The Daily Review has the largest bona fide circulation, of any newspaper published in the city of Wilmington.

Frederick Gedhard is in Paris under the incognito of M. Frederic de Gedhard, de New York.

The first thing Mme. Clovis-Hugues said after her acquittal was announced was, "Thank God! I shall now see my children."

Mr. James Anthony Froude and his son have sailed for Australia in the Aberdeen line steamer Australasian. They intend to be absent from England for about fifteen months.

Rents in New York and Brooklyn will certainly, it is said, come down in April. Overbuilding and dull trade will be the principal arguments by renters in favor of the reduction.

Regarding Mr. Gladstone, Truth gives as a new medical fact that his sleeplessness was caused by the heart not being able to force sufficient blood to the brain—trouble which often occurs to men of advanced age.

Miss Clara Barton, so famous in her connection with the Red Cross Society, and now in charge of its exhibits at New Orleans, is in active correspondence with the Empress of Germany in regard to an exhibit she wishes to make at the Exposition.

William Morris, of fame as a poet, and more lately noted as a Socialist, will attend a convention of Internationalists in San Francisco in March. He is to be accompanied by H. M. Hyndman, who, with an income of £6,000 a year, is also a Socialist.

They say that Mr. Blaine has begun arranging the wires for 1888, and that his first work will be to ostracise and try to destroy, socially, all who opposed him in 1884. If Mr. Blaine has ordinary shrewdness and is in his right mind this story ought to be a lie.

Mrs. Mark Hopkins has decided that a \$1,000,000 palace would not be rich enough for her blood, so she will make it five times that sum. The best of it all is that 1,000 men will have a three years' job to build and decorate the edifice and lay out the grounds.

The New York Herald says: "Twenty years ago copper was selling in New York at 55 cents per pound. In the depression that followed 1873 the price of this metal never fell below 15 cents per pound. It is now being purchased at a little over 11 cents per pound."

A wedding coat made by Andrew Johnson will be shown in the Tennessee exhibit at the New Orleans Exposition. The coat was made in Johnson's little tailor shop in Greenville, Tenn., in 1838 or 1839, for Mr. H. T. Price, of that town. The garment is made of the best navy blue cloth, cut in the old-fashioned "claw hammer" style. The collar and lapels are very broad.

The will of the late George Gardner, a Boston millionaire, was filed last week. The bulk of the estate is left in the hands of trustees, who are directed to pay to his wife each year 1,161 Troy ounces of pure gold, and in addition, if she wants it, \$10,000 cash. It is said that when this will was made this quantity of gold represented his wife's exact weight, which was between 90 and 100 pounds avoirdupois.

The address of Secretary Howard to the spinners of Fall River, Mass., says that wages have been reduced 50 per cent. since 1874; that the price paid for spinning work on a pair of mules of 1,900 spindles will be 40 cents per 1,000 skeins as against 33 cents paid for the same work in Oldham, England; and that, while sixty-six hours of labor per week are exacted in Fall River, only fifty-six are required from English spinners.

According to A. E. Lewis, Commissioner for Pennsylvania at the New Orleans Exposition, the hotels of that city are on the make, and are gouging their guests for all they are worth. He says one leading hotel charges \$6 per day for board, but that both board and lodging can be had at reasonable rates by those who will make up their minds to look around a little instead of walking right into the parlors of the spiders.

Friends, citizens, countrymen: "Hear me for my cause, and be silent that you may hear." Now, before Jupiter Tonans and all the gods at once I do solemnly affirm that Dr. Bull's Cough Syrup is an infallible remedy for all lung and bronchial disorders. If there is any man present who disputes this proposition, let him now speak, or else hereafter forever hold his peace.

### INDEX TO NEW ADVERTISEMENTS.

Hop Bitters.  
OPERA HOUSE—Lecture  
C. W. YATES—A Delusion  
F. C. MILLER—A \$15 Prize  
HEINSBERGER—Diaries for 1885  
OPERA HOUSE—Miss Carrie Swain

The storm signal was flying to-day. The receipts of cotton at this port to-day foot up 320 bales.

New moon to-morrow morning at 23 minutes past 3 o'clock.

The cold snap amounted to very little, and to-day has been warm as need be.

There was no City Court this morning and a dullness prevailed around the City Hall.

Oranges are cheaper here now than ever before. They sell from stores at \$1.25 per hundred.

New River oysters are plentiful but they are not as cheap as they will be when we get that railroad through to New River.

One white taamp was lodged at the guard house last night. This morning he was taken across the river with a warning not to return again.

