# THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C., WEDNESDAY, MARCH 11, 1885. NO. 59

A correspondent wants to know what we think of President Cleveland's action in appointing two Senators from New York State and the possibility that he will carry out his ideas as to Civil Service reform in a way which will not be agreeable to many office seekers. Our reply is a very simple one. We voted for Grover Cleveland for President of the United States with the understanding and with the expectation that he would exercise his own good judgment, fearlessly and serenely, and therefore we have no criticisms to make on his action. We are so well satisfied with the fact that Grover Cleveland is President of the United States and that the Cabinet he has selected are all true and tried men, and honest, upright and unimpeachable Democrats, that we really care but little from what section they came, whether from the North, the South, the East, or the West. Furthermore, and we say this for the future as well as for the present, we are willing to trust the judgment of President Cleveland and his cabinet in all matters pertaining to public affairs, satisfied as we are that they will be actuated in all things by the highest and purest motives in anything and everything that they may do.

Any body can catch a cold now. The trouble is to let go, like the man who caught the bear. We advise our readers to keep a bottle of Dr. Bull's Cough Syrup handy.

The Boy Clipper Plow has earned a reputation of being the best ever used and are pronounced perfect by the best farmers. Sold wholesale and retail at the factory agency, JACOB'S Hardware Depot.

### City Court.

Joseph Ray, a sailor, was brought before the Mayor this morning charged with disorderly conduct, and was sent below for one day, until his case can be further investigated.

### Indications

For the South Atlantic States, mostly stationary temperature, followed by slightly warmer weather, variable winds, falling, preceded in the Northern portion by rising barometer

### Oakdale Cemetery.

At a meeting held yesterday of the Board of Directors of Oakdale Cemetery suitable resolutions expressive of regret at the death of Mr. Edward Kidder, late a member of the Board, were adopted and the vacancy caused by his decease was filled by the election of Mr. Clayton Giles as a director.

### Pound Party.

Mrs. George W. Doyle will give a pound party at her residence, No 211 South Fourth street, between Orange and Ann, on Friday night, the proceeds to be devoted to the assistance of several needy families. The object is truly worthy and we hope that as many of our citizens as are able will attend and contribute to the benefit.

### Not to be Trusted.

For some time past Capt. Wm. A. Cumming has been suffering from having his chickens stolen from his place at Greenville Sound. He has had in his employ at that place a colored man in whom he reposed great confidence. A short time since the colored man came to the city, when Capt. Cumming, in the course of conversation, told him that another colored man was coming to town in a few days and would tell all about who stole the chickens. The colored man said but little in reply, and shortly started on his return to the Sound, and that night he stole a saddle from Mr. George R. French, a mule from Mr. H. Northrop, and cleared out. It is supposed that he went in the direction of Onslow county, though as yet nothing has been heard from him. Whether there will be any diminution in Capt. Cumming's loss of chickens or not remains to be seen.

### Another Railroad.

We learn from the Norfolk Virginian that Hon. R. R. Bridges, President of the Wilmington & Weldon Railroad, has made a proposition to the authorities of Northampton and Bertie counties, in this State, to run a branch road from Garysburg to Salmon Creek, upon condition that the counties named will subscribe one-fourth of the cost of construction, or about \$140,000. This road has been one of the contemplated improvements of Eastern North Carolina for a long time and a charter for its construction was secured several years ago.

### Fifth Street M. E. Church.

The meetings at this church continue in undiminished interest and fervor. Since they commenced there have been 57 accessions to the church and 67 conversions. There were about 20 went forward for prayers at last night's service, and the church is thronged at each night meeting to such an extent that it has become necessary to close and lock the doors before the service begins. If this precaution were not taken the building would be crowded to suffocation and a confusion would prevail which would greatly disturb the religious exercises. The meetings will be continued throughout the remainder of this week and probably longer.

### A New Firm.

The interest of Capt. R. M. McIntire, of this city, in the business of Messrs R. M. McIntire & Co., of Durham, has been disposed of to a new firm, to be known as Ellis & Muse, consisting of two Wilmingtonians, Mr. W. F. Ellis and Mr. W. H. Muse, the latter, who is the son of Mr. J. H. Muse, of the Star, having been located at Durham for some years as a partner in the old firm. Mr. Ellis has for several years past been in the employ of Col. Jno. J. Hedrick, of this city, and is a young gentleman of good business habits and qualifications and one who stands very high in the estimation of all who know him. We wish these young gentlemen much success in their new venture.

