

THIS PAPER published every evening, Sundays excepted by JOSH T. JAMES, EDITOR AND PROPRIETOR. SUBSCRIPTIONS POSTAGE PAID. One year \$4.00. Six months, \$2.00. Three months, \$1.00; One month, 35 cents. The paper will be delivered by carriers free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Correspondents will report any and all failures to receive their paper regularly.

THE DAILY REVIEW.

VOL. IX. WILMINGTON, N. C. THURSDAY, APRIL 16, 1885. NO. 87.

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

Henry M. Stanley is about to come to America.

James R. Osgood is said to possess the largest and finest collection of literary autographs in America.

General F. C. Morehead, of New Orleans, has resigned his position of commissioner general of the National Cotton Exposition.

It is a noteworthy fact that Kakoff's Moskauer Journal on the 7th of April published landscape sketches of Penjdeh and prophesied the recent battle.

Russia and England have not yet formally declared war against each other but there seems but little hope of a peaceful solution of the difficulties.

Ex-Senator Wallace, of Pennsylvania, says the Jacksonville Times-Union, "is gathering orchids and getting fat on South Florida beef at Kissimmee City."

Gen. Grant is better. Of that there seems to be no reasonable doubt and it is likely that he will live longer than some of those who are now so earnestly praying for his recovery.

Through several administrations the same plate has been used for the printing of vice-presidential cards. No name except "The Vice-president" is used by the man occupying that position.

A Madrid man has invented a cane that contains a complete set of topographical and telegraphic instruments, a heliograph and a lantern. It is intended for the use of engineers in the army service.

The Czar has had his palace at Krassnoe Selo connected by telephone with Cronstadt, so that he may be kept informed of every movement of the English fleet in case it makes its appearance.

The war news last week sent flour up \$1 per barrel at Minneapolis. C. A. Pillsbury & Co. made a deal of 2,500,000 barrels and a profit of \$125,000. Washburn & Crosby made a deal of 2,600,000 barrels, with a profit of \$100,000.

The third annual exhibition of the Louisville Exposition Company will be opened August 15, and continue till October 24. The grounds embrace over forty acres and the main building is only second in size to that of the New Orleans Exposition, covering thirteen acres.

The bright sunshine of the past week is said to have wrought a marvelous change in the wheat prospect in the Shenandoah valley, Virginia. Fields that were to have been turned over for corn are now green. The yield will be at least one-quarter more than was thought two weeks ago.

Luminous trees are reported to be growing in a valley near Tuscarora, Nevada. At certain seasons the foliage gives out sufficient light to enable any one near at hand to read small print, while the luminous general effect may be perceived some miles distant. The illumination is attributed to parasites.

As a rule, whenever "The Hunchback" is performed, there is a quarrel between the representatives of Julia and Helen. From London comes the report that Miss Anderson and Miss Bateman, who are playing the two roles, are no longer friends though they have for years been on the most intimate and kindly terms.

Cyrus W. Field said to a reporter, "Years ago I promised my family that when I had been in business for half a century I would retire. I have kept my word and pretty soon I am going to Europe on a frolic. I have resigned from all the companies I have been connected with and will only remain as a director."

The ex-director of the conscription under the first empire computed the actual loss of men born within the old limits of France, and destroyed in the imperial wars from 1804 to 1815, at 1,700,000. This estimate does not include the wars of the republic, or the loss of men not born in the kingdom of France, and goes far to explain how population in France has kept low.

The coming holiday will be more generally observed than any for many years, and we would remind our readers that a bottle of Dr. Bull's Cough Syrup will prove a most acceptable holiday present.

There are now good prospects for a peaceful settlement of the difficulties between England and Russia.

Prince Bismarck is reported to have said, on Friday, that he was convinced there would be no war, because Mr. Gladstone's statement, made in the House of Commons late on Thursday night, about the Afghans having thrown out pickets before the Russians advanced, clears the way for an understanding between Russia and England.

"Mrs. Celeste Hutton, now of Baltimore," writes a Newport correspondent, "has rented a cottage here for the coming season. Mrs. Hutton is the daughter of the late Thomas Winans, of Baltimore, who, with her brother, Ross R. Winans, inherited \$10,000,000 from their father. She married her husband abroad. He is a rich Irish landlord."

In Switzerland, under compulsory laws, out of 485,790 children of school age, 474,878 or 97.8-10 per cent. attended the elementary schools in 1883. One-fifth of the whole population of Switzerland is in the schools. Over 8,000 teachers are employed in the elementary schools, and of these 83 per cent have had special normal school training.

