The Daily Review has the largest
bona fide circulation of any newspaper
published in the city of Wilmington.

An exhibition of the works of the cele-
brated Austrian painter Makart has re-
cently been opened at Vienna.

Queen Victoria's bestowal of the
Albert medal on a simple police con-
stable has given great satisfaction to the
force.

The Duke of Buckingham, who has
no heir to his dukedom, has just mar-
ried the daughter of a Scotch baronet.
He is 63.

There is a rage in England just now
for ambulance classes. Large gather-
ings take place at Lady Brassey's with
this end in view.

Immense crops of mustard are pro-
duced in southern California, and
several mustard mills have lately been
established in San Francisco to work
up the product.

A large land-owner in the department
of the Loire, in France, has established
a regular circle of telephonic communi-
cation throughout the whole of his
estates, using the largest trees as
stations, and thus can simultaneously
direct operations in all parts of his do-
main.

Dr. Babes has completed a series of
studies in Prof. Cornill's laboratory,
from which he concludes that the
comma bacillus of cholera will grow in
milk, coffee, meat, carrots, eggs, and
broth, but not in fresh or dried fruits,
beer, wine, conserves, smoked or salted
meat, or cheese.

The United States has 17,000 den-
tists, who use a ton of gold and five
tons of other metals and make 4,000,000
artificial teeth annually. Only one
American in eighty is found to have
perfect teeth, and one-third of the po-
pulation make more or less use of the
artificial product.

Senor Antonio Flores, in a letter to
the New York Herald, appeals to the
people of the United States for aid for
surviving victims of the Spanish earth-
quakes. He graphically depicts the
terrible scenes of suffering. In con-
cluding he says: "In the hour of the
misfortunes of Spain, we Americans
must not forget our ties to the nation
which discovered America."

M. Louis Godard, the famous French
aeronaut, is dead. One of his most
memorable expeditions was the voyage
in 1863 from Paris to Hanover, with
the Genet, of which Nadar was the
captain, and which had a very perilous
descent. During the siege of Paris
Godard accomplished several serial
ascents for the Government of the De-
fence.

The Massachusetts Legislature has
passed a bill providing for the early
closing of liquor saloons by a vote of
130 to 77. The bill provides that no
sale of liquors shall be made between
the hours of 11 o'clock P. M. and 6
o'clock A. M., nor on Sundays, except
that if the licensee is licensed as an in-
nkeeper he may supply liquor to guests
who have resorted to his house for
food or lodging.

A well-known scientific man in Eng-
land has lately given an order to a
dealer for a hundred specimens of the
electrical eel, for the purpose of closely
studying the singular power possessed
by these creatures. Hitherto this has
not been investigated so far as to de-
termine very positively what is the
nature of the marvellous emanation
that has generally been accepted as
electricity.

In Augusta, Ga., a weekly paper, the
Sentinel, has been started in the inter-
est of the colored people, and the an-
nexed paragraph is in the initial num-
ber: "We are living here among the
same people that once owned us. We
must get on together. There is no
where for us to go. We could not send
us if they tried. We should thank God
for the measure of peace that exists
among us. It could be much worse.
It only remains for us to educate our
children, buy lands, make our homes
pure, dignified and comfortable, and
save money and every other right will
follow."

"Man wants but little here below,
nor wants that little long," sang the
hermit of Goldsmith. Perhaps he
does, if he is thinking of colds, but if
he is thinking of cough remedies, he
wants it good when he gets it. Dr.
Bull's Cough Syrup meets the wants of
suffering humanity, and is all one
wants here below to stop the ravages of
colds.

THE DAILY REVIEW.

VOL. IX.

WILMINGTON, N. C., MONDAY, MARCH 9, 1885.

NO. 57.

It is to be remarked that Mr. Sam.
Randall is not of the Cabinet.—Star.
And how about Carlisle and Mor-
rison?

The New York Times, Republican,
and the Philadelphia Times, Independ-
ent Republican, are hardly safe guides
for a Democratic newspaper to follow.

The first complete translation of the
Babylonian Talmud into German (or
any other language) is announced to
appear shortly at Innsbruck, in about
thirty-six parts quarto.

