Another Found.

At about noon to-day word was received at the City Hall that another port during the month ended March body had been found-this time just across the bridge which spans the Carolina Central Railroad. A policeman was sent at once to take charge of the remains until the coroner could be notified. Infanticide.

At about 11 o'clock last night as Amos Tally, colored, a driver of one of the city carts, was crossing the Walker lot, on the square bounded by Fitth and Sixth and Chestnut and Mulberry streets, he saw a bag lying on the ground, which upon a slight examinatioh, proved to contain the body of a dead infant. He at once went to police headquarters and gave notice of the fact when Chief of Police Brock directed him to return and see that nothing disturbed the body until it could be sent tor. Upon Talley's return, and when in sight of the body, he saw a colored woman going towards it, but she, as soon as she was discovered, turned and hastened away. The body was taken to the City Hall where a post mortem examination was held by Dr. F. W. Potter, City Physician, which developed the fact that the child was alive at birth and that there were marks of violence to show that it had been killed. It was a female child and evidently colored. Coroner Jacobs was notified and an inquest was held at and Vehicles for hire at low prices. Fast 3 o'clock this afternoon and their verdict had not been rendered when our report closed at 4 p. m
