TUESDAY, FEBRUARY 3, 1885.

THE LEGISLATURE.

SENATE.

MONDAY, Feb 2.

The Senate met at the usual hour. President Stedman in the chair.

Mr. Franklin, from Ekin, Surry county, and Mr. Chadbourne, from merchants of Wilmington, petitions, both asking the repeal of merchant's tax.

The following bills were introduced and referred to appropriate committees or disposed of as follows:

Mr. Pool, bill to create a railroad commission. Subsequently on motion of Mr. Pool this bill and another relative to the same matter was ordered to be printed.

Mr. King, bill to make it a misdemeanor to mutilate or otherwise deface signs.

Mr. Bond, bill to amend section 1125 of the Code, concerning arrests when summoned to assist officers.

Same, bill to protect marshals of the State.

Mr. Williams, resolution of instruction to the committee on penal institutions directing their special attention to the leasing and working with convict labor certain farms near this city of whom purchased or leased, amount of fertilizers used and from whom purchased; what crops raised and what disposition was made of the same, &c. Adopted.

Bill to amend an act to incorporate the Wilmington Coast Turpentine Company passed its several readings.

Bill to amend section 549 and 550 of the Code to regulate appeals from the Superior Courts. A substitute from judiciary committee was adopted and passed its several readings.

Bill to amend an act so as to make the statute of limitation applicable to suits brought by married women, was on motion of Mr. Buxton referred to the judiciary committee and ordered to be printed.

Resolution instructing the secretary of the Senate to procure certain information from the Register of Deeds of the various counties in the State as to ex-Confederate soldiers &c., failed to pass.

Bill to incorporate Hope Mills Manufacturing Company in the county of Cumberland passed its several readings.

Bill to allow creditors to sue on claims in certain cases before they become due was referred to the judiciary committee.

Bill to make it unlawful for persons to practice medicine in the State without licence was laid on the table.

Bill to amend section 2764 of the Code in regard to the entry of public lands.

Mr. Buxton offered to amend as follows: Provided that the provisions of this act shall not be construed to relate to entries made by parties who have not taken out grants at the time of the passage of this act. Adopted and the bill passed its second reading.

HOUSE OF REPRESENTATIVES.

MONDAY.

A message from the Governor was announced, which was an invitation from the managers to the State officers and the Legislature to visit the World's Exposition, at New Orleans, stating that all necessary courtesies and conveniences would be extended if the invitation was accepted.

Bill authorizing the city of Newberne to issue bonds for the purpose of making city improvements, passed its third reading.

Bill to amend section 3448 of the Code. Mr. Overman explained that the bill provided for hiring prisoners for public work outside of the county in which they were confined, and that as this would place the regular prisoner by the side of the striped convict, the judiciary committee reported adversely. Mr. Green said he thought there was merit in the bill, and that it should not be hurried over, and as he wished time to more fully investigate it, he moved to postpone action until Thursday next. Carried.

Bill to amend sec. 3148 of the Code, passed its several readings.

Bill to amend sec. 2017 of the Code. Mr. Pou said the bill authorized the overseers of public roads to extend the time at pleasure, and as desired to have them restricted, he opposed the bill. Mr. Felton thought that six days was enough each year. The bill was tabled.

Bill to amend sec. 2832 of the Code, failed to pass.

IN CONGRESS YESTERDAY.

SENATE.

WASHINGTON, Feb. 2.—The Chair laid before the Senate the credentials of John C. Spooner, elected U S Senator from Wisconsin for six years from the 4th of March next.

Also, the credentials of the reelection of Senator Vest, of Missouri.

Also, the President's message relating to the "Alert," recommending its return to the British Government.

On motion of Mr. Dolph, the Senate took up the bill to repeal the preemption and timber culture laws. After some discussion, by Messrs. Dolph, Morgan and Cookrell, the bill was displaced by the Inter-State Commerce bill, consideration of which was resumed.

A vote was taken on Mr Beck's amendment to strike out from the House bill the provision relating to equal facilities and accommodations of passengers. The Senate, by a vote of 22 to 33, refused to strike out the cause. The bill provides that railroads shall not charge more for a shorter haul than for a longer haul, that includes the shorter.

