## Concluded.

The meetings which have been in progress at the First Baptist Church for the past two weeks were concluded with the services last night. The meetings have been interesting and impressive, and quite a number have been converted and added to the membership of the Church. The ordinance of baptism will be administered to the new converts at the conclusion of the services to-morrow night. We were unable to ascertain the precise number to be baptized, but learn that it will probably exceed fifteen.

## Judge Meares in Charlotte.

The Charlotte Observer says: "Judge Meares, the presiding judge of our newly erected Criminal Court, by his dignity, patience, learning and ability, has fully sustained the selection of our Governor. His varied experience on the criminal bench enables him to dispose of cases as rapidly as the circumstances permit. In a word he, according to the unanimous verdict, fills that ideal of a criminal judge that, tried before him, the innocent have nothing to fear, the guilty nothing to hope. He carries with him to his home the best wishes of our entire community."

## Grand Parlor Concert.

The entertainment to be given on next Monday evening, in the Opera House, by the Wizard Oil Concert Company, for the benefit of the Wilmington Light Infantry, promises to be a very enjoyable affair and we hope that it will draw there on that occasion a large audience. There will be excellent music by the Wizard Oil Company and they will be assisted on the piano by Mr. I. Greenwald. Let there be a good turnout on the occasion and a substantial house for the benefit of our boys in grey.

## Election of Officers.

The annual meeting of the stockholders of Bellevue Cemetery was held last night at the office of Mr. John D. Bellamy, Jr., and the following officers were elected to serve for the ensuing year:

President—Capt. E. W. Manning.  
Directors—James Bagley, J. A. Everett, W. Genault, J. D. Bellamy, Jr., S. H. Morton, Peter H. Smith and Joseph W. Taylor.

At a subsequent meeting of the newly elected Board of Directors the following officers were elected:

Vice President—J. H. Jones.  
Secretary and Treasurer—J. S. McEachern.

The records of the company show that the interments in Bellevue during the past year numbered 64, as follows:

In lots 10 adults and 22 children; in public grounds 15 adults and 17 children.

## Railroad Meeting.

An adjourned meeting of the citizens of Wilmington was held at the rooms of the Produce Exchange at half past 11 o'clock this forenoon, with Col. W. L. DeRosset in the chair and Mr. G. H. Smith as secretary.

The object of the meeting was to hear the report of the committee appointed to confer with the representatives of the Cape Fear & Yadkin Valley Railroad, to see if some proposition more favorable to Wilmington and its interests would not be received by the syndicate. The committee, through their Chairman, Mr. C. H. Robinson reported that they had held a long conference with the gentlemen representing the syndicate at which quite a number of propositions were considered and rejected. The syndicate were not empowered to make any proposition other than made at Thursday's meeting, nor were they authorized to accept of any substitute for that offer. There was an exhaustive interchange of opinion between the committee and the gentlemen representing the syndicate, the result of which enabled the former to submit the following report:

That a proposition to give \$250,000 in bonds of the city in exchange for \$150,000 first mortgage bonds and \$100,000 in second mortgage bonds and \$100,000 in the stock of the road might be favorably considered by the syndicate.

When the report of the committee had been read there was a long discussion in which many of those present participated, some in advocacy of its adoption and others earnestly opposed to its favorable consideration.

Mr. DuBrutz Cutlar was entirely opposed to any such a scheme and thought that if the city should do anything it should subscribe a certain sum as a donation, and in this view several of those present agreed.

Others thought that, while the city should do something to bring the road here we were not in a financial condition to pledge Wilmington's credit to so large an amount, and quite a number of those present were of opinion that \$100,000, or at farthest \$150,000, would be as far as the tax payers of the city would consent to go.

Several propositions were offered as substitutes for the report, but they were voted down. Several amendments were offered, but were also voted down.

The proceedings were participated in by Messrs. C. H. Robinson, DuBrutz Cutlar, Roger Moore, J. H. Currie, B. G. Worth, Wm. Calder, R. E. Calder and several others.

Of course it was fully understood that the committee entailed no binding obligation upon either the city or the syndicate. It amounted simply to a proposition which either might accept or reject as in the judgment of either its terms should demand.

The report of the committee was not adopted when Mr. Wm. Calder offered the following substitute, which was adopted:

Resolved, That it is the sense of this meeting that in no event should the commissioners that may be appointed by the Board of Mayor and Aldermen and the Board of Audit and Finance to confer with the Directors of the Railroad, agree that the city shall do more than subscribe to \$100,000 in first mortgage bonds of the Railroad, payable in \$100,000 of city bonds.

On motion, the same committee were instructed to notify the syndicate of the action of the meeting.

Adjourned.

## Cotton.

The receipts of cotton at this port for the week ending with to-day foot up 56 bales, as against 80 bales for the corresponding week last year, a decrease this week of 24 bales. The receipts of the crop year to date foot up 93,567 bales, as against 91,431 bales to same date last year, an increase this year of 2,136 bales.

## Fire at Whiteville.

At about 2 o'clock yesterday morning the turpentine distillery of Col. McPhaul, at Whiteville Depot, Columbus County, caught fire and was totally destroyed. Loss about \$450, upon which there was no insurance. The origin of the fire is unknown, but is supposed to have been accidental.

