A Youthful Editor. HISTORY OF THE HARDEST STRUGGLE OF HIS LIFE-OF DEEP INTEREST TO ALL PROFES-

We be to call your especial attention to the following letter. Very seldom has a more remarkable case appeared in the history of medicine. The story is absolutely truthful in every detail. Parents whose children are suffering or have suffered from Salt Bheam should not fall to read it. If not now, the time may come when the information containeliait may be worth more than a mine of gold. The youth referred to is a marvel of editorial talent, and well known in the ranks of amateur journalism. But peruse what his grateful father says:

WORCESTER, Mass, March 23, 1884 Dr. D. Kennedy, Rondout:
DEAR SIR-My son, a lad of 15, editor of the "Go-Aherd," amateur journal, of this city, has been at different times most severely, and apparently hopelessly, afflicted with Salt Rheum. When a very small child his body was almost entirely covered with this loath-some eraption. It mostly passed away, however, after the teething period, and he was not seriously troubled with it again until about one year ago, when the Sait Rheum first appeared on his hards between his fingers, thea on his limbs, then on his tace and read in one solld mass. His cond tion was terrible The rash resembled ivy poisoning and we at first fancied it might be something not so bad as his old troubles, but the physicians pronounced it Sait Rhenm, and made every fort, without avail, to cure is We tried a preparation widely advertised as a specific for skin diseases, but it made about as much of an upression as so much cold water would have done. You can understand the simution when say we were in despair of obtaining real help from any source.

At this point, through the advice of Mr. W. Bacon, whose daughter had been cured of Salt Rheum by it, I tried "KENNEDY'S FA VORITE REMEDY". This was the right and only thing at last! The skin began to heal at once, and to-day the evidences of the d sease have wholly disappeared. How thankful we are, Dear Doctor, I leave you to imagine.