Mr Beck moved to amend this so as to prohibit merely charging more for transportation "any distance less than the whole length of the line than is charged for similar service over the whole length of the line.

To this amendment several others followed amid the long debate. All were voted down, except one by Mr. Plumb, upon which a vote was not

reached. It was to amend Mr. Beck's amendment so as to make it apply only to cases involving "similar circumstances."

Without action on Mr. Plumb's amendment the Senate went into executive session and when the doors were re-opened, the Senate adjourned.

HOUSE OF REPRESENTATIVES.

Mr. Collins, of Mass., moved that the House take a recess until 11 o'clock tomorrow. This was done for the purpose of continuing the legislative day of Monday, in order that an opportunity may be had to move the passage of the bankruptcy bill under a suspension of the rules.

Mr. Thompson, of Ky., interposed a motion to adjourn. Lost.

Mr. Moulton, of Ill., then made some filibustering motions on which the roll was called.

Roll call followed roll call in monotonous succession until 9.30 p. m., the friends of the Bankruptcy bill being in a majority ranging from two to six and voting down every motion to adjourn. The attendance of members, which at the beginning of the struggle was large, aggregating about 250, gradually dwindled away until at 9.30 there was but half that number present.

LOCAL NEWS.

Waived Examination.

Charles Geyer, colored, was brought before Justice E. D. Hall this morning, charged with an assault by shooting with intent to kill John Allen, also colored. The offense for which Geyer was brought to trial was committed on the night of the 22nd of January last. Upon an affidavit made on the next day by Turner, Geyer was arrested and required to give bonds for his appearance whenever the condition of the former would permit him to be present and testify in the matter. To-day Turner was present. Geyer was also present and his interests were represented by Mr. A. D. Ricard. When the case was called Geyer, through his counsel, waived an examination, and the accused was held for his appearance before the next term of the Criminal Court under the bonds already given, and the witnesses for the State were recognized for their appearance before the same tribunal to testify in the matter.

County Commissioners.

The Board met in regular session yesterday afternoon.

The Treasurer submitted his report for the month of January, as follows: General fund, showing balance on hand, \$26,230.69. Educational fund, balance on hand, \$22,329.03.

Of the general fund, \$7,000 is in the shape of a certificate of deposit, in the First National Bank. One coupon of the denomination of \$15 was burned in the presence of the Board.

The Register of Deeds submitted his report for the months of January and December, showing the amount of fees for marriage licenses to be \$17.10 for the former and \$16.15 for the latter month, and exhibiting the Treasurer's receipts for the same, which were received and ordered on file.

It appearing to the satisfaction of the Board that an error occurred in the listing of James Struther's taxes for the year 1884, it was ordered that the same be corrected and that the personal property tax charged against him in the city of Wilmington be remitted, and that the same be charged against him in Harnett township.

It was resolved that the Chairman be instructed to transmit the resolution referred to the Board of County Commissioners by the joint meeting of Magistrates and County Commissioners, held January 5th, to Lieut. Gov. Stedman, our members in the Senate and House of Representatives, and any other members of the General Assembly that he may see fit; and to urge them if possible to secure the necessary legislation to create a small Criminal Court Circuit, not to exceed five counties, (including New Hanover), and to provide in said bill for the election of a Clerk and Solicitor in each county in said circuit by the Board of Magistrates or County Commissioners of each county, as they may deem best.

The Board resolved itself into a Board of Education.

A per capita distribution of two dollars (\$2) was made of the school funds of New Hanover county.

It was ordered by the Board that the one hundred and forty-two white children in District No. 5 receive of the \$208.88 collected under the local assessment act \$156.91, and the forty-seven white children in District No. 7 receive of the \$208.88 collected as above \$51.97.

The report of the County Superintendent was received and ordered on file.

Also, the report of Mr. Don MacRae, Chairman of the School Committee of District No. 1, and the report of Mr. James H. Chadbourne, Chairman of the School Committee of District No. 2.