Men's fine Neckwear; Goodyear Rubber clothing; Gentlemen's Gloves, all kinds; Domestic and imported Hosiery at Dyer's.

A fruit laden schooner, bound from Nassau for Baltimore, put into Smithville last night leaking. We did not learn the name of the vessel, nor whether she will be compelled to come up to the city for repairs or not.

There will probably be a large attendance at the polo skating entertainment at the City Hall to-morrow night. A pleasing programme is presented. There will be good music and in addition to the polo there will be some fancy skating in the intervals by Mr. Charles Barstow, the Champion Skater.

The Charlotte Observer has a special from Washington City, which says that it is reported there "from private sources, but upon apparently reliable authority from New York, that Gen. Alfred M. Scales, the Governor-elect of North Carolina, is to be appointed Postmaster-General in the Cleveland Cabinet."

Indications. For the South Atlantic States, warmer, cloudy weather, with rain, Easterly winds and lower barometer.

Fire at Wadesboro. Adyices received here this forenoon state that there was a disastrous fire last night at Wadesboro. The store and stock of Mr. S. H. Threadgill were entirely destroyed but, fortunately, they were fully covered by insurance. The fire was undoubtedly of incendiary origin. No further details of the disaster have been received.

Another Fire. About half past 11 o'clock last night the small wood office on the wharf, between Market and Dock streets, caught fire and was consumed. The alarm was sounded, and the fire department responded, but the only need for their services was to extinguish the remaining embers. This was promptly done by attaching the hose of the Cape Fear steamer to a fire plug and playing a stream upon the ruins.

Distinguished Guest. Rev. Dr. Mark S. Gross, Pastor of St. Peter's Church, Charlotte, N. C., arrived here this morning on the Carolina Central train. Dr. Gross is here to attend the dedication of St. Thomas' Church, which will take place on next Sunday, the 18th inst., by the Cardinal-elect and Archbishop of Baltimore, Most Reverend James Gibbons, assisted by Right Rev. Bishop H. P. Northrop, of Charleston, and others.

Base Ball. The Seaside Park Base Ball Club reorganized last night and elected the following officers: President—A. M. Waddell, Jr. Secretary, and Treas.—W. B. Davis. Captain.—B. G. Empie. The club will be known as the Seaside, (omitting Park.) They will have new uniforms and a complete outfit for playing. Their grounds will be put in the best possible condition, and will be fenced in, when admission will be charged. They intend to have the best club in the State come here and contest for the championship. The base ball season of 1885 will open with every member in playing condition and they promise to boom the base ball playing this season.

### Fun To-Night.

Mr. Frank Huffman will open his "Dime Museum" at No. 15 Market street to-night where his troupe will perform feats of legerdemain and aerial suspension. The man with the iron jaw will show his wonderful strength, and songs and dances will enliven the occasion. The best of order and the utmost decorum will be preserved.

### Slight Fire.

At a little after 7 o'clock last night a fire was discovered on the roof of a small building in Sampson's Alley, which runs from Fourth to Fifth streets, between Mulberry and Walnut. The alarm was given, but the flames were extinguished by some of the neighbors in a few minutes and the assistance of the fire department was not needed. The damage was slight.

### Election of Officers.

At a meeting of Robert H. Cowan Lodge, No. 549, Knights and Ladies of Honor, held last night, the following officers were elected to serve for the ensuing year: Protector—Rev. S. Mendelsohn. Vice Protector—Benj. Motte. Chaplain—R. Greenburg. Secretary—J. W. Jackson. Treasurer—J. H. Boatwright. Guide—E. W. Hewlett. Guardian—J. Baker. Sentinel—J. M. Branch. Trustees—R. Greenburg, J. H. Mallard, Benj. Bell.

### The Progressive Club.

At a meeting of the Young Men's Progressive Democratic Club, held last night, President Strauss stated there were some bills against the club still unpaid and suggested that a committee be appointed to make necessary collections to satisfy the same.

On motion a committee was appointed to attend to this matter, consisting of President W. H. Strauss and Messrs. John D. Bellamy, Jr., E. F. Johnson and E. G. Parmelee.

After some discussion the following resolutions were offered and unanimously adopted:

Resolved, That the Young Men's Progressive Democratic Club, in meeting assembled, hereby unanimously endorse Jno. C. Davis, Esq., of Wilmington, for the position of Solicitor of the Criminal Court of New Hanover county;

And be it further resolved, That a committee of five, consisting of J. D. Bellamy, Jr., S. H. Morton, H. McL. Green, W. S. Hewlett and W. E. Mayo, be appointed to notify Mr. Davis of this action of the Club, and request him to consent to become a candidate for that position.

