

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

Mr. Proctor, of Nyack, N. Y., has an incubator that turns out 1,000 chickens per week.

A meeting of the Irish Nationalists has been proclaimed to take place very soon at Londonderry.

Mr. and Mrs. Wm. Peak, the once famous Swiss bell ringers, are now in the poorhouse near Homer, N. Y.

An investigation of the condition of the companies of New York shows that the average dividend is twenty-one per cent.

Masked men entered the office of the Treasurer of Cass county, Tex., and after tying that officer carried away \$22,300.

Some pious Catholics of Paris are organizing a pilgrimage from that city to Jerusalem. The fare for the round trip will be only \$107.

Rev. Heber Newton, who has been creating such a stir in church circles recently, says that Bishop Potter will confirm his parishioners as usual.

North Carolina, with the longest belt of sea coast in the United States, gets the smallest amount in the appropriation for River and Harbor improvements.

The 20,000 car drivers of New York City are arranging for a strike. They will demand \$2.50 a day of twelve hours, and if the demand is refused will stop work at once.

A prominent Democratic politician of New Jersey said on Saturday that Mr. Cleveland had told him that General George B. McClellan would go into the Cabinet as Secretary of War.

Baron Blichroeder, the British Consul General, has contributed nearly \$40,000 to the Bismarck testimonial to be presented by the people of Germany on the Chancellor's 70th birthday—April 1.

"Down with the Corn Laws" is the heading of a recent leader in the Berliner Tageblatt, which journal calmly but earnestly comments upon the proposed higher duties on foreign grain in Germany.

Physicians ascribe the new nervous disease so prevalent among fashionable women to over-indulgence in tea—When the same disease occurs in men it is attributed to over-indulgence in alcoholic stimulants.

The Adams Express Company lost \$85,000 in the recent accident and conflagration on the Virginia Midland Railroad. The heat of the burning cars was so intense that a large quantity of gold and silver was melted and has been sent to the mint for recoinage.

Sergt. Gunning, of the Royal Irish Constabulary, generally considered the cleverest man in the Irish detective force, died at Killarney on Saturday. He was very useful to the Government in securing the arrest of the most prominent Fenians.

The Canadian Parliament costs \$140,000 a session. Of this sum the members receive \$600 for indemnity, or \$53,000 in all. The speaker and clerk draw \$11,600 more. The remainder is absorbed miscellaneous. The eighty-eight members have sixty sessional writers, thirty-two messengers and nine pages to wait upon them.

There were in the United States and 223 fires Canada during January where the loss was \$10,000 and upward. The aggregate loss was \$7,400,000. Estimating the loss by smaller and unrecorded fires at \$1,100,000, the total destruction for the month was \$8,500,000, or \$1,000,000 more than the average January loss for the past nine years.

Gen. R. E. Colston, formerly an officer in the service of the Khedive and now a resident of Washington, says he regards Gen. Wolsey's situation as perilous in the extreme. He attaches little importance to the reports that the Mahdi's forces are diminishing. The success which has recently crowned their efforts would naturally tend to inflame their ardor and cause an immense increase of their numerical strength.

The Best Policy. Mr. Alexander Henry 5 Drummond Place, Adelaide St., West, Toronto, Canada, certifies that he was permanently cured by St. Jacobs Oil, the wonderful pain-conqueror, of rheumatism, after other preparations failed.

THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C., THURSDAY, FEBRUARY 26, 1885 NO 48.

A proposition to pierce the rocky bed of East River by a tunnel running from Ravenswood to Thirty-fourth street, New York City, is taking a definite shape. A company called 'The East River Tunnel Railroad Company' has been organized with a capital of \$2,000,000. The distance across the river is 2,110 feet.

Mr. Thomas Power O'Connor, M. P., in an address delivered at Langford, Ireland, compared the lord lieutenant, Earl Spencer, to the Czar in Warsaw. He said it would take only a few more years to decide Ireland's fate. Both Whigs and Tories in Parliament would want the Irish vote, and it would be given only in the interest of Ireland.

John Anderson, the eccentric New York tobaccoist, left a fortune valued at \$5,000,000. He made what he considered an iron-clad will, leaving his whole property to his son and only child. His wife, from whom he had separated, now appears in the New York courts as a contestant, and the probability is that the lawyers will get a good share of the fortune before the matter is settled.

In 1884 the cost for special United States deputies for elections in the Republican State of Illinois, was \$10,205; in the Democratic State of North Carolina it was six. In the same year the expense of United States supervisors of elections in Illinois was \$17,090; in North Carolina it was six. In the same year the expense of chief supervisors of elections in the former State was \$455.03; in the latter State it was \$158. Thus it appears that the cost to the people of the United States of the Presidential election, in Illinois, was \$29,390.03, while in North Carolina it was \$158. But then the people of that State have more advanced ideas and know how to seek substance from the National Treasury; hence they are appropriately called "Suckers."