The Board adjourned subject to the call of the Chairman.

The Board of County Commissioners then resumed business.

It was ordered by the Board that the Treasurer of the county of New Hanover turn over to the Sheriff of the county the tax deeds for the year 1883.

The Board then adjourned subject to the call of the Chairman.

On to Richmond.

The changes in the Atlantic Coast Line railroads since the recent consolidation went into effect on Sunday. The conductors of the passenger trains who are run through from Wilmington to Richmond are as follows: Capt. R. E. Scott, from the Petersburg A. Weldon road; Capt. T. J. Scott, from the Richmond & Petersburg road, and Capt. Browning, Cutts, Bowden, Slocum, Filjau and Newell, from the Wilmington & Weldon road.

Audit and Finance.

The Board of Audit and Finance met in regular session yesterday afternoon; present R. J. Jones, Esq., Chairman, and Messrs. O. A. Wiggins, Wm. Calder and W. R. Kensan.

Numerous bills were passed upon. Bonds belonging to the Sinking Fund were counted by the Board, a statement of which will be found elsewhere in this issue.

Mr. Calder moved that the Chairman be authorized to sign a note for \$4,000 (six per cent, per annum interest), being a renewal of a note dated February 5th, 1884, and given to Mrs. C. C. Drane for the improvement of North Water street.

[There is another note of \$7,000, bearing 8 per cent. interest and payable to Mr. W. H. McTary, which will fall due on the 5th inst., and will have to be renewed. This latter note was also given on account of the North Water street improvements, but it was not brought before the Board for action at last night's meeting.]

Coupons amounting to \$12,959, which had been redeemed and cancelled, were burned in the presence of the Board.

A Narrow Escape.

Yesterday forenoon a sailor, named Carl Gossel, belonging to the German barque *Hoofmany*, Capt. Fretwurst, now lying at Fowler and Morrison's wharf, while at work in the mizzen top, by some accident lost his balance and fell. In his descent he struck the starboard mizzen rigging with such force as to break one of the ratlines. It also broke his own fall, and caused the rigging to rebound with such force as to throw him overboard. Mr. Edward Rice, first officer of the schooner *John A. Griffin*, Capt. Rice, being near at hand, immediately threw a line to Gossel, who, strange to say, did not seem to be much injured and had begun to swim towards the shore as soon as he struck the water. Gossel caught the line and with the help of a number of sailors, who had flocked to his rescue, was drawn on board a flat that was lying near by. In his fall he turned a complete somersault and in falling from the rigging he struck the rail of the barque which wrenched his back somewhat severely. This was his most serious injury and will probably keep him from work for four or five days. There were quite a number of scratches on his face, but these injuries were slight. He is about 24 years of age and may consider himself as a lucky man in escaping as lightly as he did.

Truth is Stronger than Fiction.

The old adage "The proof of the pudding is the eating of it," the proof that one's method of doing business is not what he says, but what he does, not what he professes, but what he performs, not what he claims, but in results. Business success gained by fair, uniform and able dealing with patrons by selling good goods at the best prices, by conducting the business to the mutual fit of both buyer and seller, is a true success. We have been in business in this city fifteen years and by fair dealing have been successful in gaining one of the best Clothing trades in this city. Prof. Proctor

HAVING EXPLAINED SATISFACTORILY HIS IDEAS ABOUT THE Nebular Hypothesis

and having removed all doubt in our mind as to its non-existence, by illustrations and commentations, we are prepared to prove to the Wilmington people that some sandy makers are active agents in this Nebular Hypothesis theory, and are filled with vaporous ideas and imaginations. They rotate with such speed that they create a vapour about them, and think they are manufacturing WORLD'S OF CANDY, when, in point of fact,

Royster's Pure Candies

lead all other kinds in the market. They are PURE, FRESH AND WHOLESOME. The young ladies demand it; the old ladies enjoy it; the young babies cut their teeth on it.

Young men, pay attention to these facts, and straightway invest in this necessity. Beyond all doubt the most popular CANDY in our city, and it is sold for THIRTY-FIVE CENTS A POUND.