There being no further business before the meeting the club adjourned, subject to the call of the President.

### A New Railroad.

Some of the men of capital of Columbus county have recently built a tram railway from Pireway Ferry, on the Waccamaw river, in that county, to Calabash, on the seacoast, in Brunswick county. The principal portion of the country through which the road passes is in the former county, and in fact, the enterprise was started in order that means of transportation and shipment might be found for the vast resources of that fertile and in some respects almost unknown section of the State. An engine has recently been purchased for drawing the trains on this new road and was taken by rail as far as Lake Waccamaw station, on the Wilmington, Columbia & Augusta Railroad, where it was loaded upon a flat to be taken down the Lake to Waccamaw river, thence down to the Ferry, a distance of about 65 miles, where it will be landed. The road and the engine are under the charge of Mr. G. W. Malpass a competent engineer. The course of the river is through immense swamps of dense forests where game of every description, from the bear to the squirrel, abound and roam in almost limitless freedom. In the river is a large island, which has never been surveyed, but which contains several thousand acres, upon which twenty white families reside, and as many of these have never seen an engine, a railroad nor, in fact, much of anything belonging to civilized civilization, it is the intention of Mr. Malpass to get up steam as he passes this island, which is known in Columbus county geography as "Crusoe's Island," and astonish the natives by frequent "toots" of the locomotive whistle.

Mr. W. H. Redwood, a veteran salesman of Baltimore, Md., says he was cured of violent inflammatory rheumatism by the use of St. Jacobs Oil, the great pain-reliever, which he used by consent of his physician. His daughter also was cured of rheumatism in the back by three applications of the wonderful cure.

### Exports Foreign.

Ger. barque Gustav Metzler, Jarch, cleared to-day for Liverpool with 1,418 bales cotton, valued at \$70,113, shipped by Messrs. D. R. Murchison & Co. Br. brig *Fidelia*, Ruggles, cleared also for Liverpool with 1,584 bales cotton, valued at \$76,000, shipped by Messrs. A. ex Sprunt & Son, making a total of exports foreign amounting to \$146,113.

### Improvements.

Mr. J. K. Mellhenny is making some notable improvements in his drugstore, corner of Market and Front streets. The floor is being lowered to a level with the street and the height will then be increased 15 inches. There are other improvements in view which will add much to the appearance of the place. The work is being prosecuted night and day.

### Carl Schurz

Much interest is manifested in the approaching visit of Hon. Carl Schurz to our city and the lecture which he is to deliver here next Tuesday night.—There is a general desire to see and shake hands with the distinguished gentleman as well as to hear him and if it could be arranged for him to hold a reception on the stage at the close of the lecture we think that the popular desire would be gratified. The box sheet for the sale of tickets will be open at Heinsberger's on Monday morning.

### The Meeting Last Night.

Pursuant to announcement a meeting of citizens, which was well attended by representative men, was held last night in the City Hall for the purpose of taking action on the proposed amendment of the city charter.

Mayor Hall called the meeting to order and stated its object.

Mr. O. G. Parsley, Jr., was then called to the chair and Mr. T. D. Meares requested to act as secretary. The first proposition submitted for the consideration of the meeting was the suggestion of the Board of Aldermen to repeal the present law providing for the registration of voters by lot, block, etc., and substituting therefor registration by streets and numbers of houses.

After discussion, on motion of Mr. Marsden Bellamy, the recommendation of the Board of Aldermen was adopted.

The proposition that the Aldermen elected at the next municipal election shall divide themselves by lots into two classes, the seats of the first class to be vacated at the end of two years, of the second class at the end of four years, and the vacancies thus made to be filled by the qualified voters in the wards at the next biennial election for Aldermen, was opposed by Col. W. L. Smith, Mr. Marsden Bellamy, Alderman Bear and others. Alderman DeRosset explained the proposed working of the plan, if adopted. On motion of Col. Jas. G. Burr, it was voted not to adopt the recommendation, by a vote of 51 to 9.

The proposition to authorize the election of Mayor by the Board of Aldermen outside of their number was opposed by Aldermen Fishplate and Bear and Messrs. W. P. Oldham and others, when a motion was made, by Mr. Marsden Bellamy, to have the law regarding the matter remain as at present, which was adopted.

Meeting adjourned.

Now is the time to give Smith's Worm Oil.