James D. Fish, ex-president of the Marine National Bank, has been found guilty, on twelve counts, of misapplying its funds and making false entries with intent to defraud the bank and deceive the Government's examining officer. If a new trial is not granted he will probably be sentenced to imprisonment for a term of from five to fifty years.

To every Housekeeper a good substantial cook stove is an important necessity and our readers will find the best at Factory prices at JACOB'S Hardware Depot.

LOCAL NEWS.
INDEX TO NEW ADVERTISEMENTS.
C. W. YATES—Look, Boys
F. C. MILLER—A Fresh Supply
MCGOWAN—Get You a Nickel
HEINSBERGER—Standard Organs
MUNDS BROTHERS—Insect Powder
GERMANIA HALL—Peak Sisters of Alaska

There was no City Court this morning.

The receipts of cotton at this port today foot up 16 bales.

A good rain would now be in order to settle the dust which these April winds raise in clouds on our streets.

"Twenty-five dollars: You should see it. The nicest suit of clothes I ever had!" From Dyer.

Two white male tramps and one white female tramp were accommodated with lodgings at the guard house last night.

The thanks of the editor and local reporter are due the Seaside Base Ball Club for complimentary season tickets to their games.

Ger. brig Metz, Dickelmann, cleared today for Bowling, Scotland, with 2,230 barrels rosin, valued at \$2,177.35, shipped by Messrs. Robinson & King.

Painters, whitewashers, masons and carpenters are in demand and are having as much as they can do. Times may be dull, but building goes on, all the same.

The best white shirt on the market. A very large lot to select from at 75c., at the Wilmington Shirt Factory, No. 27 Market street, J. EISEBACH, Prop. if

Rev. J. W. Primrose, Pastor of the Second Presbyterian Church, who had been requested to act as Chaplain on Memorial Day, has accepted the invitation and will serve in that capacity. Mr. Primrose is an ex Confederate soldier.

The sewer which has been in course of construction on Third street, by which the water on Chestnut street between Second and Third, might be conveyed to the Cape Fear, has been completed and is now ready for a small shower.

The meetings at the First Baptist Church are gaining in interest and several accessions have been made to the membership. Rev. Mr. Battle, who has preached most of the time, has evinced much eloquence and power in his sermons and has made a good impression upon his hearers.

The Boy Clipper Plow has earned a reputation of being the best ever used and are pronounced perfect by the best farmers. Sold wholesale and retail at the factory agency, JACOB'S Hardware Depot.

Indications.
For the South Atlantic States, light local showers and partly cloudy weather, stationary temperature in Southern portion and slightly cooler weather in Northern portion, variable winds, shifting to Northeasterly in the Northern portion, and generally higher barometer.

Death of Dr. S. S. Everett.
A dispatch was received here this morning from Aberdeen, Miss., conveying the melancholy intelligence that Dr. S. S. Everett, formerly of this city, had died in that town. There were no particulars further than the mere announcement of his death. Dr. Everett was, we believe, about 47 years of age. His family are in this city, and the sad news must be an almost overwhelming shock to them.

Happy Hearts.
The wedding bells pealed out quite merrily last night for the wedding of Miss Mary E. Willis, daughter of Capt. H. B. Willis, and Mr. Chas. D. Jacobs, all of this city. The ceremony was performed at the residence by Rev. Dr. Lewis, Rector of St. James' Parish. The house was thronged with relatives of the youthful couple and other invited guests. The presents were numerous and tastefully displayed. It was not till midnight approached that the guests took their farewell of the gallant groom and his beautiful bride.

Tickets, Gentlemen.
The grand drawing of the Louisiana State Lottery Company, at New Orleans, on Tuesday, the 14th inst., took place as advertised, and with the following result:
Ticket No. 59,075 drew the grand prize of \$75,000; No. 55,818 drew \$25,000; No. 61,580 drew \$10,000; Nos. 6,570 and 29,671 drew \$6,000 each, and Nos. 22,457, 50,519, 57,337, 71,237 and 98,057 drew \$2,000 each.

We are not informed whether any of the above numbered tickets were held in this vicinity or not, but we imagine when the figures are read to-night that many a ticket will be examined to see if the holders can be reckoned among the lucky ones. Some may console themselves with having a ticket coming very near the lucky number, but to us there would be poor consolation in the thought that, "Thou art so near and yet so far!"