The Americans are to the front again; this time they report 115 suicides; just 36 more than Germany; but they still continue to use Dr. Bull's Cough Syrup, the best of all remedies for coughs and colds.

The receipts of cotton at this port today foot up 103 bales. Rev. D. C. Kelly will preach at Brooklyn Hall next Sunday night, at the usual hour. Two tramps—one white and one colored—were accommodated with lodgings at the guard house last night. A drummer's license was issued at the State Treasury in Raleigh, yesterday, to Messrs Morris Bear & Bros., of this city.

The flag of Mr. James Sprunt, British Vice Consul, was half masted to-day out of respect to the memory of Mr. Edward Kidder.

How many of our citizens will be in Washington on Wednesday next to witness the first inauguration of a Democratic President since March 4th, 1857? We are under obligations to our good friend, Mr. R. H. Murphy, of Moore's Creek, for a bag of those beautiful pecan nuts grown by him, the finest ever brought to this market.

The next entertainment at the Opera House will be given on March 9th, when Mr. Eben Plympton with his dramatic company will appear in the popular play of Linwood, which has had a very extensive run in New York and other Northern cities.

Personal. Col. N. McPhaul, of Whiteville Depot, Columbus county, is in the city today. Mr. William Anderson, of this city, has gone Ocala, Fla., with the view of possibly locating there. U. S. District Attorney W. S. O'Brien is in the city today on duties connected with his office.

Chamber of Commerce. A meeting of the Chamber of Commerce will be held at the rooms of the Produce Exchange at noon to-morrow to take action relative to the death of its late member, Mr. Edward Kidder. The merchants of the city, generally, are respectfully invited to attend.

We observe quite a fine display of new Revolvers for very reasonable prices, at Jacobi's Hardware Depot.

From the Exposition.

Mr. Leopold Brunhild returned to the city last night after a two weeks visit to the Exposition at New Orleans. He tells us that the display is a truly magnificent one but that North Carolina is ahead of all others. He was proud, he says, to call himself a Tar Heel as he stood and looked upon the beautiful and varied display of its resources. He thinks that every North Carolinian should see it.

City Court.

Candace Dunstan, colored, whose name is frequently registered at the Police Hotel as a guest from the Hollow, was brought before the Mayor this morning charged with her chronic complaint of drunk and disorderly. His Honor thought that a fine of \$5 would be a soothing unction to the city's lacerated dignity, but as Candace was minus just that amount she was sent below for 10 days.

One man, for being drunk and disorderly, was discharged.

Mail Robbery.

A young man from a neighboring county was brought before U. S. Commissioner T. M. Gardner this morning charged with robbing the Postoffice of a registered package containing \$100. U. S. District Attorney Robinson appeared for the government and the case was continued until Thursday next. We learn that another young man from the same locality is also implicated in the crime, and we also learn that the amount taken has been made good.

Supreme Court.

In this Court, on Tuesday, the following were among the appeals from the third judicial district which were called and disposed of.

F. J. Swann et al. vs L. A. Hart et al., from New Hanover; called and left open. John G. King vs. Commissioners of Carteret county, from Carteret; put to the end of the docket.

J. H. Robinson vs. Thomas B. Pierce, from Duplin; put to the end of the district.

Ready for Use.

The lights on the Cape Fear—16 in number—between this city and the mouth of the river, have all been placed in position and will be lighted for the benefit of navigation as soon as the inspector has examined and accepted them. The light house inspector, whose duty it is to pass upon them before they are used, was expected from Charleston yesterday, but did not make his appearance, probably on account of the weather.

Pine Straw Matting.

The Raleigh News and Observer says: "Yesterday a reporter had the satisfaction of seeing some matting made from the pine straw of the eastern forests. The straw was prepared by the Acme Manufacturing Co., near Wilmington, into a good strong fibre, which was woven into a matting similar to the cocoa matting at some Northern factory. The matting has a pleasant fragrance and, it is thought, a healthful influence, for every product of the pine tree is healing to the lungs and healthful in its effects. This class of goods, it is thought, would be an excellent article for halls, stairways, offices and public buildings, including also railway cars. As it is the beginning of a new industry, every success is wished for it."

Anniversary Ball.

