INDEX TO NEW ADVERTISEMENTS.
HEINSBERGER—Notice
HEINSBERGER—Knowledge
C W YATES—Blank Books
F C MILLER—A Fresh Supply

Day's length 10 hours and 4 minutes.

There was no City Court this morn-
ing.

There were no interments in Bellevue
Cemetery this week.

The receipts of cotton at this port to-
day foot up 83 bales.

Sunset to-morrow afternoon at 13
minutes past 5 o'clock.

There was one interment in Oakdale
Cemetery this week—a child.

Thanks to Mr. T. B. Womack, of the
House, for valuable public documents.

Two travellers were accommodated
with lodgings at the guard house last
night.

There were four interments this week
in Pine Forest, of which three were
adults and one was a child.

The Register of Deeds issued four
marriage licenses this week, one for a
white and three for colored couples.

The Southern bound travel is exceed-
ingly large, and many of the travellers
make it convenient to stop over here
for a night or two.

Elder P. G. Lester of Wilson, will
preach at the Primitive Baptist Church
on Castle street, between Fifth and
Sixth at the usual hours to-morrow.

A little rain puts the street crossings
of the city, especially those in the busi-
ness quarters, in a wretched plight.
Cannot something be done to remedy
this evil?

The railroad men on the W. & W.
road are all agog over the through run
to be made to Richmond, beginning on
the first of next month, and the con-
ductors and engineers have been going
over the R & P and Petersburg roads to
acquaint themselves with the route.

Rev. Dr. Pritchard will preach to-
morrow morning, at the usual hour, at
the First Baptist Church. Subject:—
"The Family Constitution," it being
the first of a series of three sermons on
family religion. At night his subject
will be "Sacerdotalism." After the
sermon to-morrow night the ordinance
of baptism will be administered to two
persons, both females.

Indications.
For the South Atlantic States, rain,
followed by fair weather; warmer
Southerly winds and falling barometer.

In Port.
There are 31 vessels in port to-day.
Of these 15 are barques—2 British, 6
Norwegian, 6 German and 1 Swedish; 3
are brigs—1 Norwegian and 2 Ameri-
can; and 16 are schooners—1 Spanish,
1 British and 14 American.

The Weather.
Railroad men inform us that the
weather was colder and the storm was
worse South of here yesterday than it
was here. Sleet fell and ice formed in
the front of the cars all the way from
Charleston to Marion, S. C., at which
place it changed to rain.

Cotton.
The receipts of cotton at this port for
the week ending with to-day foot up
1396 bales as against 1,616 bales for cor-
responding week of last year, a decrease
this week of 220 bales. The receipts of
the crop year to date foot up 87,296
bales, against 82,531 bales to January
26th of last year, an increase this year of
4,765 bales.

Astronomy.
Prof. R. A. Proctor, who will appear
at the Opera House on the nights of the
29th and 30th inst., is one of the great-
est living astronomers. The popular-
ity and success of Professor Proctor's
lectures on astronomy have been phe-
nomenal. Coming to the United States
for the first time in 1873, he was at once
placed in the front rank of eloquent
platform teachers; and he has ever
since maintained this position in his
several series of lectures in this coun-
try, as well as in those given by him in
Canada, Great Britain, and Australia.
He speaks entirely without notes, and
embellishes his lectures with a felicity
of expression seldom found in a public
speaker. The views of the heavenly
bodies are extremely beautiful, and re-
ceive the highest commendation of his
audiences.

We observe quite a fine display of
new Revolvers for very reasonable
prices, at Jacobi's Hardware Depot.

A Centenarian.
Caesar Smith, colored, died yester-
day at his home in Marsteller street.
He was undoubtedly a centenarian,
and the death certificate placed him at
100 years of age. He leaves children,
grand children and great grand-child-
ren, some of whom claim that he was
120 years old. He had always lived in
the city or in the immediate vicinity,
and was known by many of our
people.

Personal.
Capt. Wm. Smith, Superintendent of
the Raleigh & Gaston R. R. and the
Raleigh & Augusta Air Line, was in
the city yesterday.

Rev. T. W. Dosh, D. D., of Salem,
Va., arrived in this city this morning
and is the guest of Rev. F. W. E. Pea-
chan. Dr. Dosh will preach, in Eng-
lish, to-morrow night, at St. Paul's
Evangelical Lutheran Church, services
to commence at half-past 7 o'clock.

A Warm Wave.
It rained hard nearly all night and
from cold, raw weather in the early
part of the night, there was a warm
wave struck the city about 9 30 o'clock
last night which was really phenom-
enal. The mercury rose rapidly in the
thermometers and many who had re-
tired with an extra amount of covering
upon their beds were forced by the
heat to discard a portion of it. For a
considerable part of the night the at-
mosphere was warmer out of doors than
it was in fireless rooms.

