There was no City Court this morning.

One white tramp was accommodated with lodgings at the guard house last night.

A week of just such unseasonable weather as this will play the wild with the fruit crop.

One dealer in this city handled 146,618 live chickens during the year 1884, all which were sold to consumers here.

We observe quite a fine display of new Revolvers for very reasonable prices, at Jacobi's Hardware Depot.

Steamboatmen report that there is about six feet of water on the shoals in the Cape Fear and that the river is slowly falling.

This is decidedly pleasant, altogether just as decidedly unseasonable weather. February has no business to be playing such pranks as this. It should leave them to March and May.

The ground hog saw his shadow last Monday. This we know because he immediately went back into his hole and pulled the hole in after him.—Look out for cold and wet weather this month.

The drain on Walnut street has been extended across Front street and is now being carried down the hill to Nutt street. It will be a most effectual drain when it is completed, and it is being constructed in a faithful and workmanlike manner.

The suits that Dyer makes for twenty-five dollars are sold only on short time. He will not give extended credit on these special bargains. You have no idea of these beautiful and desirable suits of fancy imported cassimeres.

The Merry Commandery, Knights Templar, of Philadelphia, passed through this city last Monday morning, on their return home from the New Orleans Exposition. There was a large party of them and it required five Pullman Palace cars for their accommodation.

Two Extracts.

Extract from proceeding of Board of Aldermen, at meeting held on Monday night, February 2nd:

Alderman DeRosset from the Finance Committee, submitted a bill to be presented to the General Assembly, for authority to issue bonds to the amount of \$100,000 for the improvement of streets and for sewerage. The report was adopted.

Extract from the Constitution of the State of North Carolina, Section 7 of Article 7:

No county, city, town or other municipal corporation shall contract any debt, pledge its faith, or loan its credit, nor shall any tax be levied, or collected by any officers of the same, except by the necessary expenses therefor, unless by a vote of a majority of the qualified voters therein.

SEVERAL QUERIES

First: What is meant by the "necessary expenses" of a municipal administration?

Second: Is the issue of \$100,000 in new bonds, adding that much to the already large bonded debt of the city, to be classed as a necessary expense, (an ordinary expense) or an extraordinary expense?

Third: Is not the intent of the Constitution plainly to prevent the increase of the bonded debt of any municipality without the approval of the qualified voters thereof?

Fourth: If the object for which the issue proposed is a necessary expense what is an unnecessary expense?

Fifth: What business is it of the Legislature's anyway, under the clause of the Constitution we have quoted?

Sixth: If this is a necessary expense, according to the Constitution, why do not the Board of Aldermen and the Board of Finance issue these bonds without appealing to the Legislature?

Seventh: As the matter would be very apt to be carried into Court by some refractory tax-payers what would the bonds be worth when issued and pending the decision of the Court?

Eighth: Why could not the Board of Aldermen, at all events, have submitted this matter to the judgment of the tax-payers themselves?

SEAMEN'S FRIEND SOCIETY

Thirty-Second Annual Meeting—Reports of the President and Other Officers.

The Seamen's Friend Society held its 32nd annual meeting yesterday afternoon, February 3d, 1885, at 4 o'clock. Mr. B. F. Mitchell was called to the chair and Mr. Geo. R. French, Jr., requested to act as secretary. Proceedings of the former meeting were read and approved.

The President, Chaplain and Treasurer submitted reports which, on motion, were received and ordered spread on the minutes.

Capt. Christensen, Keeper of the Home, made a verbal statement of the business done at the Home—its condition—and showing more success the past year than since he took charge of it.

The committee appointed to examine the books of the Treasurer reported that duty performed and the accounts correct, with vouchers for all disbursements; and, on motion of Mr. E. T. Hancock, the thanks of the Society were returned to the Treasurer for his efficient services.

Mr. E. S. Martin tendered his resignation, which, on motion, was accepted.

Messrs. H. B. Eilers and R. E. Heide were appointed a committee to audit the Treasurer's books and vouchers for the ensuing year and report at the next annual meeting.

The Secretary read a communication from Dr. Samuel H. Hall, Corresponding Secretary of the American Seamen's Friend Society of New York, relative to donations in support of the Chaplain.

On motion of Dr. T. R. Carr, a committee was appointed to make nomination of Board of Trustees. The following gentlemen were placed in nomination and unanimously elected: Edward Kidder, George R. French, George Harris, R. E. Heide, E. T. Hancock, H. B. Eilers, B. F. Mitchell, George R. French, Jr., L. Hansen, Marsden Bellamy, James Sprunt, F. H. Darby, W. I. Gore.

On motion, Mr. B. F. Mitchell and the Secretary and Treasurer of the Society were appointed a committee (with power to act) to confer with Mr. W. H. Bernard relative to a claim he has against the Society.

On motion adjourned.

At a meeting of the Trustees, held immediately after adjournment of the meeting of the Society, Mr. B. F. Mitchell was called to the chair and Mr. George R. French, Jr., appointed Secretary. The following were elected officers for the ensuing year:

President—George R. French.
Vice President—George Harris.
Secretary and Treasurer—George R. French, Jr.