### The River.

The improvements upon the river between this city and the ocean are progressing as favorably as could reasonably be expected. There are two contracts which are now being filled. One of these, which is for stone, with Mr. George Z. French, if filled to the letter would be completed by the 15th of May next. In the completion of this contract there will be some delay, but there is every reason to believe that it will be completed by or before the 30th of June next. The contract with Mr. Moore for digging, which was to have been completed by June 30th next, will be somewhat delayed and will not be finished until later. When the dredging is completed there will be a channel of about 135 feet in width—the plan proposed was to have the channel 270 feet wide—over the shoals, which will give a depth of 16 feet at dead low water. That this channel, when completed, will be permanent and not liable to fill up again, is manifest from the fact that the channels which have heretofore been cut in some of the most difficult places in the river still retain their depth. In the completion of these contracts the appropriation for the improvement of the Cape Fear will be nearly exhausted.

### Personal

Mr. Bruce Williams, of Pender county, was in the city this morning. Ex Mayor Fishplate has returned to the city from an extended visit to the Northern markets in the interest of his house.

Mr. A. B. Cook, who for a number of years has been in business in this city, will leave on to-night's train for Charlotte, N. C., where he will engage in business and make his future home. His family will accompany him to-night.

Senator W. H. Chadbourne and Mr. C. P. Lockett, Representative from this county, both returned to the city last night from Raleigh. The session virtually closed yesterday, although the adjournment was not made until 11 o'clock to-day. Lt. Gov. Stedman will probably arrive here to-night or to-morrow morning.

Mr. J. M. Shaw, son of Mr. D. Shaw, of Pender county, will leave here on to-night's train for Longmont, Col., where he will make his home in the future. His brother, Mr. D. Shaw, Jr., has been there about three years, so that Mr. J. M. Shaw will not find himself a total stranger when he reaches his destination.

There were no tramps at the guard house last night.

### A Sad Loss

We regret to learn, as we do by a telegram received here this afternoon, of the sad affliction which has befallen the family of Mr. David S. Cowan, in the loss of his second son, Edward Dudley Cowan, a fine, promising lad not yet 15 years of age. He died this afternoon at 2:30 o'clock at the residence of his parents, at Brinkley's, in Columbus county, of pneumonia.

### Exports Foreign.

Swed. brig Trio, Elliott, cleared late last evening for Liverpool with 30 casks spirits turpentine, 150 barrels gum theos and 2,764 barrels rosin, valued at \$4,015, shipped by Messrs. Paterson, Downing & Co. Br. barque Harriet Campbell, Gray, cleared for Liverpool to-day with 1,700 bales cotton, 1,100 barrels tar and 500 barrels rosin, valued at \$50,000, shipped by Messrs. Alex Sprunt & Son; making a total of exports foreign amounting to \$93,015.

### A Fine Effort.

Our young townsman, Mr. Sol. C. Weill, delivered the oration on the anniversary of Washington's Birthday, at Chapel Hill, and it was a marked success, which brought the young orator many congratulations from the faculty and students. The University Magazine, in speaking of Mr. Weill's effort, says:

Mr. Weill spoke thirty minutes in a most forcible and impressive manner. His subject was "Individual Independence," the legacy bequeathed us by Washington. Although he mentioned the name of Washington only once or twice, he could not have paid a higher tribute to his memory. No eulogy could have awakened greater love for the "father of our country," no speech could have showed more effectively our indebtedness to him. We cannot refrain from giving one or two thoughts as they impressed themselves upon our memory. All governments are subject to dissolution and decay. No governments are powerful enough to supply the necessities of man for a long period of time. All governments have their ideal. The ideal of the Spartan was devotion; of the Athenian, beauty. The Greeks aspired to mental and physical, but not moral perfection. The ideal of the Romans was grand bravery, but they were deficient in virtue. The ideal of the English is rank. The ideal of the American is the individual. This is a race of individuals, a nation of individuals, a government of individuals. This is a part of the legacy bequeathed us by Washington. This is our crowning glory.

To every Housekeeper a good substantial cook stove is an important necessity and our readers will find the best at Factory prices at JACOB'S Hardware Depot.

### Vital Questions!!!

Ask the most eminent physician of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves, and curing all forms of nervous complaints, giving natural childlike refreshing sleep always?

And they will tell you unhesitatingly "Some form of Hops!!!"

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention, or inability to retain urine, and all the diseases and ailments peculiar to Women?"

"And they will tell you explicitly and emphatically "Buchu!!!"

Ask the same physicians "What is the most reliable and surest cure for all liver diseases or dyspepsia, constipation, indigestion, biliousness, malaria, fever, ague, &c.," and they will tell you:

"Manrake! or Dandelion!!!"

Hence, when these remedies are combined with others equally valuable, and compounded into Hop Bitters, such a wonderful and mysterious curative power is developed, which is so varied in its operations that no disease or ill health can possibly exist or resist its power, and yet it is Harmless for the most frail woman, weakest invalid or smallest child to use.