This Morning's Fire.
At about 4 o'clock this morning some
of our citizens, residing in the South-
ern portion of the city, were startled
in alarm from their slumbers by two
loud reports, one immediately following
the other, and were astonished to find
the store of Mr. B. Bellois, on the South-
west corner of Ann and Seventh streets,
a mass of flames. The explosions were
probably caused by a can of kerosene
and a keg of power becoming ignited.
The alarm was at once given and the
firemen were promptly on hand, but
the flames had gotten such headway
when the fire was discovered that it
was impossible to save either the store
or any of its contents. There was in-
surance on the store amounting to \$700
and the same on the stock, making the
total insurance \$1,400, in the German
American Insurance Co., represented
in this city by Messrs. Atkinson &
Manning; Mr. C. Bellois, a brother of
the proprietor, was sleeping in the
store at the time and was awake by
being almost strangled by the dense
volume of smoke with which the room
was filled. He had barely strength to
get to the rear door and remove the
bar and escape from the building,
when he was overcome and fell help-
less in the street. A moment later he
would have been suffocated and beyond
the reach of human aid.

Shooting Affair.
John Turner, colored, living on Ran-
kin street, was badly wounded on
Thursday night, by some party whom
he claims assaulted him as he was re-
turning from a lodge meeting. Dr. F.
W. Potter was notified yesterday of the
affair and visited the wounded man to
whom he rendered all the assistance
possible. Mayor Hall took the affidavit
of Turner, which was substantially as
follows: He was on his way home
from lodge meeting on the night in
question, and was near his house when
a party of men appeared in sight by
one of whom he was hailed. He re-
plied, "hello," when the men began fir-
ing on him, one of the balls taking ef-
fect in the upper portion of the thigh.
Turner ran and hid himself in the
bushes, where he remained conceal-
ed during the remainder of the
night and until daylight yester-
day morning, when he ventured
to go home. Turner swore that the
man who shot him was Charles Geyer,
a colored man and one of the leading
spirits in the Labor Union, and upon
affidavit being made to that effect
Mayor Hall issued a warrant and had
Geyer arrested and bound over in the
sum of \$100 for his appearance before
him, in his capacity of justice of the
peace, as soon as Turner is able to be
present to testify in the matter.

Chicken Thieves.
Some of these prowlers last night
visited the premises of Mr. W. M.
Poison, on Mulberry street, between
Sixth and Seventh, probably for the
purpose of selecting a few chickens for
their Sunday's dinner, but were heard
by Mr. Poison, who in starting to see
what was the matter, made some noise
which alarmed the thieves, and they de-
camped minus the poultry. It seems,
however, that they were determined to
feast on Mulberry street chicken, for
they went across the street and visited
the premises of Mr. A. W. Watson,
and stole every chicken in his coop.

Transportation Department.
Maj. J. R. Kenly Superintendent of
the Atlantic Coast Line, Richmond
Division, has issued a circular naming
the officers in his department. For the
Wilmington & Weldon R. R., Capt.
James Knight, the able and efficient offi-
cer who has so long been in charge of
the transportation on the W. & W. R.
R. and the W. C. & A. R. R., is named
as Master of Transportation; Mr.
E. Borden, of the city, is Chief
Operator and Train Dispatcher,
and Mr. W. J. Brown, recently
of the Petersburg R. R., is Train Dis-
patcher. These officers are all located
here, with headquarters in this city.

For the Richmond and Petersburg
R. R. and Petersburg R. R. Mr. C.
E. Tompkins is named as Chief Oper-
ator and Train Dispatcher, and Mr. W.
J. Taylor as Assistant Train Dispatch-
er, both with headquarters at Rich-
mond.

Other officers named are Mr. J. A.
Musgrove, Agent at Weldon; charged
with the duties of Yard Master at that
point; Mr. E. W. Brown, Assistant
Yard Master at Weldon; Mr. J. A.
Fountain, Agent at Rocky Mount,
charged with the duties of Yard Master
at that point; Mr. T. W. Slocumb,
Agent at Goldsboro, charged with the
duties of Yard Master at that point.

It is reported that famine threatens
northern Russia, but it is a certainty
that millions of coeds will be bothering
American people this winter. Against
famine there is no protection, but for
every cold there is a bottle of Dr.
Bull's Cough Syrup.

Extract from a Private Letter.
Regarding Dr. David Kennedy's
"Favorite Remedy," the writer, Prof.
A. B. Chandler Principal of the Acad-
emy, Brookhaven, Miss., says: "I
suffered from torpidity of the Liver
and Bowels and Paralysis, I used the
Favorite Remedy for two months, and
am now able to use my side which for
a long time had been like a piece of
dead flesh. My general health was
never better than at present. fmv&w

The Safe Side
OF ALMOST ANY QUESTION IS THE
generous side; but in matters of shopping an
exception should be made and in justice to
one's self, not only should advertisements be
read, but goods and prices examined before
accepting them as being cheap or possessing
warranted value. This measure we can safely
ask to be applied to the following