Howard Relief Fire Engine Company No. 1 celebrated the 29th anniversary of their organization by a grand ball at Mr. H. Vollers' new hall, on Front street, last night. The Italian band furnished the music for the occasion and they never played in better taste, tune nor time. The management had made every preparation necessary for the enjoyment of all, and they were eminently successful in their efforts. There was a large party of ladies and gentlemen present, and the dancing was kept up for several hours. At midnight a most excellent supper was served, of which the guests partook with a relish. During the evening the Germania Band appeared and rendered several pieces with remarkable skill and taste considering the brief time in which they have been in practice. It was an occasion happily spent, and one which will be long and pleasantly remembered by the participants.

The Boy Clipper Plow has earned a reputation of being the best ever used and are pronounced perfect by the best farmers. Sold wholesale and retail at the factory agency, JACOBI'S Hardware Depot.

Departed.

After lingering for three days on the very verge of the shadowy land, Mr. Edward Kidder peacefully fell on sleep last night, at 10 o'clock surrounded by those nearest and dearest to him in life. His end was quiet and peaceful and he has left behind him to his children that most precious of all legacies, the heritage of a good name. He has surely left such to them in the record of a long life, honorably, usefully and charitably passed. The riches he has left behind him may be "as the moth fretting the garment," but the wise words, the kindly counsel and the helping hand will make for him a monument more enduring far than brass or gold or silver could raise to commemorate the virtues of his life.

"Or ever the silver cord be loosed, or the golden bowl be broken, or the pitcher be broken at the fountain, or the wheel broken at the cistern, then shall the dust return to the earth as it was; and the spirit shall return unto God who gave it."

In our remarks on Monday, hurried and incomplete as they were, there were two errors. Mr. Kidder was born in Ipswich, New Hampshire, October 19th, 1805, and was therefore in the 80th year of his age. He removed to Wilmington in 1826.

Fire in Duplin.

On Monday last the house of Mr. Calvin Bradshaw, in Kenansville township, Duplin county, caught fire and was entirely consumed, together with all its contents. Mr. Bradshaw was absent at the time, and when his wife discovered the fire she ran for assistance, but before it could be obtained the flames were beyond the power of control. There was no insurance which is to be deeply regretted as Mr. Bradshaw is a hard working, good man and the loss will be a serious blow to him.

A Nonagenarian.

Mrs. Rowena N. Gerrard, a very aged lady, well known to many of the older residents of this city, died here last evening at the advanced age of 89 years and 4 months. We remember her well when we were ourselves a lad of very tender years, and she was then an old lady. It is permitted to few to approach as nearly four score years and ten as was accorded to her. The deceased was the grandmother of Mrs. T. A. Brown and Mr. G. Prigge, Jr. For more than three-score years she was a member of the First Baptist Church in this city, and the funeral services will be held from that church to-morrow morning.

The Irish Minstrel.

There was a good audience at the Opera House last night to witness the performance of the above named play by the eminent Irish comedian, Mr. W. J. Scanlan, and his excellent company. Mr. Scanlan appeared in the title role and sustained the rather difficult part excellently well. The support was good. The plot was full of fun, and attractive and exciting situations, and aroused the profound interest of the audience, whose frequent outbursts of applause evinced their hearty appreciation of the play and its actors. Mr. Scanlan introduced several new songs which, together with some of the older favorites, were sung in exquisite taste and called for the repeated encores. One of the great beauties of the Irish Minstrel as a dramatic composition is that it teaches a wholesome moral lesson, which will necessarily leave its beneficent impress upon the minds of the listeners.

In Token of Respect.

The flags at the several consulates of the port, of the shipping in the harbor and upon the Custom House were at half mast to-day as a token of respect to the memory of the late Mr. Edward Kidder. The Produce Exchange was also appropriately draped in mourning.

To every Housekeeper a good substantial cook stove is an important necessity and our readers will find the best at Factory prices at JACOBI'S Hardware Depot.

Colored Glassware.

A FULL LINE OF COLORED TABLE GLASSWARE. For sale by GILES & MURCHISON, feb 23 Murchison Block.

UNDER NEW MANAGEMENT, WILMINGTON, N. C. S. L. FREY, Proprietor. 150 Proprietor Atlantic Hotel, First-Class and all the appointments. Terms \$2.50 to \$5.00 per day.

DIED.

KIDDER—In this city, February 25, 1885, EDWARD KIDDER, aged 79 years. The funeral will take place from the First Presbyterian Church, to-morrow (Friday), at 10 o'clock. The friends of the family are invited to attend.

GERRARD—On the evening of the 25th inst., in this city, MRS. ROWENA N. GERRARD, aged 89 years and 4 months. The funeral will take place to-morrow (Friday) morning at 10:30 o'clock, from the First Baptist Church, thence to Oakdale Cemetery. Friends and acquaintances are respectfully invited to attend.
