Of the seventy-six United States Senators thirty-two are professors of religion, of whom sixteen are Presbyterians.

The Rev. Phillips Brooks rejoices in the fact that he has never required the professional services of a lawyer or doctor.

The State Capitol at Albany, N. Y., has already cost \$17,000,000, and it is estimated that it will require half as much more to complete it.

Boston girls have organized a mutual aid matrimonial society. Whenever one member marries the others are assessed to set her up in housekeeping.

The college which had the largest number of graduates in the Forty-ninth Congress is the University of Virginia. Harvard stands second, Yale third.

President Arthur, according to London Truth, is going to Europe early in July for several months. He intends to stay for some weeks in England before proceeding to the Continent for a tour.

On the first of January of last year a new law went into effect in England reducing the cost of a patent about one-half. The number of patents applied for in 1881 was 5,751; in 1882, 9,241; in 1883, 5,993, and in 1884, 17,110.

The widow of Cattle King Iliff, who married Bishop Warren, is making good use of the Iliff money, and, as Mrs. Warren, will give \$100,000 to the Denver University fund if Denver citizens will subscribe a similar amount.

Labor is organizing in New York. A working-woman's protective league has been established with a large membership. The complaints of poor wages are becoming more numerous, and there is a strong probability of a general strike.

The Berlin medical faculty has just conferred a diploma upon a man who matriculated in 1833, went to South Africa as an explorer, and after fifty-two years' interruption in his college course, returned for his sheepskin. He is now 76 years old and is going back to South Africa to settle down.

In Maricopa county, Arizona, there is considerable barbed fence, and the vast flocks of wild ducks which frequent the valley often fly low and, striking the barbed fences, become impaled thereon. It is said that tons of ducks are gathered daily by boys from the fences and sent to market.

The United States Democrat (successor to the La Crosse Democrat) will be issued as an eight-page weekly paper, from Washington each Saturday, dating from March 7, 1885, price \$2.00 per year. In the editorial management Mr. Pomeroy will be ably assisted by Maj. Alexander Hunter, as associate editor. Major Hunter is well known to Virginia writers. He was a member of the celebrated Black Horse Cavalry, and was in the war from its Alpha to Omega.

"Man wants but little here below, nor wants that little long," sang the hermit of Goldsmith. Perhaps he does, if he is thinking of colds, but if he is thinking of cough remedies, he wants it good when he gets it. Dr. Bull's Cough Syrup meets the wants of suffering humanity, and is all one wants here below to stop the ravages of pains.

Since the birth of the first Prince of Wales, in 1284, more than six centuries ago, the title has been borne by seventeen persons, but the present possessor of it is the only one who has lived to see a son attain his majority.

The latest discovery about Daniel Webster is that he never used a profane word. His greatness was what his contemporaries admired, but a Boston scoffer opines that his goodness is what the next generation will be asked to reverence him for.

Cleveland makes a good beginning. He talks well and works well, and we hope that he will wear well. His brief inaugural meets with unqualified commendation from all parts of the country, and we have no doubt that the magnificent cabinet he has selected will be equally well endorsed.

Nothing Like It. Mr. J. B. Flynn, 876 Sixth Avenue, New York, was cured, he says, of rheumatism of long standing by the use of St. Jacobs Oil, the great pain-cure. For scalds, bruises, cuts, etc., he thinks it has no equal.

Col. Jno. Wilder Atkinson was registered in Charlotte on Thursday. We regret to state that Mr. R. J. Jones is quite sick and confined to the house. We are glad to learn that Mr. James Alderman is reported as somewhat better to-day.

King & Co., who removed with his brother to Anniston, Ala., last Fall, and who has been back here for a month or more, has finally concluded that Wilmington is as good a field for an enterprising man as any other to be found in the South and has opened at his old business on Princess street, near Water, where we wish him a plentiful success.

Mr. J. D. L. Smith, engineer of the steamer Wave, gave us the pleasure of a call yesterday afternoon, and from him we gather the following further particulars regarding the explosion of the boiler of that ill-fated boat. He had been to the boiler and had just left it when the explosion took place. The glass was two-thirds full of water, which was sufficient. There were 80 pounds of steam on at the time. The boiler had never been used but a few years, and had a tensile strength of 50,000 pounds. Such was the force of the explosion that it blew off the top of the mast of a schooner near by at a distance of seventy-five feet from the deck; and one of the flues of the boiler was subsequently found on the top of one of the warehouses in the vicinity. Part of the steamer's cabin became detached and floated down the river yesterday afternoon. Men were employed all of yesterday in saving what they could from the wreck and succeeded in saving a considerable amount of furniture, bedding &c. The men who were wounded are doing well and will soon be about their duties. Mr. Smith has had ten years experience as an engineer upon the Cape Fear.

The market was bountifully supplied with meats of all kinds this morning. The display of beef was unusually fine and of a quality that would compare favorably with that of any market. It was mostly raised in Sampson county.

Rev. Dr. Pritchard will preach to-morrow at the First Baptist Church at the usual hours. The subject of his sermon to-morrow morning will be "Special Providence" and at night he will preach upon "The Intercession of Christ."

On account of the absence of Rev. Dr. Wilson and Rev. J. W. Primrose from the city in attendance upon Presbytery at Mt. The committee on Judiciary Reform of the General Assembly have given New Hanover county three terms of the Superior Court, of two weeks each, as follows: First term to commence on the sixth Monday before the first Monday in March; the second term to commence the sixth Monday after the first Monday in March; the third term to commence the third Monday after the first Monday in September.

The new law will go into effect June 15th, 1885.

A joint meeting of the Board of Commissioners and Board of Magistrates of New Hanover County was held at the Court House in this city at 11 o'clock this forenoon.

Dr. W. W. Harris called the meeting to order and directed a call of the roll, when it was found that 25 Magistrates and Commissioners were present, making a quorum.

The Chairman, Dr. W. W. Harris, stated the object of the meeting to be to consider the salary to be paid to the Solicitor of the Criminal Court in addition to his regular fees, in accordance with a recent act of the Legislature, establishing the Criminal Court Circuit of New Hanover and Mecklenburg counties, and requiring the Solicitors of the court to examine the books and papers of the different county officers as often as once in every three months, a duty which has heretofore been performed by the Solicitors of the Superior Courts. It was for this service that the salary was to be fixed. After stating the object of the meeting the chair read the law establishing the Court, which was passed at the present session of the Legislature, and then declared the meeting open for business.

Col. Roger Moore moved that the Solicitor be allowed \$100 per annum, in addition to his regular fees, and the motion was carried unanimously.

The meeting then adjourned.

At one time this forenoon the weather rane on the market house pointed almost due East while at the same moment that over the Signal Office indicated almost North. The two are not three hundred yards apart and about on the same level, and yet both were undoubtedly correct.
