Board of Aldermen.

The Board of Aldermen met in regular monthly session at the City Hall last night. All the members of the Board were present. Mayor Hall presiding.

Mayor Hall completed the standing committees by the appointment of Aldermen Boney, Bear and Dudley as the committee on Water Works.

On motion of Alderman Dudley, a resolution was adopted rescinding the action of the Board at the last meeting in the matter of the participation in political questions by the permanent police force of the city.

Estimates for the ensuing year by the standing committees were made as follows, and adopted:

Public buildings	\$ 4,082.50
Streets and wharves	9,550.00
Fire	8,530.00
Market	2,653.00
Lights	7,300.00
Sanitary	2,840.00
Hospital	1,500.00
Water Works	6,800.00
Police	21,927.00

The bid of the Gas Light Company was received and referred to committee with power to act thereon.

Bids for lumber were received from Northrop & Cumming at \$12 per thousand feet, and from J. H. Chadbourne & Co. at \$11.75. The latter was accepted.

The committee on Streets and Wharves were authorized to ask for and receive bids for all heart lumber.

R. C. Orrell was awarded the contract for keeping mules and carts at \$29 per month.

The contract for printing was awarded to Mr. S. G. Hall.

The Mayor was authorized to license two or more scavengers.

A communication from Rev. Dr. Lewis, in reference to St. James church yard, was referred to a special committee.

The Clerk and Treasurer made his statement of receipts and disbursements for the past fiscal year. Referred to committee on Finance.

Mr. DuBruz Cutlar was elected City Attorney.

A resolution was adopted, instructing the committee on Streets to have certain improvements made on the west side of Front street, between the railroad bridge and Red Cross street.

Adjourned.

Audit and Finance.

The Board of Audit and Finance met in session yesterday afternoon, all the members being present.

Numerous bills were audited and passed.

Coupons to the amount of \$88, which had been redeemed and cancelled, were burned.

The following resolution was adopted:

Resolved, That no warrant shall be issued by the Chairman for any claim against the city until the same has been submitted and passed at a regular meeting of this Board except the weekly pay-roll of the street force.

Adjourned, subject to the call of the Chairman.

An Officer Bitten.

Capt. Alex Weeks, of the night police force, was badly bitten last night on the thumb by a colored man whom he was attempting to arrest, on Princess street, between Fifth and Sixth. The man's teeth went to the bone and the wound is a severe and painful one. Capt. Weeks had not even a club with him at the time and the man succeeded in escaping, but he is known and will soon be in the hands of the police.

Passion Week and Easter Among the Lutherans.

All the services held in St. Paul's Evangelical Lutheran Church, during Passion week, were unusually well attended and in the service on Good Friday night the church was crowded.

The service on Easter Sunday morning was participated in by a large audience that completely filled the church and at the interesting Sunday School exercises in the afternoon, held in Luther Memorial Building, every seat was occupied. During the various services 21 persons were admitted to full membership and the largest communion ever held in the history of the church was held last Sunday morning, a fact that makes the pastor and people feel like Paul, when he, thanked God and took courage.

Dr. Wilson's Farewell.

Rev. Dr. Jos R. Wilson, for so many years past the beloved and faithful Pastor of the First Presbyterian Church in this city, preached on Sunday his farewell sermon to a crowded church. It was a tender, touching farewell. He expects to leave here to-morrow night to take up his residence in Clarksville, Tenn., he having accepted the Professorship of Theology in the Seminary at that place.

The regret with which Dr. Wilson's congregation have parted with him finds a responsive echo throughout the entire community. He is one of the most cultivated, accomplished gentlemen, profound theologians and thorough Christians that our city has ever welcomed within its gates, and the universal well-wishes of her people will accompany him and his to their new home.

The Hibernian Ball.

The ball given last night in Germania Hall by the members of the Hibernian Benevolent Association, in celebration of the nineteenth anniversary of the Association, is unanimously voted by those present to have been one of the most delightful and most successful known in Wilmington in many years. There were a large number present and the enjoyment was general. The fun was kept up until 3 o'clock when the weary dancers dispersed.

One of the most notable and most interesting features of the evening was the dancing of an Irish jig by Maj. Jas. C. Reilly and Mr. M. Judge. These two are among the oldest members of the Association and yet we but voice the general sentiment that they can "dance down" many a younger person who was present last night. The arrangements for the ball and the dancing were all admirable and were due to the untiring labors of the Committee, Messrs. T. Donlan, D. Quinlivan, L. Flaagan, James Corbett, John M. Donlan and Wm. Sheehan.

