C. W. YATES—New Year Presents

There was no City Court this morning.

The receipts of cotton at this port today foot up 413 bales.

Ger. brig *Der Wanderer*, Struebing, cleared today for Hamburg with 750 casks spirits turpentine and 1,194 barrels rosin, valued at \$11,732; shipped by Messrs. Paterson, Downing & Co.

Eight white tramps were accommodated with lodgings at the guard house last night.

Colds seem to be the order of the day. Nearly every one is afflicted, and some of the cases are quite serious.

Mrs. Kate Parsons, 40 Spruce St., Toronto, Ont., Can., states that she suffered with severe rheumatism and also with the toothache, but by application of St. Jacobs Oil, the great pain-reliever, she was completely cured.

We learn that contracts have already been made for the erection of two store buildings at Mt. Holly, and that they will be pushed with all possible speed to completion.

A movement is on foot to have a game of polo played on skates in this city. It is a fashionable game at the North and we expect that there will be lively times when it is played here.

Mr. John Dyer, whose health has been failing, has resigned the cutting board to his son, Mr. Geo. R. Dyer, who has been a student in the art of cutting for several years, and is thoughtfully competent.

In reporting the names of the officers of Stedman Bucket Co. No. 1, elected on Wednesday night, there were two errors. The Secretary is Mr. James Mann and Mr. J. G. Swan is the Second Assistant Foreman.

Mr. Alfred Alderman, of this city, killed a hog last night that weighed 450 pounds, dressed. The hog was about three years old. Some of our county farmers, who boast very justly of their fine pork, had better look to their laurels.

Indications.

For the South Atlantic States, fair and slightly warmer weather. South-westerly winds and lower barometer.

Meeting of Presbytery.

There will be a called meeting of the Wilmington Presbytery at the Second Presbyterian church, at 8 o'clock tonight, to receive Rev. J. W. Primrose into the body. He will be installed as pastor of the above named church on Sunday next, when several ministers from abroad will be present.

Election of Officers.

The Young Men's Devotional Association of the Second Presbyterian Church, at their meeting last night, elected the following officers to serve for the ensuing year:
President—Thomas R. Post.
Vice President—W. R. Walker.
Secretary—Jas. R. Chasten.
Treasurer—Jas. W. Monroe.

A Pleasant Party.

A hop complimentary to Mr. J. L. Yopp and his bride was given at the Little Giant Hall last night, by the many friends of the happy couple. It was largely attended, there being about 50 couples present, and the festivities were kept up until a late hour, or rather until an early hour this morning. The music was good and the young ladies and gentlemen passed the time in the happiest manner, while the newly married couple received hearty and earnest congratulations from all present.

Last Night's Fire.

About 9 o'clock last night a baggage car of the Wilmington & Weldon Railroad was discovered to be on fire, and although the alarm was instantly given and the fire department promptly on hand, the flames had gotten under such headway that the car was destroyed. Fortunately the car was empty and had been side-tracked somewhat remote from other cars, so that there was no opportunity for the fire to spread to other property. It is not known how the fire originated, but it is supposed that it was caused by the explosion of a kerosene lamp which had been left burning in the car.

To every Housekeeper, a good substantial cook stove is an important necessity and our readers will find the best at Factory prices at JACOB'S Hardware Depot.

Our local politicians are making active arrangements for the next campaign. They ordered a box of Dr. Bull's Cough Syrup, and are confident and happy.

The Italian funds have lately been quoted at nearly the same figures as the English. In 1866 they stood at 36.

According to the New York commission of charity, it costs thirteen cents a day to support paupers in that city.

President Arthur authorizes the statement that under no conceivable circumstances will he be a candidate for election for as Senator from New York.

The shipbuilding industry in Maine is reported to be remarkably depressed. The coming year, says a prominent shipbuilder of Bath, promises to be one of the hardest known to men of that business in this State for half a century.

Gov. Cameron, of Virginia, and his staff will visit the New Orleans exposition about the first week in February, in time to witness the Mardi Gras parade. There will be ten persons in the party, and the members of the Governor's staff will go in full uniform.

Mr. W. H. Chadburn, Senator from this district, has favored us with a copy of Gov. Jarvis' message to the Legislature. It is a very interesting document and should be read by all. We will endeavor to publish it in full to-morrow or, if we cannot do that, to give copious extracts from it.

After weary waiting the Australians have at last succeeded in raising salmon in their rivers, thanks to the persistent energy of Sir Samuel Wilson. A number of fish have lately been caught in the river Yarra, near Melbourne, which are believed to be some of the California salmon introduced by him several years ago.

Gen. Grant has written to Mr. Cyrus W. Field, declining to receive the fund which is being raised for his benefit. As the amount is nearly complete Gen. Grant's course is the cause of embarrassment to some of his friends. It was totally unexpected and altogether without precedent, so far as Grant is concerned.