Important to Navigators.
The United States Light House Board, of which Stephen C. Rowan, Vice-Admiral U. S. Navy, is Chairman, have recently issued two circulars or bulletins, which are of importance to seamen navigating the coast of North Carolina. The first of these is as follows:

Notice is hereby that the Roanoke River Light-House, North Carolina, was destroyed by fire on March 21, 1885, and that, until it is rebuilt, its location will be marked by a light shown from a river-lantern, suspended from a mast, 34 feet above the level of the sea. By order of the Light-House Board: STEPHEN C. ROWAN, Vice-Admiral U. S. Navy, Chairman.

The second relates to the mouth of the Cape Fear, and is as follows:
Notice is hereby given that, on or about May 1, 1885, a Bell Buoy will be moored on the outer edge of the bar, entrance to Cape Fear River, North Carolina, in place of the second-class can buoy now there. This buoy will run by the motion of the sea. By order of the Light-House Board: STEPHEN C. ROWAN, Vice-Admiral U. S. Navy, Chairman.

Fair and Festival.
The "Peak Sisters of Alaska" will give an entertainment and festival, for the benefit of St. Paul's P. E. Church, at Germania Hall to-morrow (Friday) night. Those having the matter in charge are perfecting arrangements and making every possible effort to have the entertainment a success, and from our knowledge of some of the managers and promoters of the enterprise we are sure that nothing will be left undone to make the occasion enjoyable to visitors and profitable to the church. It was understood at first that the festival would be had in the hall over the new market and it was so announced but the place has been changed as above indicated. If pleasant weather should prevail—and we hope it may—there will undoubtedly be a full house. People will have a curiosity to see the Peak Sisters and will go for that purpose, if for no other reason. We have seen one of them and that specimen was tolerably fair, rather fat, but not yet fortified. They must be seen to be appreciated.

Business was very dull in the neighborhood of the City Hall this morning.

Military Convention.
There will be a military convention in this city, on the 25th inst., of delegates from the several commands of the Second Regiment, for the purpose of considering such measures as shall best conduce to the strength, appearance, drill and efficiency of the command.

Another Burglary.
A burglar stole a pair of trousers a few nights since from the residence of Mr. E. T. Suden, on Mulberry street, between McRae and Ninth. The clothing was hanging up by the side of a window near which Mr. Suden was sleeping, and the thief effected his object by removing a pane of glass and inserting a stick with a hook upon one end of it. Money was evidently all the burglar wanted as the trousers were found the next morning on the piazza, with the pockets turned inside out. Mr. Suden has been made a victim on previous occasions and these midnight visits have become unpleasantly frequent.

In Distress.
The schooner *Regulator*, Capt. Lewis, from Elizabeth City, N. C., with corn, bound for Charleston, S. C., put in here today in distress, having lost the top of both of her masts, on Friday last in consequence of the heavy sea, which broke them about 10 feet below the cross trees. Capt. Lewis reports that he came out of Beaufort, N. C., at 8 o'clock on Friday morning last; that there was a stiff breeze blowing at the time and a very heavy sea, which caused the schooner to pitch heavily. At about 10 o'clock a. m., and when about 15 miles Southwest of Beaufort, the vessel pitched so heavily that the foremast was snapped off and that caused the mainmast to break also. All the spars and rigging were saved except the portions of the masts which were broken off.

Now is the season for painting your houses. Go to JACOB'S Hardware Depot and buy your paints, if you want to save money.

Twenty-Fourth Anniversary.
It is 24 years to-day since the first overt act looking towards secession was taken in North Carolina. On April 16th, 1861, three companies of North Carolina troops, the Wilmington Light Infantry, Capt. W. J. DeRosset, the Wilmington Rifle Guards, Capt. O. P. Meares, and the Cape Fear Light Artillery, Capt. Jno. J. Hedrick, all under the command of Col. Jno. J. Cantwell, of the 30th Regiment N. C. Militia, embarked for Forts Johnson and Caswell. Major James Reilly, then a Sergeant in the U. S. Army, was in charge and at the demand made upon him he surrendered the forts into the possession of the State troops. Capt. Hedrick, with his command, was left to garrison Fort Johnson and the other companies steamed over to Fort Caswell and took possession there in the name of the State.

A part of the services at the Fifth Street M. E. Church to-night will consist in a Love Feast. It is expected that the meetings will close to-night, but they may possibly be continued until Sunday.

Good materials properly proportioned which are the essential requisites in Ready mixed Paints can be best attained by using the N. Y. Enamel Paint sold at JACOB'S DEPOT.

DIED.
DEROSSET—On Sunday, April 12, 1885, EDWARD M. DEROSSET, son of Adelaide and the late M. J. Derosset, M. D., aged 18 years. Funeral services Tuesday afternoon at the residence of his mother, Watching avenue, near Park avenue, Orange, N. J.