Mrs. Burton, wife of the well-known
traveller, has always averred that since
England took the Koh-i-noor diamond,
proverbial for the ill luck it brings
nothing but disaster has attended all
concerning British India. Recent
events will more than ever sustain her.

Jackson Daniels, of Charleston, W.
Va., was arrested last week for allow-
ing his old and infirm mother to freeze
to death. He had her put in the poor
house, but as he was a wealthy farmer
the authorities had sent her back to his
house. The unnatural son refused to
allow his mother to come into his
house, but had her put in a log cabin
in the yard, where she died from ex-
posure to the severe weather.

We agree with the News and Obser-
ver that the failure of the educational
bill to pass the House before the ad-
journment of Congress is greatly to be
regretted. It says:

That measure whose failure we most
regret is the educational bill. In this
our people were greatly interested.
Whether it is viewed as a purely political
matter or as a beneficent provision
promising needed educational advan-
tages to our people, it was, so far as
North Carolina is concerned, the most
important measure before Congress.—
We deplore that it was not passed.

The measure had the support of both
of our Senators when it passed the Sen-
ate and it is understood that every
Congressman in North Carolina, with
one exception, would have supported it
in the House, and yet an esteemed
contemporary has characterized the bill
as "a dynamite package."

Household Matters.
Mr. T. Reynolds, 816 Walnut St.,
Philadelphia, Pa., says that he has used
the great pain-cure, St. Jacobs Oil, in
his family for household accidents, and
in his own case for severe neuralgia,
and "I give you" he further says, "my
full belief in its great virtues as a
cure."

Now, who shall be the next Mayor?
Call and see the elegant line of suits
at Dyer's.

The Legislature adjourns on Wednes-
day, at noon.

The receipts of cotton at this port
to-day foot up 57 bales.

Look out for warm, clear, pleasant
weather next week. Our remarks are
based on the Almanac which talks of
snow for Monday next.

Mr. Dan Walker, of Smithville,
brought to the city to-day and sold to
Mr. A. C. Wessel 140 coon hides, all
from animals killed in Brunswick county
this winter.

Indications.
For the South Atlantic States, fair
weather. Northerly winds, becoming
variable, slight changes in temperature,
followed by slightly warmer weather,
rising, followed by falling, barometer.

Baptist Chapel.
Yesterday afternoon a Sunday
School was organized at the Baptist
Chapel, on the corner of Fifth and
Wooster streets, with Dr. A. M. Bald-
win as superintendent and Mr. D. Mc-
Eachen as assistant superintendent.
A collection was taken up for the pur-
pose of buying seats for the chapel and
\$30 was raised.

City Court.
Edward A. Thomas, colored, was
the first man to receive the Mayor's at-
tention this morning. He was charged
with disorderly conduct and was re-
quired to fork over a four dollar william
for the benefit of the city treasury as a
compensating penance for his bad be-
havior.

James Brooks, colored, for the same
offense in a less aggravated form, was
let off upon the payment of a fine of \$1.

The Mails.

What is the matter with the mail?
We received on one day last week four
copies of the Durham Reporter and to-
day three copies of the same, the 4th,
6th and 7th. Frequently we get two
copies of the Asheville Advance by the
same mail and a subscriber at Newton,
in Catawba county, tells us that he
sometimes gets as many as four copies
of the REVIEW by the same mail.
Where is the fault and what is the rem-
edy?

For Liberty.

Peter Pickett, colored, who some-
time since escaped from the peniten-
tiary, and was subsequently re-captured
and escaped from custody at Goldsboro,
a few days since, while en route to pris-
on for the second time, was again taken
into the hands of the law on Saturday
night by Officers S. H. Terry and S. J.
Bryant of the police force. Pickett, it
seems, could not keep away from his
old haunts in this city, and, as all the
police men and other officers in the city
knew him, his capture was almost a
certainty. Whether he will be return-
ed at once to the penitentiary or lodged
in jail here until after the next term of
the Criminal Court is a matter upon
which the authorities had not decided
this morning.

Personal.

Mr. B. W. Cobb, of the Goldsboro
Messenger, was in the city this morn-
ing.

Mr. Sol Bear has returned from his
regular Spring visit to the Northern
markets.