The London Times is clamoring for the resignation of Gladstone and his cabinet on account of the Egyptian muddle. But the thunder of the Times is not so frightful as it used to be. There are five daily newspapers in London, each with a larger circulation than the Times, and they can make thunder, too.

The following challenge is printed in the London Morning Advertiser: "Hearing so much boast of shaving in London, Paris, and other places, Jules of Cable street, in St. George's in the East, will back himself for \$25 to 50 to shave and lather six men while blind-folded without cutting them. Man and money ready."

The Salvation Army, according to its report for 1884, has now 910 corps, namely; in Great Britain, 667; France, 8; Switzerland 7; Sweden, 4; United States, 50; California, 5; Canada, 71; India, 14; South Australia, 35; Victoria, 21; New South Wales, 21; New Zealand, 23; Tasmania, 3; and the Cape of Good Hope, 14; total, 910. Of Little Soldiers corps there are 441, which have held 933 meetings during the year, attended by 41,688 children.

Dr. T. D. Crothers advances the theory that inebriety may be not only a disease, but contagious. No doubt of it. Jones and Johnson and Williamson go a "nip." Jones sets "em up; Johnson smacks his lips and winks at the bartender. "Well, let's duplicate it," he says. Williamson catches the contagion and the boys join him, and then Jones insists on a "night cap." Yes, Dr. Crothers is right; "inebriety" is as contagious as smallpox, and is slightly epidemic.

The New York Herald, which actively supports the new Spanish treaty, suggests that it opens the way to what has been the dream of some of our wisest statesmen—the creation of a West Indian confederation and independent State which, by situation and interests, must be under the protection of the United States, without being a part of our Union, and the establishment of which would open a vast field for American enterprise, and a rich market for American products and for American shipping.

Installation of Officers.

At a meeting of Orion Lodge, No. 67, I. O. O. F., held on the night of the 7th inst., the following officers were installed in regular form by D. D. G. M. W. J. Penny:
N. G.—John L. Dudley.
V. G.—W. W. Mintz.
R. S.—H. O. Craig.
F. S.—W. C. Farrow.
T.—W. S. Warrock.
W.—R. H. Orrell.
C.—G. M. Altafer.
I. G.—W. S. Hewlett.
O. G.—C. D. Morrell.

Personal.

We regret to learn that Col. Roger Moore is quite sick and confined to the house.

Mr. B. G. Worth is quite sick and has been confined to the house for several days.

Col. K. M. Murehison and family, from New York, are in the city, visiting relatives and friends.

Mr. Wm. Mahn, of the Long Creek section, Pender county, was in the city today. He is 80 years of age, and yet is as sprightly and vigorous as many men of but half his years. Mr. Mahn was the father of the late Wm. D. Mahn, Esq., and but seldom visits the city. He is a German by birth and came here when but 17 years of age. Last summer he was in the city and was taken to the Sound by a friend, when he got the first view of the ocean he has had since he was a lad. On the same visit, on Sunday night, he attended St. Paul's Lutheran Church, where he heard a sermon in German, delivered by Mr. Peschau, the first he has heard in that language since he was 17 years old, and he not only heard but understood and appreciated all of it.

For the Legal Fraternity.

The Bar of the City of Raleigh have appointed a committee, consisting of Messrs. J. B. Batchelor, T. M. Argo, D. G. Fowle, T. C. Fuller and R. H. Battle, to confer with the legal fraternity throughout the State and invite their attendance to a convention to be held in that city on the 28th inst. The purpose of the convention is to consider "the imperfections of the judicial system of the State," of which "every lawyer is cognizant" and make common stock of information and experience and suggestions of change and formulate a definite conclusion. It is important that each judicial district should be represented and it is exceedingly important that the more experienced of the profession be present, that the State may have the benefit of their prudence and counsel.

Wooden Wedding.

The fifth anniversary of marriage is the "wooden wedding," at which time the presents to the wedded couple consist entirely of articles made of wood. Yesterday was the fifth anniversary of the marriage of Mr. J. D. McEachern and Miss Lucy Taylor, and the event was celebrated by the gathering of a very pleasant party last evening at their residence, on the corner of Mulberry and North Second streets, among whom were the parents and relatives of both parties, besides quite a number of friends and acquaintances. The presents were numerous, varied and all of them useful. They embraced nearly everything except a base ball club, from a handsome set of parlor furniture and fine wardrobe, to a clothes pin. An elegant supper was prepared for the guests, to which the latter did ample justice. The worthy couple received the hearty congratulations of all present, and when the party separated, at a reasonable hour, for their respective homes, it was to bear with them pleasant memories of the evening's pleasure.