Missing.

A colored man by the name of E. W. Davis, a shoemaker by trade, who has lived alone on Fourth, between Brunswick and Bladen streets, has been missing and his friends are uneasy about him. He was last seen on Saturday night. This morning a number of persons repaired to his house, and finding that the door was locked, with the key on the inside, a window was raised and the house was entered, but no one was found there. What has become of Davis is a matter which is seriously puzzling the neighbors. He is said to have been a sober man and attentive to his business.

The Skating Rink.

There were not a great many present last night at the Opera House at the opening of the Skating Rink there by Mr. C. D. Willson. There were numerous attractions elsewhere last night and this fact will probably account for the rather small house. There were about twenty-five skaters on the floor, among whom were several ladies, and a fine orchestra lent its inspiring strains to the occasion.

Notwithstanding the rather inauspicious opening we think that Mr. Willson's plan will succeed admirably. The parquette of the Opera House has been boarded over carefully with selected and seasoned plank and it is flush from the lobby doors to the foot of the stage, where a gentle and a hardly perceptible incline is met. The stage is all therefore open with the exception of a slight space reserved at the rear where seats are placed. Seats for spectators are placed on a narrow raised space around the walls of the auditorium and there is ample room for the skaters. The gas was all ablaze in the building last night and the scene was a very pleasant one to look upon.

A Good Law.

But few persons are aware of a law passed at the recent session of the Legislature to protect travellers from the annoyance so often caused by drunken and boisterous persons on a train. Here is the full text of it:

The General Assembly of North Carolina do enact:

SECTION 1. That the ticket agent of any railroad, steamboat, or other transportation company, doing business in this State, shall at all times have power to refuse to sell a ticket to any person applying for the same who may be at the time intoxicated.

Sec. 2. That the conductor, captain or other person in charge of any train of railroad cars, steamboat or other conveyance for the use of the travelling public shall at all times have power to prevent any intoxicated person from entering such train, boat, or other conveyance, and for every violation of this section, the person so offending shall be guilty of a misdemeanor.

Enacted the 11th day of March, A. D. 1885.

The Memorial Address.

Mr. John S. Long, of Newbern, was invited by the Ladies' Memorial Association of this city to deliver the address here on Memorial Day and in a neat and graceful note before us he has accepted the invitation. Mr. Long is one of the most fluent, graceful speakers that North Carolina has ever produced and we can safely promise to our readers on the occasion one of the most beautiful tributes to the Confederate Dead that has ever been heard within the shadow of the bronze soldier who keeps watch and ward at Oakdale. We are permitted to print Mr. Long's reply in full, and it is as follows:

NEWBERN, N. C., April 4th, 1885.

Miss E. Kate Burr, Secretary of the Ladies' Memorial Association:

DEAR MADAM—Your letter conveying to me the intelligence of the exalted compliment of my selection to deliver before your Association the next memorial address, has been received. I well know the difficulty of occupying with success a position which has been so frequently and ably filled by others, and it is likely that very nearly all has been said that can be said for our vanquished flag and garnered heroes. But the love of the heart for those old times and glorious memories is forever new and forever warm, and if I can impart any interest to the occasion, which will call out so many noble tributes from the devoted people of Wilmington on the 10th of next May, I shall rejoice to be with you. Please present my grateful compliments to the fair ladies of the Oakdale Memorial Association, and believe me,

Very respectfully and truly yours,
JOHN S. LONG.

Gen. Grant certainly exhibits a wonderful vitality. We are inclined to believe now that he may get well.

The churches in New York were crowded, and some of them to suffocation, on Easter Day. The services at Trinity did not begin until 10:30 a. m. and yet a crowd had gathered as early as 7 o'clock. The rear of the church was crowded to suffocation during the progress of the services and five ladies fainted, and yet those in front and the clergymen in the chancel knew nothing of it until the congregation had been dismissed.

It is by no means certain as yet that there will be no war between England and Russia. The appearance of things at this juncture is not altogether pacific.

Two tramps were carried before the Mayor this morning and were sent below as vagrants. That was all the Mayor had for his consideration this morning.

At a meeting of the newly elected vestrymen of St. John's Church, held this forenoon, Dr. W. H. Green was elected Senior Warden and Mr. H. G. Smallbones, Junior Warden.

