but its price. An epitome of everything that is attractive and desirable in juvenile literature.—Boston A weekly feast of good things to the boys

and girls in every family which it visits-Brooklyn Union. It is wonderful in its wealth of picture information, and interest.-Christian Advocate, TERMS: Postage Prepaid, \$2,00 Per Year.