Hon. R. R. Bridgers and Dr. A. J.
DeRosset were registered at the Yarn-
ough House in Raleigh on Saturday.
Capt. C. L. Chesnut, formerly of this
city, but for some years past a mer-
chant in Savannah, has removed to
New York.

Mr. Harry Hines, General Agent of
the "Silver King" Co., was in the city
yesterday and registered at the Purcell
House. He left last night.

Messrs. A. G. Ricard, Albert Gore
and N. F. Parker have returned from
Washington. There are a few others
yet missing who are expected to arrive
in a day or two.

The Tramps.

For several days past there has been
a regular camp of tramps on the North-
eastern border of the city, near where
the Union Depot formerly stood. Their
number was variously estimated, with
25 as the maximum. On Saturday
night Chief of Police Brock directed a
raid to be made upon them, and Capt.
Wiggs, with a detail of policemen, went
to the place and succeeded in capturing
8 of the vagrants, who were found in
an old box car. These were taken to
the guard house and locked up. Last
night another was captured, making 9
who were arrayed before the Mayor
this morning. They were all young
men and some of them were quite re-
spectable and intelligent in appearance,
and all claimed to be seeking employ-
ment. They all appeared to be healthy
and robust with the exception of one,
who was paralyzed in his right arm.
One of the party, who claimed that he
came from Hartford, Conn., was re-
mandered for a further investigation in
his case, and the others were ordered
to leave the city forthwith.

Supreme Court.

In this Court, last Friday and Satur-
day, the following were among the
causes disposed of:

Navassa Gnano Company vs. John
Bridgers, from Robeson; continued
under rules.

State vs. Oscar Pickett, from Robe-
son; continued on account of escape of
defendant.

Susan Bruner et als vs. S. H. Thread-
gill et als, from Anson; left open.

State vs. Lot DeBerry, from Anson;
argued by Attorney General Davidson
for the State, and Little & Parsons for
the defendant.

W. J. Sutton vs. L. J. Hall, from
Bladen; continued by consent.

State vs. John Bracksville, from
Richmond; continued on account of es-
cape of defendant.

State vs. Deaton & Deaton, from
Richmond; argued by Attorney General
Davidson for the State, and J. W.
Hinsdale for the defendants.

Susan Bruner et als vs. S. H. Thread-
gill et als, from Anson; continued for
absence of counsel.

A. G. Davis vs. J. T. Council et als,
from Columbus; motion filed to rein-
state.

For durable coloring the walls of
rooms in beautiful tints, at little cost

JACOBI'S Depot.

Postponed.

The entertainment by the pupils of
the Rocky Point Academy, which was
announced to take place on the 20th
inst., when it will be given, Rev. Dr.
Pritchard, of this city, will deliver an
address upon that occasion, his subject
to be "The Educated Farmer and Me-
chanic." The public, and especially the
patrons of the school, are invited to be
present. An admission fee of 25 cents
will be charged, to be devoted to the
interests of the school.

Religious Meetings.

The series of meetings at the Fifth
Street M. E. Church have already de-
veloped a deep, sincere and serious re-
ligious feeling. At the service yester-
day morning 34 persons were received
into full fellowship in the church and
last night 9 were added to the num-
ber, making a total of 43 in all who
were admitted to membership yester-
day. Aside from these there were 28
penitents at the altar at last night's
services. The meetings will be contin-
ued during the week, or as long as such
glorious results shall follow the zealous
efforts of the pastor.

Nothing Gained.

Sometime during Saturday night or
early on Sunday morning thieves broke
into the hardware store of Messrs. W.
H. Alderman & Co., but made nothing
by their efforts. They gained an en-
trance through the scuttle on the roof
and made their exit in the same way.
This was rendered quite an easy task,
as, between the stores occupied by Mr.
W. S. Briggs and Mr. I. Hirschberg
there are steps leading to the top of the
buildings, and as the roofs are all flat,
it was but little trouble to travel across
them. After gaining an entrance the
thieves directed their attention to the
vault in the rear part of the store, but
did not succeed in opening the door,
although there were many evidences of
their efforts to get at the contents. It
is thought that they did not give up the
job until it was near daylight, as the
dust had not settled fairly when it was
found out yesterday morning that the
building had been entered during the
night. There is as yet no clue to the
would-be thieves.

Step Ladders, all length that s, JACOBI'S
Depot.