A very determined effort is being made now to remedy that sore spot on Chestnut street, between Second and Third, by means of a deep drain down Third street, which will carry the water to the sewer on Third street, between Market and Princess.

The trees and shrubs are fast putting on their liveries of green and the woods around the city are rapidly putting on their best looks. But it is a week yet to the anniversary of the big snow storm of 1859 and we never feel safe until that date is passed.

Indications.

For the South Atlantic States, fair weather, followed by local showers and partly cloudy weather; winds generally from Southeast to Southwest, lower barometer, slight rise in temperature in Northern portion and nearly stationary temperature in Southern portion.

Spoken

Personal

Mrs. E. A. Lunsden leaves for the North to-night for the purchase of new Spring goods.

We regret to learn that Mr. E. T. Hauck continues very ill with no marked improvement in his condition.

Our local editor, Major Foster, is sick and has been confined to the house for the past two days, and this fact must plead in extenuation for all failures, omissions and short-comings in his department. He is better, however, we are glad to state, and hopes to be in harness again to-morrow.

Now is the season for painting your houses. Go to JACOB'S Hardware Depot and buy your paints, if you want to save money.

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

Water in the flooded Comstock mines ebbs and flows with the regularity of ocean tides, the Virginia (Nev.) Chronicle says.

There are now four artesian wells in Asbury Park, N. J., the average depth of which is about 400 feet. The water which flows from them is excellent.

The Monteveller Medical thinks that whether or not smoking is an exciting cause of cancer, the use of tobacco often preserves people from contagious disorders.

A fresh invasion of the rights of the subject is reported from Paris, where the Prefect of Police has drawn up a decree absolutely prohibiting the display of red banners.

The practice of persons kissing the Bible when being sworn in as jurors and witnesses has been abolished by Judge Samuel Lumpkin of the Northern Circuit in Georgia.

A prayer book was offered for a drink to a Lowell, Mass. saloon keeper recently by a man who stated that he was out of money and hadn't anything else that he could pawn. The offer was refused.

Dr. Flint is reported as having said that many lives are lost by starvation owing to an over-estimate of the nutritive value of beef tea and meat juices. In typhus and typhoid fevers, he says, there is no good substitute for milk and eggs.

A New England preacher says that the Chinese students who have returned to this country after a two years' absence in China have great difficulty in remembering the English language, which they were supposed to have learned so well.

Lumber and ice men are becoming somewhat alarmed at the condition of the Kennebec. The ice during the extreme cold weather in March had become nearly three feet in thickness, and many predict much damage at the opening of navigation.

John Boyle O'Reilly tells a Boston reporter that Russia will make England fight because Russia must. Russia, he says, is dying for lack of salt-water, while England is the Power that shuts her off everywhere. Ireland will "wait her opportunity, as she did in 1780."

In the town of Warwick, in Rhode Island, is a boulder so poised on another rock that a person standing on it can rock it from side to side. When it is rocked a dull booming sound is given out, which can be heard for miles over the country on a still night. A legend says that in this manner the Indians were accustomed to summon their warriors to council at this place.

The new six-penny rate for telegrams in all parts of the United Kingdom—England, Ireland and Scotland—has just gone into effect. This may reduce the profits of the telegraph system under the control of the postoffice, but the final result will no doubt justify the change by inducing the greater use of the telegraph in every branch of business, as well as in the common concerns of life.

All the ladies to be presented in Dublin to the Princess of Wales are, by a court order, to wear white. Hence many tears. Over thirty-five years have gone by since the last royal drawing-room was held in Dublin Castle. Consequently several ladies who have been waiting this long time to be presented to royalty find that their charms have matured too much for being suitably and becomingly set in white.

Bitter indignation is still expressed in Paris at the downfall of ministry. A man with an enormous white beard and patriarchal appearance created a sensation in the Chamber of Deputies on Tuesday by shouting, "We are not done with, Ferry yet. I have a son now serving in Tonquin. If anything happens to him I shall put a bullet through Ferry's head." But a violent hail storm on Tuesday afternoon had the effect of cooling down the hot-headed fire-eaters, and Paris is gradually assuming her wonted aspect.

The violation of any of nature's laws brings its warning by the feeling of discomfort. Exposure will induce colds, throat disease, consumption, etc., all of which give warning by a troublesome cough. Use Dr. Bull's Cough Syrup in time, and remove both the cause and effect of your discomfort.