A Christmas Tree.

The members of the French's Creek Sunday School, in Bladen county, had a Christmas tree on the night the 25th of December last for the benefit of the pupils, and it was a complete success, notwithstanding the fact that the weather was extremely unfavorable. There are nearly 100 pupils connected with the School, each of whom was remembered by a present. After all had been supplied, there remained a good many articles, which were sold at auction. From this source there was enough realized to pay a debt of something more than \$12, besides leaving a surplus of nearly \$7 to put in the treasury for future use in the purchase of books &c., for the benefit of the School.

Resigned as Attorney and Director.

Lieut. Gov. Charles M. Stedman has resigned his position as Attorney of the Carolina Central Railroad and of the Wilmington & Weldon Railroad, and also his position as Director of the former company, all of which have been accepted. His letter of resignation of the positions of Attorney and Director of the Carolina Central Railroad is a manly, patriotic statesmanlike paper which it would be wise for others in like position to copy. It is as follows:

WILMINGTON, N. C., Dec. 30, 1884.
JOHN M. ROBINSON, Esq., President, Baltimore.

DEAR SIR: I herewith tender my resignation as general counsel for "The Carolina Central Railroad Company," and, also, as a director of the same corporation. This course I consider proper and necessary by my election to the office of Lieutenant-Governor of North Carolina, the duties of which position will shortly devolve upon me. As you are aware, for years I have been paid a salary as attorney for "The Carolina Central" in addition to fees for extraordinary services. This salary as retained counsel I must relinquish, for it implies some obligation, and none should exist between an officer of State, occupying my position, and any corporation, whose interests might possibly be affected by legislation during his term of office. When the Legislature is not in session, I shall act professionally for any person or corporation which may see fit to employ me. In other words, I shall continue the practice of law. But my resignation as salaried counsel and, also, as director, is intended to cover not only the time when our Legislature is in session, but my entire term of office as Lieutenant-Governor. The reasons which impel my resignation as director, whilst not so strong as those demanding my resignation as counsel, arise from the general views I entertain as to such matters.

Thanking you for the unvarying courtesy and kindness which you have always extended to me professionally and personally, I am,
Very truly yours,
CHAS. M. STEDMAN.

PRESIDENT'S OFFICE, S. & R. R. Co., BALTIMORE, Dec. 30, 1884.
Maj. Chas. M. Stedman.

MY DEAR SIR:—I am in receipt today of your letter of December 30th, in which you tender your resignation as General Counsel of the Carolina Central Railroad Company as well as that of Director of the same company. Appreciating fully the motives that led you to resign, I can only say that your resignation is accepted with regret, and that I trust that our personal relations will hereafter remain as cordial and as pleasant as they have been during the time we were brought into official intercourse. I wish for you, my dear Major, every success.

Very cordially and sincerely yours,
JNO. M. ROBINSON, President.

Benevolent Fraternity.

On the evening of Tuesday last, the 6th inst., D. S. P., N. Jacobi, installed the following officers of Hanover Lodge, No. 25, Y. S. B. F., for the ensuing term, viz:

President—Thos. R. Post.
Vice President—David H. Walsh.
Counselor—Wm. H. Green.
Secretary—Jas. F. Post, Jr.
Financial Secretary—Nath'l Jacobi.
Treasurer—Wm Goodman.
Guide—John E. Latta.
Chaplain—Rev. Dr. Mendelssohn.
Warden—Geo. R. Dyer.
Sentry—R. McR. Gilbert.
Medical Examiner—Dr. F. W. Potter.

There are fifty-six members in this flourishing benevolent institution, and its membership is steadily increasing.

An Important Matter.

EDITOR DAILY REVIEW:—In your issue of Monday last I noticed an article signed B., from Elko, N. C., to the Raleigh News and Observer, and which caused me to look on the map and discover that an air line from Wilmington to Raleigh passed through Clinton, the distance being 120 miles, of which 65 miles will be furnished by a portion of the roads to be built from Wilmington to Fayetteville, and that from Point Caswell to Clinton, leaving about 55 miles from Clinton to Raleigh. A narrow gauge road can be built at present cost of steel rails for \$3,000 per mile, with extra for bridging, which would be trifling the entire route. From Raleigh to Danville, about 75 miles, the grading would be more expensive. A direct connection would place Raleigh nearer a deep esport than she now is. Danville, with all the railroad facilities she now enjoys, would find this road of great advantage; considerable through freight would pass over the line both ways, also a large local traffic with both ends and centre. All the business of said road would be additional business to Raleigh, Danville and Wilmington without drawing away any which they now enjoy. Wilmington is so situated that she is the nearest seaport for West India and South American trade and will be equal to any other port for European trade, consequently would be used to advantage by the country along and beyond the terminus of such road.