Messrs. H. B. Eilers, E. T. Hancock and R. E. Heide were elected to constitute the Executive committee in connection with the President, Vice President and Secretary and Treasurer.

It was moved that the appointment of the Chaplain be deferred for the present, and that the Secretary be authorized to confer with Dr. Samuel H. Hall, Corresponding Secretary Seamen's Friend Society, New York, as to the appropriation for the coming year, and to report at a called meeting of the Executive Committee.

PRESIDENT'S REPORT.

Gentlemen:—At the expiration of another year we meet at this, our thirty-second, annual meeting of the Seamen's Friend Society, to consider its interest and to devise the best method to extend its usefulness. It is with great regret and heartfelt sorrow that we miss from his accustomed place one of our members, who has been wont to meet with us year by year in the past, to encourage us by his example and precept, and who was always a steady and earnest worker in the interest of this Society, and one of its firmest friends, but who "has passed over the river and now rests from his labors." I refer to the late Alexander Sprunt, in whose death not only this Society was bereft of an useful member, but the mercantile circles of an upright, honorable business man, and this community of a valuable citizen. It is fit and proper that we should acknowledge the protecting care of our Heavenly Father, that so many of us are still spared to enjoy a measure of health and to meet each other around this board.

I am much gratified to state that, during the past year, besides meeting our current expenses we have been able to pay four hundred dollars on the bonded debt of the Society, and that there is a prospect during the coming fiscal year of a still further reduction of that debt. We acknowledge the generous donation from the parent society in New York, through its Treasurer, W. C. Sturges, of the sum of four hundred dollars,

which has enabled us to retain the services of our Chaplain. It has been thought best, in order to preserve the building, that some repairs should be made to the lower floors and the iron front and doors should be painted, and the committee in whose charge the Home has been placed have contracted to have the work done, and it will doubtless tend to the preservation of the property, besides adding to its appearance. For a detailed condition of the finances of the Society you are referred to the report of the Treasurer, Capt. Christensen, the keeper of the Home, will report to you of his work, and the Chaplain Rev. J. B. Craig, will submit a statement of his labors among the seamen who have visited our port during the past year.

Respectfully submitted,
GEO. R. FRENCH,
President S. F. Society.

WILMINGTON, N. C., Feb. 2, 1885.

To the Wilmington Seamen's Friend Society.

GENTLEMEN:—In submitting my report as your Chaplain, you are aware of the difficulties that are in the way of success, some of which we hope to overcome in the near future; yet I am not discouraged—I have seen some good results from my labors.

I have visited two hundred vessels, some of them repeatedly, as in my judgment I deemed it necessary; and as a means of accomplishing good, I have distributed 8,264 pages of tracts in the various languages; also, fifty copies of the *Salvor's Magazine*, given by the Parent Society. I have also visited the Marine Hospital regularly, read the Scriptures and prayed with and for the sick, and endeavored to do good in every possible way. I am glad to say that I have reason to believe my labors have not been vain, but have been blessed of God to the salvation of some souls. Some have died that I think have gone to rest from their labors; others have gone out again to meet the storms of old ocean; but I trust with such impressions on their minds and hearts as shall eventually bring them to Christ, that they may be saved in the home of the good. I am encouraged to work when I remember that God has said "my work shall not return to me void, but shall accomplish that whereunto I have sent it." This work cannot be too highly estimated when we consider the class of men who are its real beneficiaries.

Respectfully submitted,
J. W. CRAIG, Chaplain.

Personal.

Hon. R. R. Bridgers was in Raleigh yesterday.

Mayor Hall left for Raleigh this morning and will not return until Saturday.

In the absence of Mayor Hall from the city, Alderman Dudley will officiate as Mayor pro tem.

Mr. Hayes W. Beatty, of South River, Bladen county, is in the city today on one of his rare visits.

Mr. J. A. Powell, formerly of Sampson county, but now residing in Warsaw township, Duplin county, was in the city today.

We regret to learn that Mr. Halsted Bourden, one of the oldest and best citizens of Duplin county, is in quite feeble health which confines him to his house.

Mr. William M. Hurst, Sheriff of Duplin county, has been compelled to resign on account of prolonged and serious ill health. His resignation was tendered on Monday last to the County Commissioners and accepted. His successor has not yet been appointed.

New Hampshire Excursionists.

The New Hampshire Club, composed of ex-Governors ex-Congressmen residents of banks and manufacturing corporations, newspaper men, merchants, capitalists and other prominent men in the Granite State, will pass through this city next Tuesday evening in four Pullman Palace cars, en route for the great exposition at New Orleans. They will return by the same route, passing through Wilmington on their homeward trip on or about the 21st inst. The Atlantic Coast Line seems to be a favorite route for excursionists to the South, and especially with those going to the Exposition. We expect the New Hampshire Club will find a marked difference in the climate between the ice and snow of their native hills and the balmy Spring-like weather of North Carolina.