Wizard Oil cures Rheumatism, Neuralgia, and all aches and pains. There is no sore it will not heal, no pain it will not subdue.

## A North Carolina Lady.

Here is an item of interest to our readers. We find it in Mr. Walter H. Page's letter from New York to his paper, the Raleigh Chronicle:

Col. D. K. McRae, of Wilmington, is here on business for a client in an important case—witty and cheerful and brisk as if he were forty years younger than he is. You have, of course, heard of Miss Virginia McRae (his daughter's) success in her brave business undertaking here. She has a type-writing establishment, where a prodigious quantity of copying is done and where persons are taught the use of the writing machines. She is earning a larger income this very year than 19,000 of the lawyers in North Carolina, and she is devoted to her work—rather, she is properly very proud of her independence.

Some time ago Miss McRae conceived the idea of operating two or more type-writers at once. She carried her conception into practice by having two type-writers connected by electricity, so that an operator on one worked both, or all three, or four, or a dozen, if need be. It now machines could be so connected across the room they could be connected at a distance—from here to Raleigh for example. This would make telegraphy easy and dispense with the necessity of having to copy messages when they are received.

While Miss McRae was discussing the possibility of this reform in telegraphy, a man came to see her who was at work on some improvement along the same line. She talked freely to him of her own ideas. The next thing she heard was that the fellow had taken her idea and made experiments and patented it and organized a syndicate to introduce the improvement into general use. Thus, as I hear the story, the work of Miss McRae's brains and the results of her industry and experience are likely to reward—not her—but the man who took her idea and secured a patent on it.

Do'st thou love life?—Then do not squander valuable time,—for that is the stuff life is made of,—but procure at once a bottle of Dr. Bull's Cough Syrup for your cough and be cured. Your druggist keeps it.

### OFFICE OF

### Dr. S. C. Ellis,

No. 321 SOUTH FOURTH STREET, next to Miller's Drug Store.

Notice change of office hours, which are as follows—9 to 10 a. m., 2 to 3 p. m. 7 to 9 p. m. mh 12

On the authority of an English paper it is stated that Mr. Parnell will shortly marry a young and wealthy American lady, an intimate friend of the Irish leader's mother.

Mrs. Isaac Bell, Jr., wife of the new United States Minister to the Netherlands, and sister to James Gordon Bennett, is the lady for whom the ill-fated Arctic steamer Jeannette was named.

It is said that Ferdinand Ward has turned philosopher in Ludlow Street Jail and has adopted the maxim that "Time is the great remover of all evils." This is undoubtedly so when a man is serving time in prison.

Richard A. McCurdy, the new president of the Mutual Life, of New York, succeeding Mr. Winston, is 51 years old, a Harvard graduate, a lawyer and a son of Robert A. McCurdy, one of the original organizers of the company.

A wealthy tobacco firm of Cincinnati suspended a few days ago, and a dispatch, speaking of the head of the firm, says: "It is not long since he was rated as worth two hundred thousand dollars. He went home to-night, greatly prostrated, with one dollar and forty-three cents in his pocket, all it was said, that he had in the world."

A report widely circulated, that the owners of the New York Times have been trying to sell the property for \$750,000, is pronounced absolutely false by George Jones, who owns a controlling interest in the stock of the company. Mr. Jones says he has been offered three times as much as the sum mentioned, but that the paper is not for sale at any price.

The widow and children of the late President Barrios, of Guatemala, will sail for San Francisco this week, and then probably a complete account will be obtained of the ambitious General's fall. Mrs. Barrios' parents live in San Francisco, and she will make that city her home. It is said that President Barrios settled upon her and her children a fortune in real estate valued at \$8,000,000.

An interesting letter from Honolulu in a recent number of *Broadstreet's* states that an iron or steel boiler for the sugar plantations can be imported from Scotland, paying a duty of 10 per cent., for about 33 per cent. less than one can be imported from San Francisco duty free. Transportation accounts, perhaps, for some of this difference, but enough is left to throw a strong light on the effect of our high protective tariff upon those home industries, which seek a foreign market.

The President has had a very free conference with prominent Democrats over the question of appointments. The New York *Graphic's* Washington correspondent says: "He emphatically renewed his civil service declarations, but added, also, that the Federal offices in the several States would all be filled as they fell in or proper cause for removal was found to exist by citizens who are in line with the Administration. The President said the party would be satisfied and the non-partisan public also. There were far more important reasons, he declared, for deliberation than there were for haste. It is just probable that if Congressmen and others would go home as early as possible the work involved in the changes needed would proceed more rapidly than is now the case."

### Military Convention.

A meeting of delegates from the several companies composing the Second Regiment N. C. S. G. was held at the armory of the Wilmington Light Infantry at 10 o'clock this forenoon, when the following companies were represented:

Fayetteville Independent Light Infantry, represented by Sergt. Ed Pemberton.

Shoe Heel Rifles, by Capt. W. S. Black.

Sampson Light Infantry, by Lt. J. T. Murphy and Sergt.—Patrick.

Wilmington Light Infantry, by Col. J. L. Cantwell and Lts. F. A. Lord and F. M. Meares.

Capt. W. S. Black was called to the chair and Sergt. Patrick was made secretary.

The object of the meeting was to adopt a uniformity in the dress of the different companies of the regiment and several alterations were adopted to accomplish that object.
